## Tribit BTS30

# Tribit StormBox Bluetooth Speaker User Manual

Model: BTS30

## INTRODUCTION

The Tribit StormBox Bluetooth Speaker is engineered to deliver an immersive audio experience with 360-degree surround sound and enhanced bass. Designed for portability and durability, this speaker features IPX7 waterproofing, making it suitable for various environments. It offers extended playtime and versatile connectivity options to integrate seamlessly with your devices.

## PRODUCT OVERVIEW

The Tribit StormBox provides clear highs, detailed mids, and resonating bass. Its specialized XBass technology allows for a quick boost of bass. The speaker is IPX7 waterproof, capable of withstanding submersion in water up to 3 feet deep for 30 minutes. With a 2600mAh rechargeable Li-ion battery, it offers up to 20 hours of continuous playtime. Advanced Bluetooth 4.2 technology ensures effortless connection to smart assistants and various Bluetooth-enabled devices. A 3.5mm audio jack is also included for wired connections.

## SETUP

---

### Charging the Speaker

Before initial use, fully charge your Tribit StormBox speaker. The speaker is equipped with a 2600mAh rechargeable Li-ion battery. Charging time is approximately 4 hours. Use the provided micro-USB cable to connect the speaker to a power source. The charging port is located under a protective flap to ensure waterproofing.

# Premium XBass Technology

Bump out extra bass  
with dual passive bass radiators.

## Bluetooth Pairing

1. Power on the speaker by pressing and holding the power button until the indicator light flashes.
2. The speaker will automatically enter Bluetooth pairing mode, indicated by a flashing blue light.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select 'Tribit StormBox' from the list to connect. A solid blue light indicates a successful connection.

## Wireless Dual Pairing (TWS)

For an enhanced stereo experience, you can pair two Tribit StormBox speakers wirelessly:

1. Ensure both Tribit StormBox speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker, press and hold the Bluetooth button for 3 seconds to enter TWS pairing mode.
3. The speakers will automatically connect to each other. Once connected, the indicator light on the primary speaker will flash blue, and the secondary speaker will show a solid blue light.
4. Connect your device to the primary speaker via Bluetooth as described above.

## OPERATING INSTRUCTIONS

---

### Basic Controls

- **Power On/Off:** Press and hold the power button.
- **Volume Up:** Press the '+' button.
- **Volume Down:** Press the '-' button.
- **Play/Pause:** Press the 'O' button.
- **Next Track:** Double-press the 'O' button.
- **Previous Track:** Triple-press the 'O' button.
- **Activate XBass:** Press the 'XBass' button to toggle enhanced bass on/off.

### Voice Assistant

The Tribit StormBox supports voice assistant integration. Once connected to your smartphone, press the dedicated voice assistant button (often indicated by a microphone icon or similar) to activate your device's smart assistant (e.g., Amazon Alexa, Google Assistant, Siri).

### Auxiliary Input

For devices without Bluetooth, connect using a 3.5mm audio cable to the AUX port located under the protective flap. The speaker will automatically switch to AUX mode.

## MAINTENANCE

---

### Waterproofing

The Tribit StormBox is IPX7 waterproof, meaning it can be submerged in water up to 1 meter (3 feet) for 30 minutes. Ensure the charging port and AUX port protective flap is securely closed before exposing the speaker to water. After exposure to water, dry the speaker thoroughly before charging.

Figure 5: The Tribit StormBox speaker is completely waterproof, suitable for use near water.

## Cleaning

Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure the speaker is dry before storing or charging.

## Charging Precautions

Do not charge the speaker under an inappropriate voltage. Always use the provided charging cable and a compatible power adapter. Avoid charging in wet conditions.

## TROUBLESHOOTING

- **Speaker not turning on:** Ensure the battery is charged. Connect to a power source and try again.
- **Unable to pair via Bluetooth:** Make sure the speaker is in pairing mode (flashing blue light). Check that Bluetooth is enabled on your device and that the speaker is within range (up to 66 feet). Forget previous pairings on your device and try again.
- **No sound or low volume:** Adjust the volume on both the speaker and your connected device. Ensure the speaker is not muted. If using AUX, check the cable connection.
- **Sound distortion:** Reduce the volume on both the speaker and your device. Ensure the speaker is not too far from your Bluetooth device.
- **TWS pairing issues:** Ensure both speakers are fully charged and not connected to any other device. Follow the TWS pairing instructions carefully.

## SPECIFICATIONS

Feature	Detail
Model Name	BTS30
Speaker Type	Outdoor
Connectivity Technology	Wireless (Bluetooth)
Wireless Communication Technology	Bluetooth
Bluetooth Range	66 Feet (20.12 Meters)
