Hoimpro Matte Black Spring Kitchen Faucet Instruction Manual

Model: H_KTOF_0019_03_BK

1. INTRODUCTION

Thank you for choosing the Hoimpro Matte Black Spring Kitchen Faucet. This manual provides essential information for the safe installation, operation, and maintenance of your new faucet. Please read these instructions thoroughly before installation and retain them for future reference.

Figure 1: Hoimpro Matte Black Spring Kitchen Faucet in a kitchen setting.

2. SAFETY INFORMATION

- Always turn off the main water supply before beginning any installation or repair work.
- Wear appropriate personal protective equipment, such as safety glasses and gloves.
- Ensure all connections are secure to prevent leaks.
- If you are unsure about any part of the installation, consult a qualified plumber.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Hoimpro Matte Black Spring Kitchen Faucet
- 10-inch Deck Plate (for single or three-hole installation)
- Installation Hardware
- cUPC Hot & Cold Hoses (24 inches long)

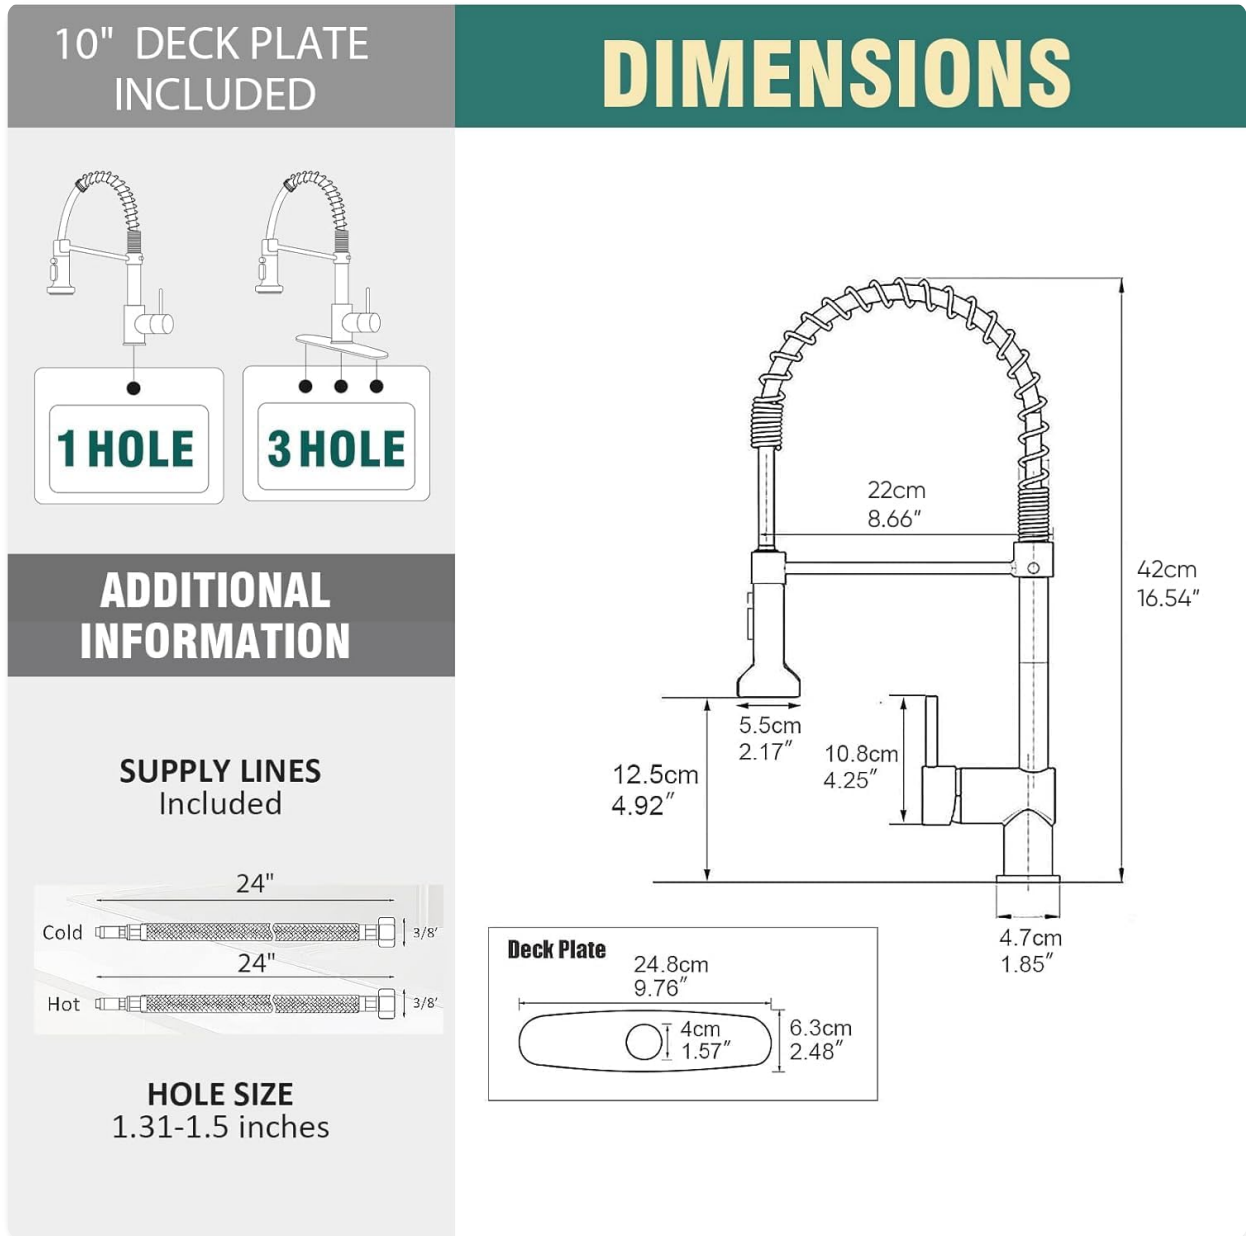

Figure 2: Faucet dimensions and included accessories.

