AVerMedia Live Streamer Cam 313 (PW313) User Manual

Model: PW313

INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your AVerMedia Live Streamer Cam 313 (PW313) Full HD 1080P Webcam. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

WHAT'S IN THE BOX

- Live Streamer CAM 313 (PW313)
- Quick Guide

PRODUCT OVERVIEW

The AVerMedia Live Streamer Cam 313 (PW313) is a Full HD 1080P webcam designed for video conferencing, live streaming, and content creation. It features a privacy shutter, dual microphones, and a 360-degree swivel for versatile use.

Figure 1: Front view of the AVerMedia Live Streamer Cam 313 (PW313).

Figure 2: Back view of the webcam, showing the integrated tripod mount.

Figure 3: Key features including 2 built-in microphones, privacy shutter, flexible base, 360-degree swivel, and 1/4" tripod thread.

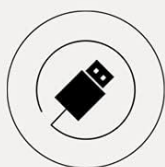

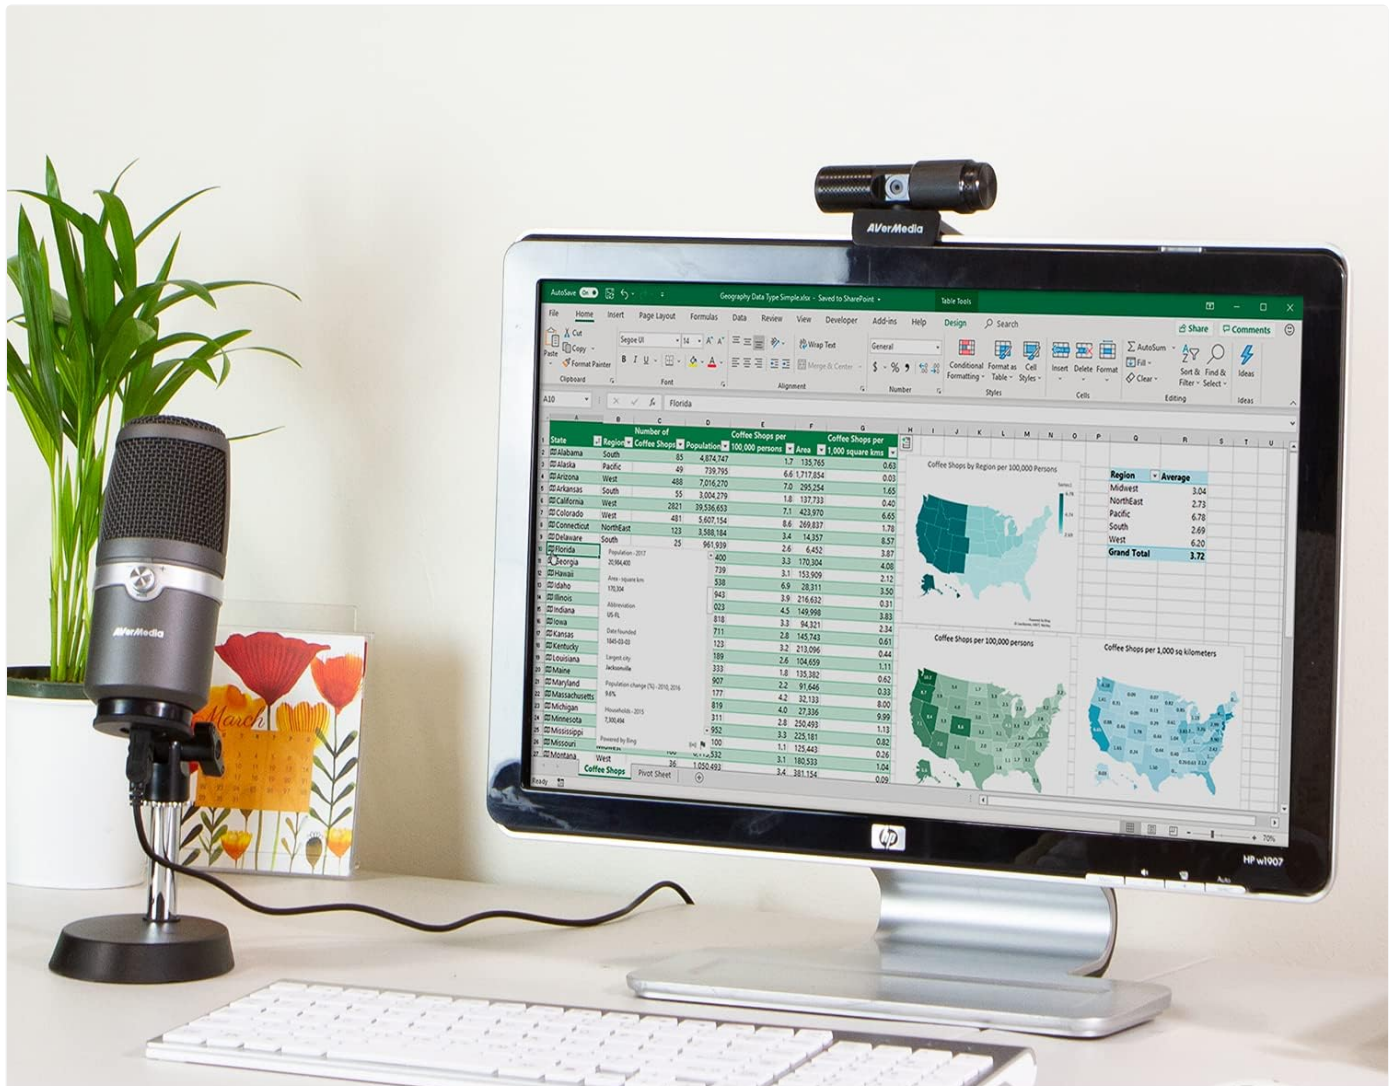

Key Features:

