In every pair of Dobble cards, there is always one and only one matching symbol. The objective is to be the quickest to spot and name this common symbol to win the round.

OPERATING (HOW TO PLAY)

Harry Potter Dobble is a game of speed, observation, and reflexes. The core mechanic involves identifying the single matching symbol between two cards. The game includes 5 different variants, each offering a unique twist on this core concept.

Core Gameplay Principle

Regardless of the game variant, the fundamental rule remains: find the identical symbol between two cards faster than your opponents. Once you spot a match, loudly name the symbol and perform the action specified by the game variant (e.g., take the card, discard a card, etc.).

Game Variants

The included rulebook provides detailed instructions for each of the 5 game variants. These variants offer diverse ways to play, ensuring replayability and varied challenges. We recommend reading through the rulebook to understand the specific rules, objectives, and scoring for each variant.

MAINTENANCE

To ensure the longevity and optimal condition of your Harry Potter Dobble game, please follow these maintenance guidelines:

- **Storage:** Always store the cards and rulebook inside the provided travel tin when not in use. This protects them from dust, moisture, and damage.
- **Cleaning:** If cards become dirty, gently wipe them with a soft, dry cloth. Avoid using water or chemical cleaners, as these can damage the card material and printing.
- **Handling:** Handle cards with clean, dry hands to prevent smudges and wear. Avoid bending or creasing the cards.
- **Environment:** Keep the game away from direct sunlight, extreme temperatures, and high humidity to prevent warping or fading.

TROUBLESHOOTING

If you encounter any issues while playing Harry Potter Dobble, consider the following:

- **Missing Components:** If any components are missing upon opening, please contact Asmodee customer support for assistance.
- **Difficulty Spotting Symbols:** Dobble is a game of observation. Practice improves recognition speed. Ensure good lighting conditions during play.
- **Disputes Over Matches:** In case of disagreement on a match, the player who correctly named the symbol first and performed the action typically wins the card. For specific variant rules, consult the included rulebook.
- **Damaged Cards:** If cards become significantly damaged, they may affect gameplay. Consider replacing the game if damage is extensive.
