

T3 Featherweight 3i

T3 Featherweight 3i Professional Ionic Hair Dryer User Manual

Model: Featherweight 3i

INTRODUCTION

Thank you for choosing the T3 Featherweight 3i Professional Ionic Hair Dryer. This advanced hair dryer is designed to deliver shiny, healthy-looking results in less time. Powered by IonAir Technology, it infuses negative ions into a wide, gentle airstream to smooth the hair cuticle and speed up drying. This manual provides essential information for safe and effective use, maintenance, and troubleshooting.

IMPORTANT SAFETY INFORMATION

Please read all instructions before using this appliance. When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including the following:

- **DANGER:** Keep away from water. As with most electrical appliances, electrical parts are electrically live even when the switch is off.
- Always unplug the appliance immediately after using.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- If an appliance falls into water, unplug it immediately. Do not reach into the water.
- **WARNING:** To reduce the risk of burns, electrocution, fire, or injury to persons:
 - An appliance should never be left unattended when plugged in.
 - Close supervision is necessary when this appliance is used by, on, or near children or individuals with certain disabilities.
 - Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.

- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged, or dropped into water.
- Keep the cord away from heated surfaces. Do not pull, twist, or wrap cord around the appliance.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- Never use while sleeping.
- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with this appliance.
- Do not direct hot air towards eyes or other heat-sensitive areas.
- Attachments may be hot during use. Allow them to cool before handling.
- Do not place appliance on any surface while it is operating.
- While using the appliance, keep your hair away from the air inlets.

PRODUCT FEATURES

The T3 Featherweight 3i is engineered with advanced features for optimal hair drying and styling.

IonAir Technology

This technology delivers a wide, ion-infused airstream that dries hair quickly while smoothing the cuticle and reducing frizz for shiny, soft results.

Ion generator for **FRIZZ-FREE HAIR**

Image: Diagram showing the internal ion generator for frizz-free hair.

Multiple Heat and Speed Settings

Customize your drying experience with 3 heat settings and 2 speed settings, suitable for all hair types and textures. The controls are intuitively placed on the handle for easy access.

Image: Close-up of the hair dryer's control panel showing buttons for 3 heat and 2 speed settings.

Lock-in Cool Shot

A dedicated cool shot button helps to seal in shine and set your style for a long-lasting finish.

LOCK-IN COOL SHOT

Seals in shine and sets the style

Two Concentrators

The dryer comes with two concentrators: a wide concentrator for rough drying and a narrow concentrator for precise styling.

2 CONCENTRATORS

A wide concentrator for rough drying and
a narrow concentrator for precise styling

SETUP

1. **Unpacking:** Carefully remove the hair dryer and all accessories from the packaging.
2. **Attachment Installation:** To attach a concentrator, align the concentrator with the nozzle of the hair dryer and push it firmly into place until it clicks. Ensure it is securely attached before use. To remove, gently pull the concentrator off the nozzle.
3. **Power Connection:** Plug the hair dryer into a standard electrical outlet. Ensure the outlet voltage matches the appliance's requirements (125V AC).

2 CONCENTRATORS

A wide concentrator for rough drying and a narrow concentrator for precise styling

OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button located on the handle to turn the dryer on or off.
2. **Adjusting Heat:** Use the heat setting buttons (indicated by wavy lines) to select your desired heat level (low, medium, high).
3. **Adjusting Speed:** Use the speed setting buttons (indicated by fan icons) to select your desired airflow speed (low, high).
4. **Cool Shot:** Press and hold the cool shot button (indicated by a snowflake icon) to deliver a burst of cool air to set your style. Release the button to return to the previous heat setting.
5. **Drying Hair:**
 - For rough drying, use the wide concentrator and a higher speed/heat setting.
 - For precise styling, use the narrow concentrator with a brush, directing the airflow down the hair shaft.
 - For diffusing, attach a diffuser (sold separately) and use a low heat/speed setting to enhance natural curls and waves.
6. **Styling Tips:**
 - Always rough dry hair until it is about 80% dry before beginning detailed styling.

- For smooth, straight styles, use a flat brush and direct the airflow from roots to ends.
- For volume, lift sections of hair at the roots with a round brush and direct heat there.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your T3 Featherweight 3i hair dryer.

- **Cleaning the Air Filter:** Regularly clean the rear air filter to prevent lint and dust buildup, which can affect performance and lifespan.
 - a. Ensure the dryer is unplugged and completely cool.
 - b. Twist or pull off the rear filter cap (refer to product diagram if unsure).
 - c. Use a soft brush or cloth to gently remove any accumulated lint or dust from the filter screen.
 - d. Replace the filter cap securely.
- **General Cleaning:** Wipe the exterior of the dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, unplug the dryer and store it in a cool, dry place. Do not wrap the cord tightly around the dryer, as this can damage the cord.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Dryer does not turn on.	Not plugged in; power outlet issue; internal circuit breaker tripped.	Ensure plug is fully inserted. Test outlet with another appliance. Check household circuit breaker.
Weak airflow or overheating.	Blocked air filter; blocked air intake/outlet.	Unplug and clean the rear air filter. Ensure air inlets and outlets are clear of obstructions.
Hair is still frizzy after drying.	Incorrect technique; product buildup; very humid environment.	Ensure you are directing airflow down the hair shaft. Use appropriate hair products. Finish with cool shot to seal cuticle.
Dryer makes unusual noise.	Debris in fan; motor issue.	Unplug and check for any visible debris in the air inlets/outlets. If noise persists, discontinue use and contact customer support.

SPECIFICATIONS

- **Model:** Featherweight 3i
- **Brand:** T3
- **Product Dimensions:** 3.75 x 11 x 12.2 inches
- **Weight:** 1 Pound
- **UPC:** 883349001460

- **Color:** White
- **Material:** Plastic
- **Wattage:** 1875 watts
- **Power Source:** Corded Electric
