Yaheetech 139cm Multi-Level Cat Tree Instruction Manual

Model: 593122

INTRODUCTION

Thank you for choosing the Yaheetech 139cm Multi-Level Cat Tree. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new cat tree. Please read these instructions carefully before assembly and retain them for future reference.

Image: The Yaheetech 139cm Multi-Level Cat Tree, featuring multiple platforms, scratching posts, and two enclosed condos, designed for cat activity and rest.

SAFETY INSTRUCTIONS

- Keep away from fire and other heat sources.
- Ensure all screws and connections are tightened securely during assembly to prevent instability.
- Utilize the included anti-tip strap to secure the cat tree to a wall, especially if you have active or multiple cats.
- Regularly check for loose parts or wear and tear, and tighten or replace as necessary.

- Do not allow children to climb or play on the cat tree.

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. Refer to the assembly video for visual guidance on identifying parts.

Key Components:

- Baseboard(s)
- Multi-level platforms
- Enclosed cat condos (nests)
- Sisal-wrapped scratching posts
- Soft plush covering
- Hanging pom-pom toys

- Ramp
- Anti-tip strap and wall anchor
- Assembly hardware (screws, bolts, Allen wrench)

SETUP INSTRUCTIONS

Follow these steps for assembling your Yaheetech Cat Tree. For a visual guide, please watch the official installation video below.

Video: Official Yaheetech installation guide demonstrating step-by-step assembly of the cat tree, including attaching posts, platforms, and condos.

General Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Refer to the parts list (if included in physical manual) and the video to identify each piece.
2. **Assemble Base Section:** Attach the initial scratching posts and support pillars to the main baseboard using the provided screws and Allen wrench. Ensure all connections are tight.
3. **Construct Condos/Nests:** Assemble the enclosed cat condos by screwing the top and bottom panels to the side walls.
4. **Attach Platforms and Levels:** Gradually build upwards, attaching platforms and additional scratching posts. Ensure each level is securely fastened before proceeding to the next.
5. **Install Hanging Toys and Ramp:** Attach the pom-pom toys and the ramp to their designated locations.
6. **Secure Anti-Tip Strap:** Locate the anti-tip strap and securely fasten one end to the cat tree and the other to a sturdy wall stud using the provided wall anchor. This is crucial for stability.
7. **Final Check:** Inspect all connections to ensure they are tight and the structure is stable.

OPERATING INSTRUCTIONS

The Yaheetech Cat Tree is designed to provide a stimulating and comfortable environment for your cats. Encourage your cats to explore and utilize all features.

- **Scratching Posts:** The sisal-wrapped posts are ideal for satisfying your cat's natural scratching instincts, helping to protect your furniture.
- **Condos/Nests:** The enclosed spaces offer secure and cozy spots for your cats to rest, sleep, or observe their surroundings.
- **Platforms and Perches:** Multiple levels allow cats to climb, jump, and perch at different heights, providing vantage points and exercise opportunities.
- **Hanging Pom-poms:** These interactive toys provide entertainment and encourage playful activity. They can be replaced with your cat's favorite toys if desired.
- **Ramp:** The corrugated ramp facilitates easy access to different levels, especially for younger or older cats.

MAINTENANCE

Proper maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Spot Cleaning:** Clean spots and spills immediately with a damp cloth and mild pet-safe detergent. Avoid excessive moisture.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust. A small brush attachment can be effective.

- **Removable Parts:** The top bed is designed to be easily removed for cleaning. It can be hand-washed or machine-washed on a gentle cycle.
- **Sisal Posts:** Inspect sisal posts for fraying. While durable, heavily used posts may eventually need replacement.
- **Hanging Toys:** The hanging pom-poms are replaceable. Check them periodically for damage and replace if necessary to prevent choking hazards.

TROUBLESHOOTING

If you encounter any issues with your cat tree, refer to the following common solutions:

- **Instability/Wobbling:**
 - Ensure all screws are tightened. Over time, screws may loosen due to cat activity.
 - Verify the anti-tip strap is correctly installed and secured to a wall.
 - Check that the cat tree is placed on a flat, even surface.

- **Loose Parts:**

- Regularly inspect all components. If any part becomes loose, re-tighten it immediately.
- If a part is damaged, contact customer support for potential replacement.

- **Cats Not Using the Tree:**

- Place the tree in a prominent location where your cat enjoys spending time.
- Use catnip or treats to encourage exploration.
- Play with your cat on or around the tree to associate it with positive experiences.

SPECIFICATIONS
