Intex 66552EP

Intex Inflatable Camping Sofa Bed User Manual

Model: 66552EP

INTRODUCTION

The Intex Inflatable Camping Sofa Bed is designed for versatile use, providing a comfortable space for relaxation or an extra sleeping area for guests. Its pull-out design allows for easy transformation from a sofa to a queen-sized inflatable mattress. Featuring quick inflation and deflation valves, this product is convenient for both indoor and outdoor use.

SAFETY WARNINGS

WARNING: This inflatable sofa may pose a suffocation hazard to children and pets if accidentally deflated. Always supervise children and pets when the product is in use.

MATERIAL WARNING: This product is made of PVC, which can emit toxic gases when exposed to high temperatures. Keep the sofa bed away from high heat sources, open flames, and direct prolonged sunlight to prevent material degradation and potential gas emission.

- Do not use near sharp objects.
- Ensure the area is clear of debris before inflation.
- Do not overinflate the product.
- Keep away from pets that may puncture the material.
- Maximum weight capacity: 200 kg (440 lbs). Do not exceed this limit.

SETUP AND INFLATION

1. **Unpack:** Carefully remove the sofa bed from its packaging. Lay it flat on a clean, smooth surface, free from any sharp objects or debris.
2. **Locate Valves:** Identify the 2-in-1 valves designed for quick inflation and deflation. There are typically three such valves for different sections of the sofa bed.
3. **Inflate:** Open the valve cap. Insert the nozzle of an air pump (not included) into the valve. Inflate each section until it is firm to the touch but not rigid. Over-inflation can damage the product.

