Hulaed ProStar

Hulaed ProStar Detecting Headphones User Manual

Model: ProStar | Brand: Hulaed

Introduction

The Hulaed ProStar Detecting Headphones are engineered for use with metal detectors, providing clear audio for target identification. These premium headphones feature rugged construction, water resistance, and individual volume controls for an optimized detecting experience.

What's in the Box

Upon unpacking your Hulaed ProStar Detecting Headphones, please ensure all components are present:

- Hulaed ProStar Detecting Headphones
- Integrated Coiled Audio Cable with 1/4" (6.35mm) Connector

Setup

1. **Connect to Metal Detector:** Locate the 1/4" (6.35mm) headphone jack on your metal detector. Insert the headphone's 1/4" connector firmly into this jack.

   Note: For Garrett waterproof detectors, a specific Garrett waterproof headphone jack adapter (#162600) is required and sold separately.

2. **Adjust for Comfort:** Place the headphones over your ears. Adjust the headband to ensure a snug yet comfortable fit. The

oversized earcups are designed for extended wear.

Operating Instructions

1. **Power On Metal Detector:** Ensure your metal detector is powered on and properly configured for detecting.
2. **Adjust Volume:** The ProStar headphones feature independent right and left ratcheting volume controls. Use these controls to set the audio level to your preference for each ear. This allows for precise sound balancing.
3. **Listen for Signals:** The 50 OHM Mylar speakers with titanium coating are designed to deliver crystal clear audio, helping you identify even the oldest and deepest targets. The headphones support mixed-mode audio, enhancing your ability to distinguish target signals.
4. **Cable Management:** The soft, coiled cord stretches to over 6 feet, providing ample length for movement while detecting without tangling.

Maintenance

- **Cleaning:** The headphones feature a water-resistant chassis. To clean, gently wipe the earcups and headband with a damp cloth. Avoid submerging the headphones in water. Do not use harsh chemicals or abrasive cleaners.
- **Cable Care:** Avoid sharp bends or excessive pulling on the coiled cable to prevent internal damage. When storing, allow the coil to naturally retract without forcing it.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

Problem	Possible Cause	Solution
No sound from headphones.	• Headphone connector not fully inserted. • Volume controls set to minimum. • Metal detector audio output off or too low. • Damaged cable or connector.	• Ensure the 1/4" connector is fully seated in the detector's jack. • Adjust both left and right volume controls on the headphones. • Check your metal detector's audio settings and master volume. • Inspect the cable and connector for visible damage. If damaged, contact support.
Distorted or unclear audio.	• Volume too high. • Poor connection. • Interference from external sources.	• Lower the volume using the headphone controls. • Reseat the headphone connector. • Move away from potential sources of electromagnetic interference.
Headphones feel uncomfortable.	• Headband not properly adjusted. • Earcups not positioned correctly.	• Adjust the headband to relieve pressure and ensure a balanced fit. • Reposition the earcups to fully cover your ears comfortably.

Specifications

Model Name	ProStar
Brand	Hulaed (Manufactured by White's)
Connectivity Technology	Wired
Headphones Jack	1/4 inch (6.35 mm) Jack
Impedance	50 Ohms
Audio Driver Type	Dynamic Driver
Ear Placement	Over Ear
Control Type	Volume Control (Ratcheting, Right and Left)
Cable Feature	Coiled, Stretches to Over 6 Feet
Water Resistance Level	Water Resistant Chassis
Material	Metal (for certain components)
Compatible Devices	Metal Detectors
Item Weight	1.12 pounds

Warranty and Support

For specific warranty details, please refer to the documentation included with your product at the time of purchase or contact the manufacturer directly.
If you encounter any issues not covered in the troubleshooting section, or require further assistance, please reach out to Hulaed customer support through their official channels.
