# Beetel EP 09 Wired In-Ear Earphone with Mic

## User Instruction Manual

### 1. INTRODUCTION

---

Thank you for choosing the Beetel EP 09 Wired In-Ear Earphones. This manual provides essential information for the proper setup, operation, and maintenance of your new earphones. Please read this manual thoroughly before use to ensure optimal performance and longevity of the product.

### 2. SAFETY INFORMATION

---

- **Hearing Protection:** Avoid using earphones at high volume levels for extended periods to prevent hearing damage.
- **Environmental Awareness:** Do not use earphones in situations where the inability to hear ambient sounds could be dangerous, such as while driving, cycling, or walking in traffic.
- **Cleaning:** Clean the earphones regularly with a soft, dry cloth. Do not use liquid cleaners or aerosols.
- **Storage:** Store the earphones in a dry place, away from extreme temperatures and direct sunlight.
- **Disassembly:** Do not attempt to disassemble or modify the earphones. This will void the warranty and may cause damage.

### 3. PACKAGE CONTENTS

---

The Beetel EP 09 package includes the following items:

- Beetel EP 09 Wired In-Ear Earphone with Mic (1 unit)

Image: Overview of the Beetel EP 09 earphones, showing the earbuds, inline remote with microphone, and the 3.5mm audio jack.

## 4. PRODUCT OVERVIEW

---

The Beetel EP 09 earphones feature a classic in-ear design for comfortable listening and include an integrated microphone for hands-free communication.

## 5. SETUP

---

Setting up your Beetel EP 09 earphones is straightforward:

1. **Identify the Audio Jack:** Locate the 3.5mm audio jack on your smartphone, tablet, laptop, or other compatible audio device.
2. **Connect the Earphones:** Insert the 3.5mm connector of the Beetel EP 09 earphones firmly into the audio jack of your device. Ensure it is fully seated for proper audio output.
3. **Adjust Volume:** Once connected, play audio on your device and adjust the volume to a comfortable listening level using your device's volume controls.

## 6. OPERATING

The Beetel EP 09 earphones feature an inline remote with a microphone for convenient control of audio playback and calls.

### 6.1. Audio Playback Control

- **Play/Pause:** Press the button once to play or pause the current audio track.
- **Next Track:** Press the button twice quickly to skip to the next track.
- **Previous Track:** Press the button three times quickly to go back to the previous track.

### 6.2. Call Management

- **Answer/End Call:** Press the button once to answer an incoming call or end an active call.
- **Reject Call:** Press and hold the button for approximately 2 seconds to reject an incoming call.

## 7. MAINTENANCE

---

Proper maintenance ensures the longevity and performance of your earphones:

- **Cleaning Ear Tips:** Gently remove the silicone ear tips and wash them with mild soap and water. Ensure they are completely dry before reattaching.
- **Cleaning Earbuds:** Use a soft, dry, lint-free cloth to wipe the exterior of the earbuds. Do not use abrasive materials or harsh chemicals.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable. Store the earphones neatly to prevent tangling.
- **Moisture:** Keep the earphones away from water and excessive moisture. If they get wet, dry them thoroughly before use.

## 8. TROUBLESHOOTING

---

If you encounter issues with your Beetel EP 09 earphones, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No sound or sound from one side	Loose connection, incorrect device settings, damaged cable.	Ensure the 3.5mm jack is fully inserted. Check device volume. Test with another audio device. Inspect cable for damage.
Microphone not working	Device settings, incompatible device, dirty microphone port.	Check microphone settings on your device. Ensure your device supports inline microphone. Clean the microphone area gently.
Sound distortion or poor quality	Low quality audio source, damaged cable, dirty audio jack.	Try a different audio source. Clean the 3.5mm jack on your device. Ensure the cable is not damaged.
