SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the VerveBuds 200 and their portable charging case. Connect the provided USB charging cable to the charging case and a compatible USB power source. The LED indicators on the case will show charging status. Once fully charged, the indicators will change or turn off, depending on the model.

2. Pairing with Your Device

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing LED light on one or both earbuds.
3. On your smartphone, tablet, or computer, go to the Bluetooth settings.
4. Search for available devices and select "VerveBuds 200" from the list.
5. Once connected, the LED indicator on the earbuds will stop flashing or change color, and you will hear an audible confirmation.

3. Wearing the Earbuds

Select the earbud size that provides the most comfortable and secure fit. Gently insert the earbuds into your ears and twist slightly to ensure a snug seal for optimal sound quality and stability, especially during physical activity. For added

security, attach the included lanyard to the earbuds to create a loop-style headset.

OPERATING INSTRUCTIONS

MAINTENANCE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.
- **Water Resistance:** While IPX5 rated for water resistance (protection against low-pressure water jets from any direction), do not submerge the earbuds in water. Ensure they are dry before placing them back in the charging case.
