YINUO LIGHT Scented Candle Gift Set Instruction Manual

Models: HGJD4PACK (Fig, Lemon, Spring, Lavender)

1. INTRODUCTION

Thank you for choosing the YINUO LIGHT Scented Candle Gift Set. This set includes four beautifully designed soy wax candles, each offering a unique aroma: Fig, Lemon, Spring, and Lavender. These candles are crafted to enhance your home environment with captivating fragrances and a warm ambiance. Please read this manual carefully before first use to ensure safe and optimal enjoyment of your candles.

2. PRODUCT FEATURES

- **Classic Bohemian Design:** Hand-painted tin candles with artistic patterns, adding a vibrant touch to any decor.
- **Four Calming Aromas:** Includes Fig, Lemon, Spring, and Lavender scents, designed for calm, freshness, and relaxation.
- **Long-Lasting & Clean Burn:** Made from 100% natural soy wax and lead-free cotton wicks, each candle burns evenly for up to 30 hours (120 hours total for the set) with minimal smoke.
- **Artistic Home Decor & Gift-Ready:** Each tin serves as stylish decor and the set comes in beautiful packaging, suitable for various occasions.
- **Versatile Use:** Ideal for aromatherapy, home fragrance, relaxation, spa settings, and as thoughtful gifts.

3. SAFETY INFORMATION

WARNING: To prevent fire and serious injury, always follow these safety guidelines.

- Keep away from flammable materials.
- Never leave a burning candle unattended.
- Keep out of reach of children and pets.
- Place candle on a stable, heat-resistant surface.

- Burn no more than 4 hours at a time.
- Trim wick to 1/4 inch before every lighting.
- Remove all match and wick debris before lighting.
- Discontinue use when 1/2 inch of wax remains to prevent damage to the container or surface.

4. SETUP

1. **Unpack:** Carefully remove the candles from their gift box. Each candle is housed in a decorative tin.
2. **Wick Preparation:** Before the first burn, and every subsequent burn, ensure the wick is trimmed to approximately 1/4 inch (0.6 cm). A shorter wick helps prevent excessive smoking and ensures a cleaner burn.
3. **Placement:** Choose a flat, stable, and heat-resistant surface away from drafts, vents, and any flammable objects. Ensure there is adequate clearance above and around the candle.

5. OPERATING INSTRUCTIONS

1. **Lighting the Candle:** Use a long match or lighter to ignite the trimmed wick. Ensure the flame is steady before leaving the candle.
2. **First Burn:** For the first burn, allow the candle to burn until the entire surface of the wax has melted and formed a liquid pool, reaching the edges of the tin. This typically takes 2-4 hours and helps prevent tunneling, ensuring an even burn for future uses.
3. **Subsequent Burns:** Do not burn the candle for more than 4 hours at a time. Burning for shorter durations (e.g., 2-3 hours) is often ideal. Always allow the wax to cool and harden completely before relighting.
4. **Extinguishing the Flame:** To extinguish the candle, gently place the lid back onto the tin. This safely smothers the flame without producing smoke or a strong odor.

6. MAINTENANCE

1. **Wick Trimming:** Always trim the wick to 1/4 inch (0.6 cm) before each use. A properly trimmed wick ensures a clean, even burn and prevents excessive soot.
2. **Cleanliness:** Keep the wax pool free of wick trimmings, matches, and any other foreign matter.
3. **Tin Reuse:** Once the candle has completely burned down, the decorative tins can be cleaned and reused for small storage or as decorative items.

7. TROUBLESHOOTING

- **Tunneling:** If your candle is tunneling (burning down the center, leaving wax on the sides), ensure you allow the wax pool to reach the edges of the tin during the first burn and subsequent burns.
- **Low Scent Throw:** If the scent is not strong enough, ensure the candle is burning in a draft-free area and has had sufficient time to form a full wax pool.

- **Excessive Smoke:** Trim the wick to 1/4 inch before each use. A long wick can cause excessive smoke and soot.
