Sluban M38-B0737

Sluban M38-B0737 Space Mars Rover Building Blocks Instruction Manual

Model: M38-B0737 | Brand: Sluban

Introduction

This manual provides essential information for the assembly, operation, and maintenance of your Sluban M38-B0737 Space Mars Rover building block set. Please read these instructions carefully before beginning assembly to ensure correct construction and safe use of the product.
The Sluban M38-B0737 set allows you to construct a detailed Space Mars Rover model, consisting of 354 plastic pieces. This set is designed to enhance dexterity, creative thinking, motor skills, building skills, and sorting skills.

Safety Information

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Recommended Age:** Suitable for ages 6 years and up. Adult supervision is recommended during assembly for younger children.
- Keep all packaging materials away from children to prevent suffocation.
- Do not put building blocks in your mouth.
- Inspect all pieces before assembly for any damage. Do not use damaged parts.

Package Contents

Your Sluban M38-B0737 Space Mars Rover set includes:

- 354 plastic building block pieces.
- A colored instruction booklet for assembly.
- Additional accessories as depicted on the packaging.

Assembly Instructions

Assembly of the Sluban M38-B0737 Space Mars Rover is required. Please follow the detailed, step-by-step instructions provided in the included colored instruction booklet.

1. **Unpack:** Carefully open the package and sort the building blocks by color or shape as suggested in the instruction booklet.
2. **Follow the Booklet:** Refer to the colored instruction booklet for visual and textual guidance on connecting each piece. The booklet is available in German, English, and Dutch.
3. **Connect Pieces:** Ensure pieces are firmly connected. The blocks are designed to be fully compatible with pieces from other leading brands.
4. **Verify Steps:** Double-check each step before proceeding to the next to avoid errors.
5. **Final Inspection:** Once assembly is complete, ensure all parts are securely attached and the model is stable.

If you encounter any difficulties, refer to the instruction booklet or contact customer support.

Operating Instructions

The Sluban M38-B0737 Space Mars Rover is a static building model designed for display and imaginative play. It operates manually and does not require batteries or external power sources.

- Once assembled, the model can be moved manually.

- The various components, such as the rover's arm or antennas, may have limited articulation for posing.
- This product is intended for indoor use.

Maintenance

To ensure the longevity and appearance of your Sluban M38-B0737 Space Mars Rover:

- **Cleaning:** Wipe the model gently with a dry, soft cloth to remove dust. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the assembled model with care to prevent pieces from detaching.

Troubleshooting

Most issues with building block sets relate to assembly. If you encounter problems:

- **Missing Pieces:** Carefully check all packaging materials. If a piece is genuinely missing, contact Sluban customer support.
- **Loose Connections:** Ensure each piece is pressed firmly into place. Some pieces may require more pressure than others.
- **Incorrect Assembly:** Review the instruction booklet step-by-step to identify any missed or incorrectly placed pieces. Disassemble and reassemble the problematic section if necessary.
- **Compatibility:** Sluban blocks are designed to be compatible with other leading brands. If a piece from another brand does not fit, it may not be a genuine Sluban part or may have manufacturing variations.

Specifications

Feature	Detail