- **Full HD 1080p30 Video:** Records crisp, vibrant 1080p at 30 frames per second.
- **Dual Microphones:** Two built-in microphones capture clear audio.
- **Privacy Shutter:** Integrated physical shutter for privacy and lens protection.
- **360-Degree Swivel:** Allows for flexible camera positioning.
- **Flexible Mounting Clip:** Securely attaches to monitors, laptops, or stands.
- **Plug and Play USB:** No additional drivers required for basic functionality.
- **NDAA Compliant:** Meets specific government procurement standards.

SETUP

1. **Unpack the Webcam:** Carefully remove the AVerMedia Live Streamer Cam 313 (PW313) from its packaging.
2. **Mount the Webcam:**

- **On a Monitor/Laptop:** Open the flexible clip and place the webcam on top of your monitor or laptop screen. Adjust the clip to ensure it is stable and the camera is level.
 - **On a Tripod:** The webcam features a 1/4" tripod thread on its base. Attach it to a compatible tripod for alternative positioning.
3. **Connect to Computer:** Plug the USB cable from the webcam into an available USB port on your computer. The webcam is plug-and-play and should be automatically recognized by your operating system.
 4. **Install Optional Software (CamEngine):** For advanced settings, effects, and firmware updates, download and install the AVerMedia CamEngine software from the official AVerMedia website. While not required for basic operation, this software enhances functionality.

PLUG AND PLAY USB

Just plug the PW313 in and you're ready to go!

Figure 4: Connecting the webcam to a computer via USB for plug-and-play functionality.

OPERATING INSTRUCTIONS

1. Using the Privacy Shutter:

The webcam includes a built-in privacy shutter. Slide the shutter to the left to cover the lens when the camera is not in use, ensuring your privacy. Slide it to the right to uncover the lens for use.

PRIVACY SHUTTER

Show objects up close or when moving around with clarity.

Figure 5: Demonstrating the privacy shutter on the webcam.

2. Adjusting the Camera Angle:

The webcam features a 360-degree swivel design. You can rotate the camera horizontally to achieve the desired viewing angle without repositioning the entire unit.

Figure 6: Illustrating the 360-degree swivel capability of the webcam.

3. Using with Applications:

Once connected, select the "AVerMedia Live Streamer Cam 313" as your video and audio input device within your preferred video conferencing (e.g., Zoom, Microsoft Teams, Google Meet, Skype) or streaming software (e.g., OBS, XSplit, Streamlabs).

Figure 7: Webcam in use during a video conference, demonstrating its compatibility.

4. Microphone Usage:

The dual built-in microphones are omnidirectional and designed to capture clear audio. Ensure the webcam is positioned appropriately to capture your voice effectively.

2-BUILT-IN MICROPHONES

Capture and amplify your natural voice.

Figure 8: Highlighting the dual built-in microphones for audio capture.

MAINTENANCE

- **Cleaning the Lens:** Use a soft, lint-free cloth specifically designed for camera lenses to gently wipe the lens. Avoid using harsh chemicals or abrasive materials.
- **Cleaning the Body:** Wipe the webcam body with a soft, dry cloth. If necessary, a slightly damp cloth can be used, but ensure no moisture enters the device.
- **Storage:** When not in use for extended periods, store the webcam in a cool, dry place. Use the privacy shutter to protect the lens from dust and scratches.

TROUBLESHOOTING

If you encounter issues with your AVerMedia Live Streamer Cam 313 (PW313), please refer to the following common solutions:

Issue: Webcam is not recognized by the computer or application.

- Ensure the USB cable is securely connected to both the webcam and the computer.
- Try plugging the webcam into a different USB port.
- Restart your computer.
- Check your operating system's device manager to see if the webcam is listed.
- Verify that the webcam is selected as the input device in your application settings.

Issue: Poor image quality (grainy, dark, or washed out).

- **Lighting:** Ensure adequate and balanced lighting in your environment. The PW313 performs best with sufficient lighting; additional lighting is recommended in low-light conditions.
- **Software Settings:** If using the AVerMedia CamEngine software, adjust brightness, contrast, white balance, and other image settings.
- **Lens Cleanliness:** Ensure the lens is clean and free from smudges or dust.

Issue: Audio issues (no sound, unclear sound, background noise).

- Ensure the webcam's microphone is selected as the audio input device in your application settings.
- Check microphone volume levels in your computer's sound settings and within the application.
- The built-in microphones are omnidirectional and may pick up background noise. Consider using an external microphone in noisy environments if noise cancellation is critical.

Issue: Webcam is laggy or freezes.

- Ensure your computer meets the minimum system requirements for 1080p video processing.
- Close unnecessary applications to free up system resources.
- Try a different USB port, preferably a USB 3.0 port if available.
- Update your computer's USB drivers.

For further assistance, please visit the official AVerMedia support website.

SPECIFICATIONS

Brand	AVerMedia
Model Number	PW313
Video Capture Resolution	1080p (Full HD)
Frame Rate	30 frames per second (1080p30)
Focus Type	Fixed Focus
