KAWADA NBM-026

KAWADA nanoblock Fantastic Animals Dragon (Renewal) Building Kit Instruction Manual

Model: NBM-026

1. Introduction

Thank you for purchasing the KAWADA nanoblock Fantastic Animals Dragon (Renewal) Building Kit. This advanced hobby series kit allows you to construct a detailed dragon model using micro-sized building blocks. This manual provides essential information for assembly, care, and understanding your new nanoblock model.

2. Safety Information

WARNING: CHOKING HAZARD - Small Parts.

This product contains small parts and is not suitable for children under 3 years of age. The manufacturer recommends this kit for ages 15 years and up due to its complexity and the small size of the blocks. Keep all parts out of reach of young children and pets.

3. Setup and Assembly

The nanoblock Dragon (Renewal) kit consists of approximately 700 pieces. The difficulty level is rated 4 out of 5, indicating an advanced building experience. Detailed step-by-step instructions are included in the box to guide you through the assembly process.

1. **Unpack Components:** Carefully open the box and lay out all the bags of nanoblocks and the instruction manual.
2. **Prepare Your Workspace:** Choose a clean, well-lit, and stable surface to prevent losing small pieces. It is recommended to use a tray or mat to contain the blocks.
3. **Follow Instructions:** Refer to the included instruction booklet for a visual guide on how to connect each block. Pay close attention to the orientation and color of the blocks.
4. **Use Tweezers (Optional):** Due to the micro-size of the blocks (4mm x 4mm x 5mm), tweezers can be helpful for precise placement, especially for smaller or hard-to-reach areas.
5. **Patience is Key:** This is an advanced kit. Take your time and enjoy the building process. If you encounter difficulty, re-check the previous steps.

4. Operating and Display

Once assembled, your nanoblock Dragon model is designed for display. While some parts may have limited articulation, it is primarily a static display piece. Handle with care to avoid dislodging blocks.

- **Posing:** Gently adjust the segments of the dragon's body and tail to achieve desired poses. Avoid excessive force.
- **Placement:** Display your model on a stable, flat surface away from direct sunlight, high temperatures, or areas prone to vibrations to maintain its integrity.

5. Maintenance

To keep your nanoblock Dragon model in pristine condition, follow these simple maintenance tips:

- **Dusting:** Use a soft brush or a can of compressed air to gently remove dust from the model. Avoid using abrasive materials.
- **Cleaning:** If necessary, wipe the blocks with a slightly damp cloth. Do not submerge the model in water or use harsh cleaning agents.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss and damage.

6. Troubleshooting

- **Missing Pieces:** While rare, if you find any pieces missing, please contact KAWADA customer support (see Section 9).
- **Model Instability:** If the model feels unstable, carefully review the assembly steps to ensure all blocks are firmly connected and correctly oriented. Pay particular attention to the base and connecting joints.
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly before applying gentle pressure. Avoid forcing blocks, as this can cause damage.

7. Specifications

Feature	Detail
Model Number	NBM-026
Product Dimensions	4.72 x 5.11 x 7.86 inches (12 x 13 x 20 cm)
Item Weight	8.4 ounces (238 grams)
Number of Pieces	Approximately 700
Difficulty Level	4 (out of 5)
Recommended Age	15 years and up
Manufacturer	Kawada
Release Date	January 1, 2022
