SuppliesMAX SP201LA

SuppliesMAX Compatible Toner Cartridge User Manual

For Ricoh SP-201, SP-203, SP-204, SP-211, SP-213 Series Printers

Model: Type SP201LA (407259), RIC407259

1. INTRODUCTION

This manual provides instructions for the proper installation, operation, and maintenance of your SuppliesMAX Compatible Toner Cartridge. This cartridge is designed as a replacement for Ricoh SP-201, SP-203, SP-204, SP-211, and SP-213 series printers, offering a page yield of approximately 1500 pages at 5% coverage. Please read this manual thoroughly before installing and using the toner cartridge to ensure optimal performance and to prevent any potential issues.

1.1. Package Contents

- 1 x SuppliesMAX Compatible Toner Cartridge (Type SP201LA / 407259)

Note: Printer is not included.

2. SAFETY INFORMATION

- Keep toner cartridges out of reach of children.
- Do not incinerate used toner cartridges. Toner powder can ignite when exposed to open flame.
- Avoid inhaling toner dust. If toner is spilled, use a damp cloth to wipe it up. Do not use a vacuum cleaner, as the fine toner particles can cause an explosion or damage the vacuum.
- Store cartridges in a cool, dry place, away from direct sunlight and extreme temperatures.
- Do not attempt to disassemble the toner cartridge.

3. SETUP AND INSTALLATION

Follow these steps to install the SuppliesMAX Compatible Toner Cartridge into your printer.

3.1. Unpacking the Cartridge

1. Carefully open the packaging and remove the toner cartridge.
2. Remove any protective tape or covers from the cartridge. Refer to the image below for typical protective elements.

Image 1: SuppliesMAX Compatible Toner Cartridge. This image shows the toner cartridge itself, highlighting its shape and connection points. Note the protective orange or yellow plastic clips/tapes that need to be removed before installation.

Image 2: SuppliesMAX Compatible Toner Cartridge and its packaging. The cartridge is shown next to its box, which indicates it is a premium compatible imaging supply. This provides a visual reference for the product as received.

3.2. Installing the Cartridge

The exact installation procedure may vary slightly depending on your specific printer model. Always refer to your printer's user manual for detailed instructions. The general steps are as follows:

1. Ensure your printer is powered on.

2. Open the front cover or access panel of your printer to expose the toner cartridge compartment.
3. Carefully remove the old toner cartridge by pulling it out.
4. Gently shake the new SuppliesMAX toner cartridge horizontally 5-6 times to distribute the toner evenly.
5. Insert the new cartridge into the printer, aligning it with the guides. Push firmly until it clicks into place.
6. Close the printer's front cover or access panel.
7. The printer may perform a calibration cycle. Wait for it to complete before printing.

4. OPERATING INSTRUCTIONS

Once the toner cartridge is installed, your printer is ready for use. The SuppliesMAX cartridge is designed to integrate seamlessly with your compatible Ricoh printer.

- **Printing:** Initiate print jobs from your computer as you normally would. The printer will automatically detect the new toner level.
- **Page Yield:** This cartridge provides an estimated page yield of 1500 pages based on 5% page coverage (ISO/IEC 19752 standard). Actual yield may vary significantly based on content of printed pages and other factors.
- **Print Quality:** This compatible cartridge is manufactured to meet or exceed OEM specifications, ensuring clear and consistent print quality.

5. MAINTENANCE

5.1. Storage

If storing spare cartridges, keep them in their original sealed packaging in a cool, dry environment, away from direct sunlight and extreme temperatures. Avoid storing cartridges vertically for extended periods.

5.2. Disposal of Used Cartridges

Used toner cartridges should be disposed of responsibly. Many manufacturers and third-party companies offer recycling programs for empty cartridges. Please check with your local recycling facilities or the cartridge manufacturer for proper disposal methods. Do not dispose of cartridges in general household waste.

6. TROUBLESHOOTING

If you encounter issues after installing your SuppliesMAX toner cartridge, consider the following common solutions:

- **"Cartridge Not Recognized" Error:**
 - Ensure the cartridge is fully seated in its slot. Remove and reinsert it firmly.
 - Check for any remaining protective tape or plastic clips on the cartridge that might be blocking electrical contacts.
 - Clean the electrical contacts on the cartridge and inside the printer with a lint-free cloth.
 - Restart your printer and computer.
- **Poor Print Quality (Faded, Streaks, Spots):**
 - Gently shake the toner cartridge horizontally 5-6 times to redistribute the toner.
 - Perform a printer cleaning cycle or print head alignment through your printer's utility software.

- Ensure the paper type and quality settings in your printer driver match the paper being used.
- Check if the cartridge is nearing the end of its life.

- **Paper Jams:**

- While not directly related to the toner cartridge, ensure paper is loaded correctly and is not creased or damaged.
- Remove any jammed paper according to your printer's instructions.

If problems persist, consult your printer's specific troubleshooting guide or contact SuppliesMAX customer support.

7. SPECIFICATIONS

Brand	SuppliesMAX
Product Type	Compatible Toner Cartridge
Model Number	Type SP201LA (407259), RIC407259
