# Timex TIME Machines® Kids Watch Instruction Manual

Model: TW7C773009J

Brand: Timex

## 1. INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Timex TIME Machines® Kids Watch. Please read this guide thoroughly to ensure optimal performance and longevity of your watch.

## 2. PRODUCT OVERVIEW

The Timex TIME Machines® Kids Watch is designed to help children learn to tell time with ease. It features a durable resin case, an easy-to-read analog dial, and a comfortable elastic strap.

### Key Features:

- Adjustable white 16mm elastic fabric strap fits up to 6-inch wrist circumference.
- Easy-to-read dial with clearly marked hours and minutes.
- Fun rotating graphic (dinosaur head) as the second hand.
- Blue 28mm resin case with an acrylic lens.
- Water resistant to 30m (100ft), suitable for splashes or brief immersion.

## 3. SETUP

### 3.1 Adjusting the Strap

The watch features an adjustable white 16mm elastic fabric strap designed to fit up to a 6-inch wrist circumference. To adjust, simply slide the strap through the buckle to achieve a comfortable and secure fit.

### 3.2 Setting the Time

1. Pull out the crown (small knob on the side of the watch case) gently.
2. Rotate the crown to move the hour and minute hands to the correct time.
3. Once set, push the crown back in completely to start the watch.

## 4. OPERATING THE WATCH

## 4.1 Reading the Time

The watch features an easy-to-read dial with clear hour and minute markings. The hour hand is clearly labeled 'HOUR' and the minute hand 'MINUTE' to assist with learning. A fun rotating graphic (dinosaur head) serves as the second hand.

## 4.2 Water Resistance

This watch is water resistant to 30 meters (100 feet). This means it can withstand splashes or brief immersion in water, such as during hand washing or light rain. It is **not** suitable for swimming, bathing, or diving.

# 5. MAINTENANCE

## 5.1 Cleaning

To clean your watch, wipe the case and strap with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the watch's finish or functionality.

## 5.2 Battery Replacement

The watch requires 1 Product Specific battery (included). Battery replacement should be performed by a qualified watch technician to ensure water resistance is maintained and to prevent damage to the internal components.

# 6. TROUBLESHOOTING

- **Watch Not Keeping Time:** Ensure the crown is fully pushed in. If the watch still does not keep time accurately, the battery may need replacement.
- **Condensation Under Crystal:** If condensation appears under the watch crystal, it indicates a potential issue with water resistance. Contact customer support immediately.
- **Strap Discomfort:** Ensure the strap is adjusted correctly and is not too tight. The elastic strap is designed for comfort, but prolonged tightness can cause irritation.

# 7. SPECIFICATIONS

Feature	Detail
Product Dimensions	5.9 x 1.1 x 0.35 inches
Weight	0.48 ounces
Manufacturer Recommended Age	4 years and up
Item Model Number	TW7C773009J

Department	Boys
Batteries	1 Product Specific battery (included)
Date First Available	July 9, 2019
Manufacturer	Timex
Country of Origin	Philippines
Material	Nylon, Resin
