SETUP

To enjoy the full 4K UHD experience, ensure you have the following equipment:

- **4K UHD Blu-ray Player:** A compatible player is required for 4K resolution playback.

- **4K UHD TV:** A television capable of displaying 4K resolution and High Dynamic Range (HDR) content.
- **High-Speed HDMI Cable:** Use an HDMI 2.0 or higher cable to connect your player to your TV for optimal signal transfer.
- **Immersive Audio System (Optional):** For Dolby Atmos audio, consult your retailer for compatible audio equipment.

Insert the 4K UHD disc into your compatible player. The player should automatically detect the disc and begin playback or present a menu.

OPERATING YOUR DISC

Disc Selection

This package includes two discs: a 4K UHD disc and a standard Blu-ray disc. The 4K UHD disc offers superior resolution and High Dynamic Range (HDR) for compatible systems. The Blu-ray disc is compatible with standard Blu-ray players.

Digital Code Redemption

A digital code is included for personal use by the recipient of this package. This code allows you to access the movie digitally via Movies Anywhere. Redemption requires prior acceptance of license terms and conditions. The code is subject to expiration after October 22, 2024.

- Visit MoviesAnywhere.com or RedeemDigitalMovie.com.
- Follow the on-screen instructions to enter your digital code.
- An iTunes version requires an iTunes account.

MAINTENANCE

To ensure the longevity and optimal performance of your discs:

- **Handling:** Always hold discs by their edges to avoid fingerprints on the playback surface.
- **Cleaning:** If a disc becomes dirty, gently wipe it with a soft, lint-free cloth from the center outwards. Do not use abrasive cleaners or solvents.
- **Storage:** Store discs in their original case, away from direct sunlight, extreme temperatures, and high humidity.
- **Avoid Scratches:** Do not bend discs or place heavy objects on them.

TROUBLESHOOTING

Disc Not Playing:

- Ensure the disc is clean and free of scratches or smudges.
- Verify that your player is compatible with 4K UHD Blu-ray discs (for the 4K disc) or standard Blu-ray discs (for the Blu-ray disc).
- Check that the disc is inserted correctly into the player.
- Restart your Blu-ray player and TV.

No 4K or HDR Picture:

- Confirm your TV and player both support 4K resolution and HDR.
- Ensure you are using a high-speed HDMI 2.0 or higher cable.
- Check your TV and player settings to ensure 4K/HDR output is enabled.

No Audio or Poor Audio Quality:

- Check all audio cable connections.
- Verify your audio receiver/soundbar settings are correct.
- For Dolby Atmos, ensure your audio system is compatible and properly configured.
