## 7. TROUBLESHOOTING

If you encounter issues with your Satisfyer One Night Stand, consider the following:

- Device does not turn on or respond:** The Satisfyer One Night Stand has a limited operational lifespan of approximately 90 minutes. If this time has been exceeded, the device will no longer function. The batteries are not replaceable, and the device is not rechargeable.
- Weak or inconsistent air pulses:** Ensure the device is held firmly against the skin to create a proper seal around the clitoral glans. If the device has been used for an extended period, its operational lifespan may be nearing its end.
