### Bialetti DCXIN00004/2

## Bialetti 25oz Stainless Steel Insulated Water Bottle

Model: DCXIN00004/2 | Brand: Bialetti

### INTRODUCTION

This manual provides essential information for the proper use and care of your Bialetti 25oz Stainless Steel Insulated Water Bottle. Designed for durability and performance, this double-layered vacuum insulated bottle keeps beverages cold for up to 24 hours and hot for up to 12 hours. It features a hermetic screw cap with a silicone gasket for leak-proof transport and is constructed from 18/8 premium food-grade stainless steel, ensuring it is BPA-free. The exterior remains cool to the touch with hot beverages and sweat-proof with cold, making it ideal for various activities.

Image: The Bialetti 25oz Stainless Steel Insulated Water Bottle in red, featuring a black straw, positioned on a desk next to a laptop and eyeglasses, illustrating its use in a typical setting.

## SETUP

- Initial Cleaning:** Before first use, wash all parts of the bottle (bottle body, cap, and straw) thoroughly with warm, soapy water. Rinse completely and allow to air dry.
- Filling:** Unscrew the cap and fill the bottle with your desired beverage. Do not overfill; leave approximately 1 inch (2.5 cm) of space from the top to allow for the cap and straw.
- Securing the Cap:** Screw the cap on tightly to ensure a hermetic seal and prevent leaks.

## OPERATING INSTRUCTIONS

- **Temperature Retention:**
  - For best results with hot beverages, pre-heat the bottle by filling it with hot water for 5-10 minutes before adding your drink.
  - For best results with cold beverages, pre-cool the bottle by filling it with cold water or ice for 5-10 minutes before adding your drink.
  - The double-layered vacuum insulation maintains cold temperatures for up to 24 hours and hot temperatures for up to 12 hours.
- **Drinking:** Use the integrated straw for convenient sipping. Ensure the cap is securely fastened after each use to maintain temperature and prevent spills.
- **Carrying:** The bottle is equipped with a nylon strap for easy and secure carrying.

**17oz • 500ML  
25oz • 750ML**

**COFFEE • TEA • WATER • SPIRITS • JUICE**

Image: A visual representation of the bottle's thermal performance, indicating it keeps drinks cold for 24 hours and hot for 12 hours, along with its available capacities of 17oz (500ml) and 25oz (750ml).

## MAINTENANCE AND CARE

- **Cleaning:** This bottle is **Hand Wash Only**. Do not place it in a dishwasher. Wash the bottle body, cap, and straw with warm, soapy water after each use. Use a bottle brush for thorough cleaning of the interior.
- **Drying:** Allow all components to air dry completely before reassembling or storing to prevent odor and mildew.
- **Storage:** Store the bottle with the cap off to allow for air circulation.
- **Avoid:** Do not use abrasive cleaners, scrubbers, or bleach, as these can damage the finish and insulation properties.
- **Ice:** While the opening is wide enough for most ice cubes, avoid forcing large ice cubes into the bottle as this may damage the interior.

# ECO-FRIENDLY PRODUCT

Image: A graphic emphasizing the Bialetti water bottle as an 'Eco-Friendly Product', shown alongside the red bottle.

## TROUBLESHOOTING

- Leaking:** Ensure the screw cap is tightened completely and the silicone gasket is properly seated within the cap. Check for any damage to the gasket or bottle threads.
- Poor Temperature Retention:** Verify that the cap is securely closed. For optimal performance, ensure the bottle is pre-heated or pre-cooled as recommended in the Operating Instructions. Extreme external temperatures can also affect retention.
- Odor:** If an odor develops, clean the bottle thoroughly with a mixture of baking soda and water, then rinse well. Ensure it is completely dry before storage.

## SPECIFICATIONS

Brand	Bialetti
Model Name	Bialetti Thermal Bottle
Model Number	DCXIN00004/2

<b>Capacity</b>	0.75 Liters (25.4 Ounces)
