

Acoustic Audio by Goldwood DKBT1

Acoustic Audio by Goldwood DKBT1 Floating Duck Bluetooth Speaker Instruction Manual

Model: DKBT1

INTRODUCTION

The Acoustic Audio by Goldwood DKBT1 is a battery-powered, Bluetooth-enabled floating speaker designed for outdoor and water-related environments. It features an IP66 weather-resistant rating, multi-colored LED lighting, and a built-in amplifier. This manual provides instructions for setup, operation, and maintenance to ensure optimal performance and longevity of your speaker.

WHAT'S IN THE BOX

Please check the contents of your package to ensure all items are present:

- 1 x Powered Bluetooth Duck Speaker
- 1 x Light Effects Remote
- 1 x USB Battery Charge Cable
- 1 x Instruction Manual

SETUP

1. **Initial Charging:** Before first use, fully charge the speaker using the provided USB cable and a standard US 110V grounded wall plug. The charging time is approximately 5 hours.
2. **Placement:** The speaker is designed to float in water (e.g., pools, spas) or be placed in garden areas. Ensure it is placed in a stable location if not floating.

OPERATING INSTRUCTIONS

Power On/Off

- To power on the speaker, press and hold the power button located on the speaker or use the remote control.
- To power off, press and hold the power button again or use the remote control.

Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (usually indicated by a flashing LED light).
2. On your audio streaming device (smartphone, tablet, etc.), go to Bluetooth settings and search for available devices.
3. Select "DKBT1" from the list to pair. Once paired, the speaker will confirm with an audible tone or a solid LED light.
4. The Bluetooth range is approximately 10 meters (33 feet).

LED Light Control

The multi-colored LED lights can be controlled using the included remote control. Refer to the remote's buttons for changing colors, modes (e.g., flashing), and brightness.

Image: The DKBT1 duck speaker floating in a pool, emitting a soft blue LED light, showcasing its waterproof and floating capabilities.

MAINTENANCE

- **Cleaning:** Wipe the speaker with a soft, damp cloth. Avoid abrasive cleaners or solvents.
- **Water Resistance:** The speaker has an IP66 rating, meaning it is protected against powerful water jets and is dust-tight. It is suitable for floating in pools but should not be submerged for extended periods.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge the speaker when the battery is low.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Solution
Speaker does not power on.	Ensure the battery is charged. Connect the speaker to a power source using the USB cable and allow it to charge for at least 30 minutes before attempting to power on again.
Cannot pair via Bluetooth.	<ul style="list-style-type: none">• Ensure the speaker is in pairing mode.• Check that Bluetooth is enabled on your device.• Move your device closer to the speaker (within 10 meters).• Forget the device "DKBT1" from your device's Bluetooth settings and try pairing again.
No sound or low volume.	<ul style="list-style-type: none">• Increase the volume on both the speaker and your connected device.• Ensure the speaker is properly paired with your device.• Check for any obstructions between the speaker and your device.

Problem	Solution
LED lights are not working.	Ensure the remote control battery is functional and that the remote is pointed directly at the speaker. Check if the speaker is powered on.

SPECIFICATIONS

Model Name: DKBT1

Brand: Acoustic Audio by Goldwood

Speaker Type: Woofer

Special Features: Waterproof, Floating, LED Lights, Remote Control

Connectivity Technology: Bluetooth

Wireless Communication Technology: Bluetooth

Bluetooth Range: 10 Meters

Power Source: Battery Powered

Speaker Maximum Output Power: 50 Watts

Woofer Diameter: 3 Inches

Frequency Response: 70Hz-20kHz

Water Resistance Level: IP66 (Waterproof)

Material: PE Plastic, Polypropylene

Product Dimensions (H x W x D): 10.75" x 13" x 13.5"

Item Weight: 3.19 pounds

Battery: 1 Lithium Ion battery required

Charging Time: 5 Hours

Play Time: 5 Hours

Input Voltage (for charging adapter): 110 Volts