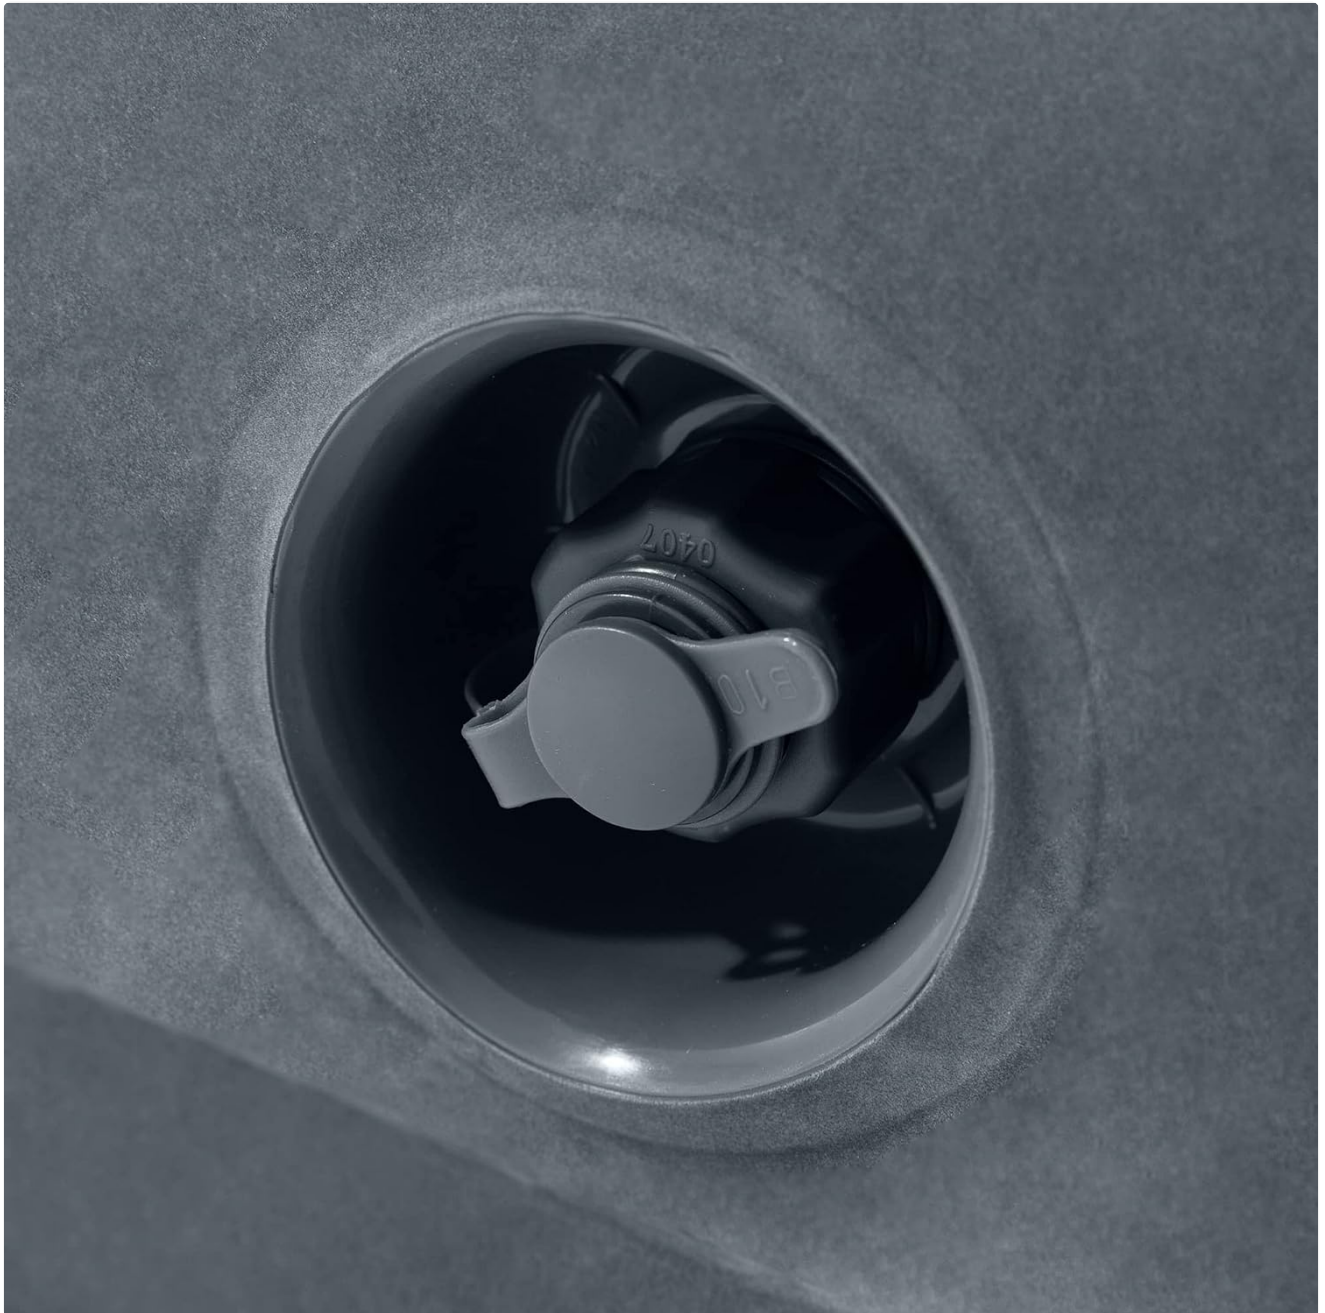

Image: A close-up view of the 2-in-1 inflation/deflation valve on the Intex sofa bed, showing its design for quick air flow.

4. **Close Valves:** Once inflated, quickly close the valve cap securely to prevent air leakage.
5. **Check Firmness:** The sofa bed should be firm but yield slightly when pressed. Adjust air pressure as needed for optimal comfort.

Note: A pump is not included with this product. An external air pump (manual or electric) is required for inflation.

OPERATING INSTRUCTIONS

Using as a Sofa:

In its primary configuration, the Intex Inflatable Sofa Bed functions as a comfortable two-seater sofa. Ensure all sections are adequately inflated for proper support. The integrated cup holders on each armrest provide convenient storage for beverages.

Image: A couple comfortably seated on the Intex inflatable sofa, demonstrating its use as a seating arrangement. One person is using a laptop, and the other is holding a tablet, with a water bottle in one of the cup holders.

Transforming to a Bed:

To convert the sofa into a bed, simply pull out the integrated mattress section from underneath the main sofa cushions. This section will unfold to create a queen-sized sleeping surface. Ensure the pull-out section is fully extended and properly supported.

**...OR SLEEP WELL ON
THE PULL-OUT MATTRESS**

Image: The Intex inflatable sofa transformed into a pull-out mattress, with a couple lying comfortably on it. This illustrates its dual functionality as both a sofa and a bed.

MAINTENANCE AND STORAGE

- **Cleaning:** Clean the sofa bed with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners, as these can damage the velvety surface and PVC material.
- **Repair Patch:** A repair patch is included for minor punctures. For best results, ensure the surface is clean and dry before applying the patch. Press firmly and allow sufficient time to bond.
- **Deflation:** To deflate, open the 2-in-1 valves. For quicker deflation, gently press on the sofa bed to expel air.
- **Storage:** Once fully deflated, fold the sofa bed compactly. Store it in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid storing near sharp objects or in areas where rodents or insects could damage the material.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Sofa bed loses air quickly.	Valve not securely closed, small puncture, or seam leak.	Ensure all valve caps are tightly closed. Check for punctures using soapy water (bubbles will appear at the leak). Use the included repair patch for small holes. For seam leaks, contact customer support.
Difficulty inflating.	Valve obstruction, pump not powerful enough, or valve not fully open.	Ensure the valve is clear of debris and fully open. Use a compatible and adequately powerful air pump.

Problem	Possible Cause	Solution
Sofa bed feels too soft/hard.	Incorrect air pressure.	Adjust air pressure by adding or releasing air until desired firmness is achieved. Avoid over-inflation.

SPECIFICATIONS

Brand: Intex

Model Number: 66552EP

Color: Anthracite Grey

Material: Polyvinyl Chloride (PVC)

Approximate Inflated Dimensions (Sofa): 101.6 cm (L) x 223.5 cm (W) x 66 cm (H) / 40 inches (L) x 88 inches (W) x 26 inches (H)

Approximate Inflated Dimensions (Pull-out Mattress): 203.2 cm (L) x 223.5 cm (W) x 66 cm (H) / 80 inches (L) x 88 inches (W) x 26 inches (H)

Max Weight Capacity: 200 kg (440 lbs)

Features: Velvety surface, 2-in-1 valve with extra-wide openings for quick inflation/deflation, 3 quick inflation/deflation valves, compact folding for storage, 2 built-in cup holders.

Components Included: Inflatable Sofa, Repair Patch.
