

Verilux VT43WW3

Verilux HappyLight Luxe User Manual

Model: VT43WW3 | Brand: Verilux

1. INTRODUCTION

The Verilux HappyLight Luxe is a light therapy lamp designed to deliver up to 10,000 Lux of UV-Free, LED, full-spectrum light. This device aims to support well-being by improving sleep, boosting mood, increasing energy, and enhancing focus. It features adjustable brightness levels, color temperature options, and a programmable countdown timer for a personalized experience.

2. IMPORTANT SAFETY INFORMATION

Please read all instructions before using the HappyLight Luxe. Keep this manual for future reference.

- Do not immerse the device in water or other liquids.

- Do not use if the power cord or plug is damaged.
- Keep out of reach of children.
- Consult a healthcare professional before use if you have any pre-existing medical conditions, especially eye conditions or light sensitivity.
- Avoid direct, prolonged eye contact with the light source.
- Use only with the provided power adapter.

Note: Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition. This product is a light therapy device.

3. PACKAGE CONTENTS

- Verilux HappyLight Luxe Light Therapy Lamp
- Detachable Stand
- Power Adapter
- User Manual

4. SETUP

- 1. Unpack:** Carefully remove all components from the packaging.
- 2. Attach Stand:** Insert the detachable stand into the slot on the back of the HappyLight Luxe until it clicks securely into place. The stand allows for upright positioning.
- 3. Wall Mount (Optional):** The detachable stand can also be used as a wall mount. Secure the stand to a wall using appropriate hardware (not included), then slide the HappyLight Luxe onto the mounted stand.
- 4. Connect Power:** Plug the power adapter into the DC input port on the back of the lamp, then plug the adapter into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

The HappyLight Luxe features intuitive touch controls located at the bottom of the device.

5.1 Power On/Off

- Press the power button (usually the leftmost button) on the top edge of the device to turn the lamp on or off.

5.2 Adjusting Brightness

- The HappyLight Luxe offers 4 brightness levels.
- Press the brightness control button (often indicated by a sun or light icon) to cycle through the available brightness settings.

5.3 Changing Color Temperature

- Choose from 3 HappyHue color temperature options (e.g., warm white, natural white, cool white).
- Press the color temperature button (often indicated by a rainbow or color spectrum icon) to switch between the different hues.

Figure 4: Close-up of the HappyLight Luxe demonstrating different light color temperatures (warm, natural, cool) and indicating adjustable brightness levels.

5.4 Using the Countdown Timer

- The convenient countdown timer is programmable up to 1 hour, in 5-minute increments.
- Press the timer button (often indicated by a clock icon) repeatedly to set your desired session duration. The light will automatically turn off after the set time.

Figure 5: A hand interacting with the countdown timer button on the HappyLight Luxe, highlighting its programmable timer function.

5.5 Recommended Usage

- Position the lamp approximately 6-24 inches from your face.
- Angle the light so it shines towards your eyes, but not directly into them.
- Start with shorter sessions (e.g., 15-20 minutes) and gradually increase duration as needed, up to 60 minutes.
- Use daily, preferably in the morning, to help regulate your circadian rhythm.

BRING DAYLIGHT INDOORS

Light therapy stimulates the body's hormones to improve well-being.

6. MAINTENANCE

- **Cleaning:** Ensure the device is unplugged before cleaning. Wipe the surface with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store the HappyLight Luxe in a cool, dry place when not in use.

7. TROUBLESHOOTING

- **Device not turning on:** Ensure the power adapter is securely plugged into both the lamp and a working electrical outlet. Check if the outlet is functional.
- **Light flickering:** Unplug the device, wait a few minutes, and plug it back in. If flickering persists, contact customer support.
- **Buttons unresponsive:** Unplug the device and plug it back in to reset. Ensure your hands are clean and dry when operating touch controls.
