Graywind GW-QZYM-TH00

Graywind Motorized Roller Shade Blinds User Manual

Model: GW-QZYM-TH00

INTRODUCTION

Thank you for choosing Graywind Motorized Roller Shade Blinds. This manual provides comprehensive instructions for the installation, operation, and maintenance of your new smart shades. Designed for convenience and privacy, these shades integrate seamlessly into modern smart homes and offices.

SAFETY INFORMATION

- Keep out of reach of children and pets. The cordless design enhances safety.
- Do not attempt to disassemble or repair the motor or internal components. Contact customer support for assistance.
- Ensure the power source matches the product specifications before connecting.
- Avoid exposing the shades to extreme temperatures or direct moisture, despite being waterproof.
- Do not hang heavy objects on the shades or pull the fabric forcefully.

PACKAGE CONTENTS

- Smart blinds with motor
- Remote Controller (optional)
- Mounting Hardware
- User Manual
- Valance (optional)

SETUP & INSTALLATION

Proper measurement and installation are crucial for optimal performance. Refer to the following guidelines and videos.

Measuring Your Windows

Accurate measurements ensure a perfect fit. Measure the width and height of your window opening in three places (top, middle, bottom) and use the smallest measurement for width and height. For inside mount, also measure the frame depth.

New Designed AEOLUS® Remote

Ergonomic Design

Various Usage

Mounting the Shades

Whether you choose inside or outside mount, ensure the mounting brackets are securely fastened. Use the provided screws and anchors appropriate for your wall material. The shades are designed for easier installation.

MEASUREMENT

⚠ IMPORTANT

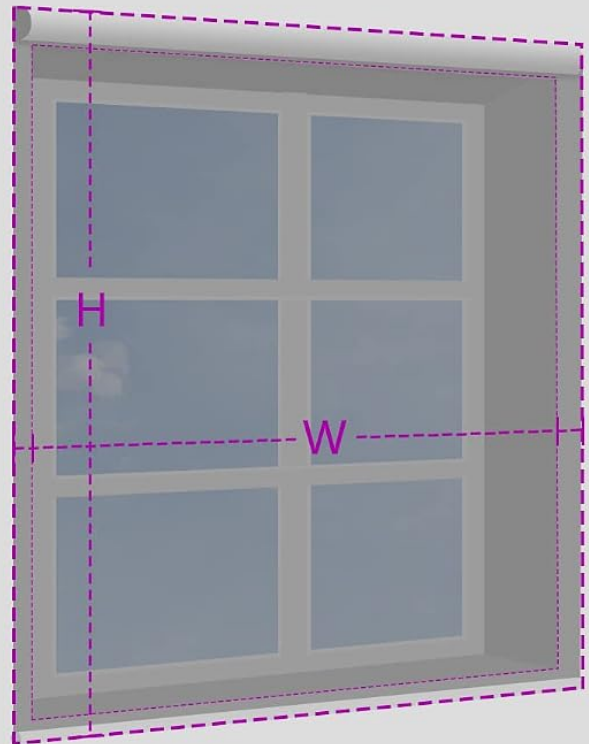

INSIDE MOUNT

product Width (**W**) = Order Width-0.1"
Order Height (**H**) = product Height
window depth (**D**) ≥ 1.87"/4.7cm

* When the depth of window frame is less than 2 3/4", the valance will extend beyond the window frame.

OUTSIDE MOUNT

Order Width (**W**) = Window Width + 1-6"

Order Height (**H**) = Window Height + 1-6"

* Please increase the width and height of the window frame based on your use environment and shading requirements.

NOTE: Please DO NOT measure the size of fabric!

59" Extension Cords
(Extension Cord Optional)

OPERATING INSTRUCTIONS

Your Graywind motorized shades offer multiple control options for convenience.

Remote Control

The 15-channel timing remote allows for individual or group control of up to 15 shades. It also supports setting favorite positions and timing schedules.

All-in-one hub

You must have a hub/device which is Matter Controller with Thread Border Router functionality.

 Simplicity

 Interoperability

 Cutting-edge connectivity

 Secure & Privacy

- Apple TV 4K (3rd gen,128 GB)
- Apple TV 4K (2nd gen)
- HomePod (2nd gen)
- HomePod mini

- SmartThings Hub v3(Aeotec)
- SmartThings Station

- Echo (4th generation)

- Nest Hub (2nd gen)
- Nest Hub Max
- Nest Wifi Pro

MAINTENANCE

To keep your Graywind shades in excellent condition, follow these care instructions:

- **Spot Clean Only:** For vinyl fabric, use a damp cloth to gently wipe away dust or stains.
- **Dusting:** Regularly dust the shades with a soft cloth or feather duster.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh detergents, as they may damage the fabric or motor.

Video: Guide on how to clean Graywind window shades and blinds.

TROUBLESHOOTING

If you encounter any issues, try the following solutions:

Problem	Possible Cause	Solution
Shade not responding to remote/app	Low battery, remote not paired, motor issue.	Charge the motor. Re-pair the remote. Check app connection.
Shade not moving smoothly	Obstruction, fabric misalignment.	Check for obstructions. Gently guide fabric back into alignment.
Voice control not working	Incorrect device name, hub not connected (for Bluetooth), device not discovered.	Ensure correct device name in app. Verify hub connection. Ask Alexa/Google to discover devices.
