## Bestway 58612

# Bestway Gazebo for Round Pools (Model 58612) Instruction Manual

Model: 58612 | Dimensions: 600 x 295 cm

## INTRODUCTION

This instruction manual provides essential information for the safe and effective setup, operation, and maintenance of your Bestway Gazebo for Round Pools. Please read this manual thoroughly before assembly and retain it for future reference. This gazebo is designed to provide sun and rain protection for round pools and spas up to 488 cm in diameter.

## IMPORTANT SAFETY INFORMATION

**Warning:** Do not use the product in strong winds or snowfalls. Keep the product away from open flames or high heat sources. Failure to follow these instructions can result in damage to the product or personal injury.

- Ensure all components are securely fastened during assembly and use.
- Regularly inspect the gazebo for any signs of wear or damage.
- Do not hang heavy objects from the frame.
- Always anchor the gazebo securely to the ground using the provided pegs or suitable alternatives.

## PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly:

- 1 x Gazebo structure and fabric cover
- 1 x Carry bag
- 16 x Pegs for anchoring
- Assembly poles and connectors

If any parts are missing or damaged, do not proceed with assembly. Contact Bestway customer support for assistance.

## SETUP INSTRUCTIONS

Assembly is required for this product. It is recommended that two or more adults assist with the setup process.

## Step 1: Site Selection

Choose a flat, level area for the gazebo, clear of any sharp objects or debris. Ensure there is sufficient space around your round pool or spa for the gazebo's dimensions (600 x 600 x 295 cm).

## Step 2: Unpack Components

Carefully remove all parts from the carry bag and lay them out. Identify all poles, connectors, fabric sections, and pegs.

## Step 3: Assemble the Frame

Connect the frame poles according to the diagrams provided in the manufacturer's detailed instructions (not included in this general manual). Ensure all connections are secure. The frame is made of aluminum.

**Image Description:** This image displays the Bestway Gazebo frame partially assembled, without its main top cover. The hexagonal structure is visible, along with the clear side panels, illustrating the foundational setup before the final roof is attached.

**Image Description:** A close-up view shows a person's hands securing a black pole into a fabric loop, demonstrating a step in the gazebo assembly process. This illustrates how the frame components are connected to the fabric structure.

#### Step 4: Attach the Fabric Cover

Drape the fabric cover over the assembled frame. Ensure the cover is correctly oriented, aligning the entrances and windows. The gazebo features a 2-ply design for sun and water protection.

**Image Description:** A fully assembled Bestway Gazebo for Round Pools is shown from an exterior perspective. It features a gray hexagonal roof and clear, transparent side panels, with the Bestway logo visible on the lower white section. This image represents the completed structure.

### Step 5: Secure the Gazebo

Use the provided 16 pegs to anchor the gazebo securely to the ground. Ensure all anchor points are taut to prevent movement, especially in light winds. Proper anchoring is crucial for stability.

**Image Description:** The Bestway Gazebo is shown in use, enclosing a round above-ground pool. A family is visible inside the pool, enjoying the water, while the clear side panels of the gazebo provide an unobstructed view and protection. This image demonstrates the gazebo's intended use and appearance when set up.

## OPERATING INSTRUCTIONS

---

The Bestway Gazebo is designed for sun and rain protection. It features 2 entrances and 8 windows for ventilation and access.

- **Entrances:** Utilize the zippered entrances for easy access to your pool or spa.
- **Windows:** The clear window panels allow for visibility and can be adjusted for airflow.
- **Weather Conditions:** While providing rain protection, the gazebo is not designed for heavy winds or snow. Disassemble or secure extra diligently during adverse weather.

**Image Description:** This image shows the Bestway Gazebo in use, with a family inside a pool. A woman is seen opening one of the zippered entrances, highlighting the accessibility and design of the gazebo's entry points. The gray roof and clear side panels are visible.

## MAINTENANCE

---

Proper maintenance will extend the lifespan of your gazebo.

- **Cleaning:** Clean the fabric cover with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Rinse thoroughly and allow to air dry completely before storage.
- **Inspection:** Periodically inspect the frame for any signs of corrosion or damage. Check fabric for tears or weak spots.
- **Storage:** When not in use for extended periods or during severe weather, disassemble the gazebo and store it in its carry bag in a dry, cool place, away from direct sunlight.

## TROUBLESHOOTING

---

- **Gazebo unstable in light wind:** Ensure all pegs are fully inserted and the fabric is taut. Consider using additional or heavier-duty anchoring stakes (not included) for increased stability.
- **Water pooling on roof:** Verify that the frame is correctly assembled and the fabric cover is properly tensioned to allow water runoff.

- **Difficulty with assembly:** Ensure all poles are correctly oriented and connected. Refer to the manufacturer's detailed assembly instructions. It is recommended to have at least two people for assembly.

## SPECIFICATIONS

---

Feature	Detail
<b>Brand</b>	Bestway
<b>Model Number</b>	58612
<b>Product Dimensions (L x W x H)</b>	600 x 600 x 295 cm (236.22" L x 236.22" W x 116.14" H)
