LUDOS CLAMOR

LUDOS Clamor Wired Earbuds 3.5mm

INSTRUCTION MANUAL

Introduction

Welcome to your LUDOS Clamor Wired Earbuds. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your earphones.

What's in the Box

- CLAMOR Earphones
- Protective Case
- Memory Foam Earbud Tips (one pair pre-installed, additional pairs included)
- Silicone Earbud Tips (three pairs of replacement silicone tips)
- Cable (integrated with earphones)

Setup

1. **Choose Your Ear Tips:** Select the ear tip size (Small, Medium, Large) that provides the most comfortable and secure fit. The LUDOS Clamor includes both memory foam and silicone tips. Memory foam tips adapt to your ear canal for enhanced noise isolation and comfort.
2. **Install Ear Tips:** Gently push the chosen ear tip onto the earphone nozzle until it is securely attached. Ensure a snug fit to prevent sound leakage and maximize audio quality.
3. **Connect to Device:** Insert the 3.5mm jack into your audio device's headphone port. The LUDOS Clamor is compatible with devices featuring a standard 3.5mm audio jack. For devices requiring a Lightning or USB-C adapter, ensure you use a compatible adapter (not included).

Operating Instructions

Audio Playback

Press the single button on the in-line control once to play or pause audio.

Call Management

- Press the single button once to answer an incoming call.
- Press the single button once during a call to end the call.

Microphone Usage

The integrated HD microphone allows for clear voice communication during calls. Position the microphone closer to your mouth for optimal clarity if needed.

Ear Tip Selection and Installation

Proper ear tip selection is crucial for both sound quality and comfort. Experiment with the included memory foam and silicone tips to find the best fit for your ears. Memory foam tips can be gently compressed before insertion, allowing them to expand and conform to your ear canal. Silicone tips offer a more traditional fit.

Maintenance and Care

- **Cleaning:** Regularly clean the ear tips with a soft, dry cloth. For deeper cleaning, remove silicone tips and wash them with mild soap and water, ensuring they are completely dry before reattaching. Do not immerse the earphones in water.
- **Storage:** When not in use, store your LUDOS Clamor earbuds in the provided protective case to prevent tangling and damage to the cable and earphone units.
- **Cable Care:** The tangle-free braided cable is designed for durability. Avoid sharp bends or excessive pulling to maintain its integrity.

Troubleshooting

Issue	Solution
No Sound	<p>Ensure the 3.5mm jack is fully inserted into your device.</p> <p>Check your device's volume settings.</p> <p>Test the earphones with another device to rule out device-specific issues.</p> <p>Inspect the cable for any visible damage.</p>
Microphone Not Working	<p>Ensure the 3.5mm jack is fully inserted.</p> <p>Verify that your device's microphone input is set to the connected earphones.</p> <p>Test the microphone with another device or application.</p>
Poor Sound Quality/Noise Leakage	<p>Ensure ear tips are correctly installed and form a tight seal in your ear canal. Try different sizes or types of ear tips for a better fit.</p> <p>Check for any debris blocking the earphone nozzles.</p>

Specifications

Feature	Detail
