M MOLTO 19464

Molto Blocks Fire Station

Model: 19464

INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your Molto Blocks Fire Station. Please read this manual thoroughly before use to ensure proper functionality and longevity of the product.

Image: The complete Molto Blocks Fire Station playset, featuring the main station structure, a ramp, various blocks, and several small vehicles including a fire engine.

WHAT'S IN THE BOX

Carefully unpack all components and verify that all items listed below are present:

- Fire Station Structure
- 10 Molto Blocks
- 1 Electronic Car (Fire Engine with lights and sounds)

Image: The included electronic fire engine and the set of 10 colorful Molto blocks, which represent various elements like fire, water, and traffic signals.

SETUP

The Molto Blocks Fire Station is designed for easy assembly. Follow these steps:

1. **Unfold the Station:** The fire station is designed to be foldable for storage. Gently unfold the main structure until it locks into its upright position.

Image: Illustration showing the fire station's folding mechanism, indicating how it can be collapsed for compact storage and expanded for play.

2. **Place Blocks:** Position the 10 Molto Blocks around the base of the fire station in the designated slots. These blocks represent various elements of a fire station environment.

- 3. Insert Batteries (Electronic Car):** Locate the battery compartment on the underside of the electronic fire engine. Insert the required batteries (not included, typically AA or AAA) ensuring correct polarity. Secure the battery cover.

OPERATING INSTRUCTIONS

The Molto Blocks Fire Station offers interactive features for engaging play:

- **Electronic Car Functionality:** The included fire engine features electronic lights and sounds. Press the button on the top of the car to activate these features.

Image: A close-up of the electronic fire engine, showing a finger pressing the activation button for its lights and sounds feature.

- **Car Lift Operation:** The fire station includes an elevated mechanic area with a car lift. Place a vehicle onto the lift platform. Use the mechanism (e.g., a lever or knob) to raise and lower the car.

Image: The car lift mechanism within the fire station, with a small blue car positioned on the lift, illustrating its elevated function.

- **Elevator with Trap:** The station also features an elevator with a trapdoor. Guide a vehicle into the elevator, then activate the trapdoor mechanism to release the vehicle down the ramp.

Image: The elevator section of the fire station, showing a car being released via a trapdoor, indicating the dynamic play feature.

- **Ramp Play:** Utilize the integrated ramp for vehicles to slide down from the upper levels of the station.

MAINTENANCE

To ensure the longevity and cleanliness of your Molto Blocks Fire Station:

- **Cleaning:** Wipe surfaces with a damp cloth. Do not immerse the electronic car in water. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, the fire station can be folded for compact storage. Store in a cool, dry place away from direct sunlight.
- **Battery Care:** Remove batteries from the electronic car if it will not be used for an extended period to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Electronic car not making sounds/lights.	Dead or incorrectly inserted batteries.	Check battery polarity or replace with new batteries.
Car lift or elevator mechanism is stiff.	Dust or debris accumulation; mechanism not aligned.	Clean the mechanism. Ensure parts are correctly assembled. Do not force movement.
Station does not fold/unfold smoothly.	Obstruction or misalignment of folding joints.	Ensure no parts are obstructing the folding mechanism. Apply gentle, even pressure.

SPECIFICATIONS

Feature	Detail
Product Dimensions	20.87 x 12.2 x 13.98 inches
Item Weight	3.04 pounds
Model Number	19464
Manufacturer Recommended Age	12 months and up
Manufacturer	MOLTO
Included Components	Fire station, 10 blocks, electronic car
