County Line Kitchen Glass Cold Brew Coffee Maker

Model: B07VJJJ764

INTRODUCTION

This user manual provides comprehensive instructions for the safe and efficient use of your County Line Kitchen Glass Cold Brew Coffee Maker. Designed for simplicity and durability, this 2-quart (64 oz) system allows you to easily prepare delicious cold brew coffee, iced tea, and other beverages at home. Please read this manual thoroughly before first use and retain it for future reference.

COMPONENTS

Your County Line Kitchen Cold Brew Coffee Maker consists of three primary components:

- **Glass Mason Jar:** A heavy-duty, wide-mouth glass jar designed for durability and ease of cleaning.
- **Mesh Stainless Steel Filter:** A high-quality, reusable filter that prevents coffee grounds from entering your brew.
- **Leak-Proof Lid with Handle:** An innovative flip-cap pour spout lid with an integrated handle for easy pouring and secure sealing.

**SIMPLE
SYSTEM**

**3 EASY
PARTS**

SETUP AND OPERATING INSTRUCTIONS

Follow these simple steps to prepare your cold brew coffee:

1. **Insert Filter:** Place the mesh stainless steel filter into the wide-mouth glass Mason jar.
2. **Add Coffee Grounds:** Fill the filter with your desired amount of coarse coffee grounds. The amount can be adjusted based on your preferred strength.
3. **Add Cold Water:** Slowly pour cold water over the coffee grounds in the filter until the jar is filled to your desired level. Ensure all grounds are saturated.
4. **Seal and Steep:** Securely place the leak-proof lid with handle onto the Mason jar. Place the sealed jar in your refrigerator.

5. **Brewing Time:** Allow the coffee to steep for 12 to 24 hours, depending on how strong you prefer your cold brew. Longer steeping times result in a stronger concentrate.
6. **Remove Filter:** Once brewing is complete, remove the lid and carefully lift out the mesh filter, discarding the used coffee grounds.
7. **Serve:** Your cold brew concentrate is now ready. Dilute with water, milk, or ice to taste.

MAINTENANCE AND CLEANING

The County Line Kitchen Cold Brew Coffee Maker is designed for easy cleaning and long-lasting use.

- **Dishwasher Safe:** All components of the cold brew coffee maker are dishwasher safe for convenient cleaning.
- **Hand Washing:** For best results and to prolong the life of your product, hand washing with warm, soapy water is recommended, especially for the mesh filter.
- **Glass Care:** The Mason jar is made of thick, soda-lime glass that is ultra-durable, non-leaching, and stain-resistant.
- **Important Note:** DO NOT ADD BOILING WATER to the glass Mason jar. This product is designed for cold brew applications only and hot liquids can cause thermal shock, leading to breakage.

TROUBLESHOOTING

If you encounter any issues with your cold brew coffee maker, please refer to the following common solutions:

- Coffee Grounds in Brew:** Ensure the mesh filter is properly seated and not overfilled. Fine grounds may sometimes pass through; using coarse grounds is recommended for cold brew.
- Weak Cold Brew:** Increase the amount of coffee grounds or extend the steeping time (up to 24 hours). Ensure the water fully saturates the grounds.
- Difficulty Pouring:** Check that the flip-cap spout on the lid is fully open. Ensure the lid is securely fastened to the jar.
- Lid Leaks:** Verify that the lid is tightly screwed onto the jar and that the silicone seal (if present) is correctly positioned.

SPECIFICATIONS

Brand	County Line Kitchen
-------	---------------------

Model Name	CLK-FGS-A033-01-AA1US
ASIN	B07VJJJ764
Capacity	2 Quart (64 Ounces)
