# DUMEE Metal Queen Bed Frame Instruction Manual

Model: B07VJFXQFN

## Introduction

This manual provides detailed instructions for the assembly, use, and maintenance of your DUMEE Metal Queen Bed Frame. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation. Keep this manual for future reference.

### Important Safety Information

**WARNING:** Do not load more than 550 pounds on the bed frame. Exercise caution around sharp edges during assembly and use. Always follow the assembly instructions precisely to ensure stability and prevent collapse. Failure to do so may result in injury or damage to the product.

## Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact DUMEE customer service.

- Steel Bed Headboard and Footboard
- Steel Bed Side Rails
- Steel Bed Base Cross Bars
- Steel Bed Support Legs
- Assembly Instruction Manual
- Screws + Allen Key (Tools for assembly)

## Setup and Assembly

The DUMEE Metal Queen Bed Frame is designed for easy home assembly. All parts and tools are clearly labeled. It is recommended to assemble the bed frame with at least two people.

1. Unpack all components and lay them out on a clean, soft surface (e.g., a carpet or blanket) to prevent scratching.
2. Identify the headboard and footboard sections.
3. Attach the side rails to the headboard and footboard using the provided screws and Allen key. Do not fully tighten screws until all parts are aligned.
4. Install the central support beam and its legs. Ensure the legs are securely attached and positioned correctly for maximum stability.
5. Place the steel bed base cross bars (slats) onto the designated supports on the side rails. Ensure each slat is properly seated.

6. Once all components are in place and aligned, fully tighten all screws.

## Operating Instructions

This bed frame is designed to support a queen-size mattress without the need for a box spring. Ensure the mattress is properly centered on the frame.

- **Weight Capacity:** The bed frame is designed to support a maximum weight of 350-550 lbs (including mattress and occupants). Do not exceed this limit.
- **Mattress Placement:** Place your queen-size mattress directly onto the steel slats. The frame's design eliminates the need for a box spring.
- **Under-Bed Storage:** The 12-inch height off the floor provides sufficient space for under-bed storage bins, bags, and drawers.

## Maintenance

Regular maintenance will help prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the powder-coated finish.
- **Tightening Screws:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Inspection:** Regularly inspect the frame for any signs of wear, damage, or loose components. Address any issues promptly.

## Troubleshooting

If you encounter any issues with your DUMEE Metal Queen Bed Frame, refer to the common problems and solutions below. If the problem persists, contact customer support.

| Problem | Possible Cause | Solution |
|---|---|---|
| Bed frame is wobbly or squeaks. | Loose screws or improper assembly. | Ensure all screws are fully tightened. Review assembly steps to confirm correct installation of all parts, especially the central support system. |
| Missing or damaged parts upon arrival. | Shipping damage or packaging error. | Contact DUMEE customer service immediately for free replacement parts. Provide details of the missing/damaged items. |
| Slats do not fit or are too long/short. | Manufacturing variance or incorrect placement. | Double-check slat orientation and ensure they are seated correctly in their supports. If a slat is genuinely mis-sized, contact customer service. |

## Specifications

| Feature | Detail |
|---|---|
| Model | B07VJFXQFN |
| Size | Queen |
| Product Dimensions (L x W x H) | 83.54" x 60.2" x 43.5" |
| Color | Textured Black |
| Finish Type | Powder Coated |
| Material | Steel |
| Weight Capacity | 350-550 lbs (approx.) |
| Assembly Required | Yes |
| Manufacturer | DUMEE |
| UPC | 632111716039 |
| Item Weight | 47.9 pounds |
