## 2. SETUP AND ASSEMBLY

This product requires professional assembly. A carpenter will be provided by the seller to ensure correct and secure installation. Please ensure the assembly area is clear and sufficient space is available for the wardrobe's dimensions.

- **Product Dimensions:** Length (180.2 cm), Width (53 cm), Height (203 cm).
- **Primary Material:** Engineered Wood.
- **Mounting Type:** Freestanding, Floor Mount.

### 3. OPERATING INSTRUCTIONS

The Quadro wardrobe features four swing doors, two of which are equipped with mirrors. The doors open outwards to reveal various storage compartments.

- **Doors:** Gently pull the handles to open the doors. Ensure doors are fully closed when not in use to protect contents from dust. The mirrored doors provide convenience for dressing.
- **Drawers:** The two bottom drawers slide smoothly on their runners. Pull the handles to open and push firmly to close. Avoid overloading drawers to maintain smooth operation.
- **Shelves:** The wardrobe includes multiple fixed shelves for folded clothes, accessories, or storage boxes. Distribute weight evenly across shelves.
- **Hanging Rod:** Utilize the integrated hanging rod for garments that require hanging, such as shirts, dresses, and coats.

## 4. CARE AND MAINTENANCE

---

Proper care will extend the life and appearance of your wardrobe.

- **Cleaning:** Wipe the surfaces with a dry, soft cloth. For stubborn marks, a slightly damp cloth followed immediately by a dry cloth can be used. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the melamine finish.
- **Mirrors:** Clean mirrors with a standard glass cleaner and a soft, lint-free cloth.
- **Placement:** Position the wardrobe away from direct sunlight and extreme temperature changes to prevent warping or fading.
- **Stability:** Periodically check all screws and fittings to ensure they remain tight. Retighten if necessary to maintain structural integrity.

## 5. TROUBLESHOOTING

---

If you encounter any issues with your wardrobe, consider the following:

- **Doors not closing properly:** Check if the wardrobe is on a level surface. Uneven flooring can cause doors to misalign. Adjust the leveling feet if present, or place shims under the base. Also, inspect hinges for any loose screws and tighten them.
- **Drawers sticking or not sliding smoothly:** Ensure drawers are not overloaded. Check the drawer runners for any obstructions or damage. Verify that the runners are correctly installed and aligned.
- **Wardrobe instability:** This is often due to loose assembly. Recheck all connection points and tighten screws. Ensure the wardrobe is placed against a wall for added stability.
- **Damaged components:** If any part arrived damaged or becomes damaged during use, refer to the warranty information for replacement options.

For complex issues or if troubleshooting steps do not resolve the problem, please contact Home Centre customer support.