4. SETUP AND INSTALLATION

This faucet is designed for either single-hole or three-hole installation using the included 10-inch deck plate. The recommended hole size is 1.31-1.5 inches.

Installation Steps:

- 1. Prepare the Sink:** Ensure the sink area is clean and dry. If replacing an old faucet, remove it and clean any residue.
- 2. Install Deck Plate (Optional):** If your sink has three holes, place the deck plate over the holes. For single-hole sinks, the deck plate is optional for aesthetic preference.
- 3. Mount the Faucet:** Insert the faucet body through the hole(s) in the sink/deck plate. Secure it from underneath the sink using the provided mounting hardware.
- 4. Connect Water Supply Lines:** Attach the hot and cold water supply hoses (24 inches, cUPC certified) to the corresponding water supply valves. The hoses are typically color-coded (red for hot, blue for cold). Ensure connections are hand-tightened, then use a wrench for a quarter turn.

5. **Test for Leaks:** Slowly turn on the main water supply and check all connections for leaks. Tighten any leaking connections as needed.

5. OPERATING INSTRUCTIONS

Your Hoimpro kitchen faucet is designed for ease of use and versatility.

Single Handle Control:

- The single handle controls both water temperature and flow.
- Move the handle left for hot water and right for cold water.
- Lift the handle to increase water flow and push it down to decrease or turn off the water.

Three-Function Sprayer Head:

The pull-down sprayer head offers three distinct functions for various tasks:

- **Stream:** Ideal for filling pots and general washing.
- **Spray:** Provides a wider coverage for rinsing dishes and cleaning the sink.
- **Pause:** Temporarily stops water flow, useful for multitasking without turning off the main faucet handle.

Switch between modes using the buttons located on the sprayer head.

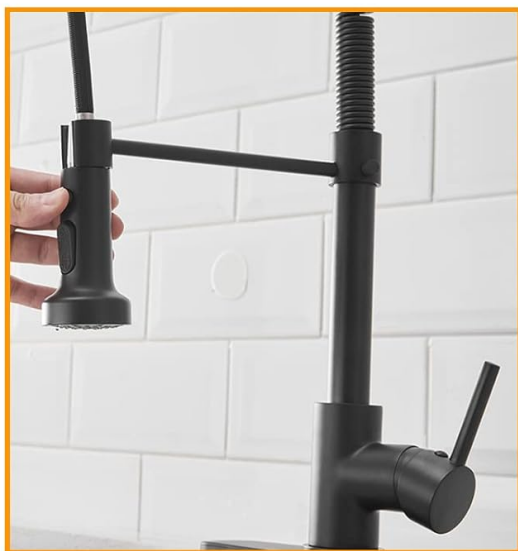

360-Degree Rotation:

The high-arch spout design allows for 360-degree rotation, providing ample room for various sink activities and easy access to all areas of your sink.

3 FUNCTION FAUCET

✓ OURS: spray /stream / **pause**

✗ OTHERS: spray /stream

No need to turn off faucet during moving or changing sinks.

6. MAINTENANCE

Proper care will ensure the longevity and performance of your Hoimpro faucet.

- **Cleaning the Finish:** The matte black finish and surface transition design are resistant to dirt and water stains. Simply clean the faucet with a soft cloth and mild soap (non-abrasive) in daily use. Avoid harsh chemicals or abrasive cleaners.
- **Drip-Free Ceramic Cartridge:** The faucet features a high-quality ceramic disc valve designed for drip-free performance and durability, lasting up to 5 million uses. No special maintenance is required for the cartridge under normal use.
- **Hose Care:** The stainless steel braided hoses with PEX interior are designed to prevent corrosion, resist kinking, and are explosion-proof. They are drinking water grade. Periodically inspect hoses for any signs of wear or damage.

DRIP-FREE CERAMIC CARTRIDGE

Hoiipro's cartridge Technology utilizes a ceramic disc valve with a real diamond coating to produce a faucet that will last up to 5 million uses.

7. TROUBLESHOOTING

If you encounter any issues with your faucet, please refer to the following common solutions:

- **Low Water Flow:** Check if the water supply valves are fully open. Inspect the aerator on the sprayer head for mineral buildup and clean if necessary.
- **Leaks:** Ensure all connections, especially the hot and cold supply lines, are securely tightened. Check the O-rings and gaskets for proper seating and damage.
- **Sprayer Not Switching Modes:** Ensure the buttons on the sprayer head are not stuck or obstructed. Clean the sprayer head if there is any debris.
- **Handle Loose:** Tighten the set screw on the handle if it becomes loose.

For persistent issues, please contact Hoimpro customer support.

8. SPECIFICATIONS
