

Picun H26X

Picun Wireless Headphones H26X User Manual

Model: H26X

1. INTRODUCTION

Thank you for choosing the Picun Wireless Headphones H26X. These neckband Bluetooth headphones are designed to provide a high-fidelity audio experience with extended battery life, comfort, and durability. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your headphones to ensure optimal performance.

2. SETUP

2.1 Charging the Headphones

Before first use, fully charge your Picun H26X headphones. The headphones are equipped with a high-performance battery providing up to 35 hours of playtime. A full charge takes approximately 3 hours. For quick charging, 5 minutes of charging can provide up to 3 hours of playtime.

2.2 Bluetooth Pairing

1. Ensure the headphones are charged and powered off.
2. Press and hold the multi-function button (usually the play/pause button) until the LED indicator flashes, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.

4. Select "Picun H26X" from the list of found devices.
5. Once connected, the LED indicator on the headphones will change, typically to a solid blue light, confirming successful pairing.

2.3 Fitting the Earbuds

The Picun H26X headphones are designed for maximum comfort and a secure fit. They come with extra soft rubber ear tips in different sizes (S, M, L) to ensure a perfect fit for your ears. Experiment with the different sizes to find the most comfortable and secure fit for your activities.

MAXIMUM COMFORT

Ergonomic design ensure the best wearing experience, energize your sport

3. OPERATING INSTRUCTIONS

3.1 In-line Remote Control

The in-line remote allows for easy control of your music, calls, and voice assistant without needing to access your smartphone.

EASY CONTROL

Easily control your music, no need to take out your phone

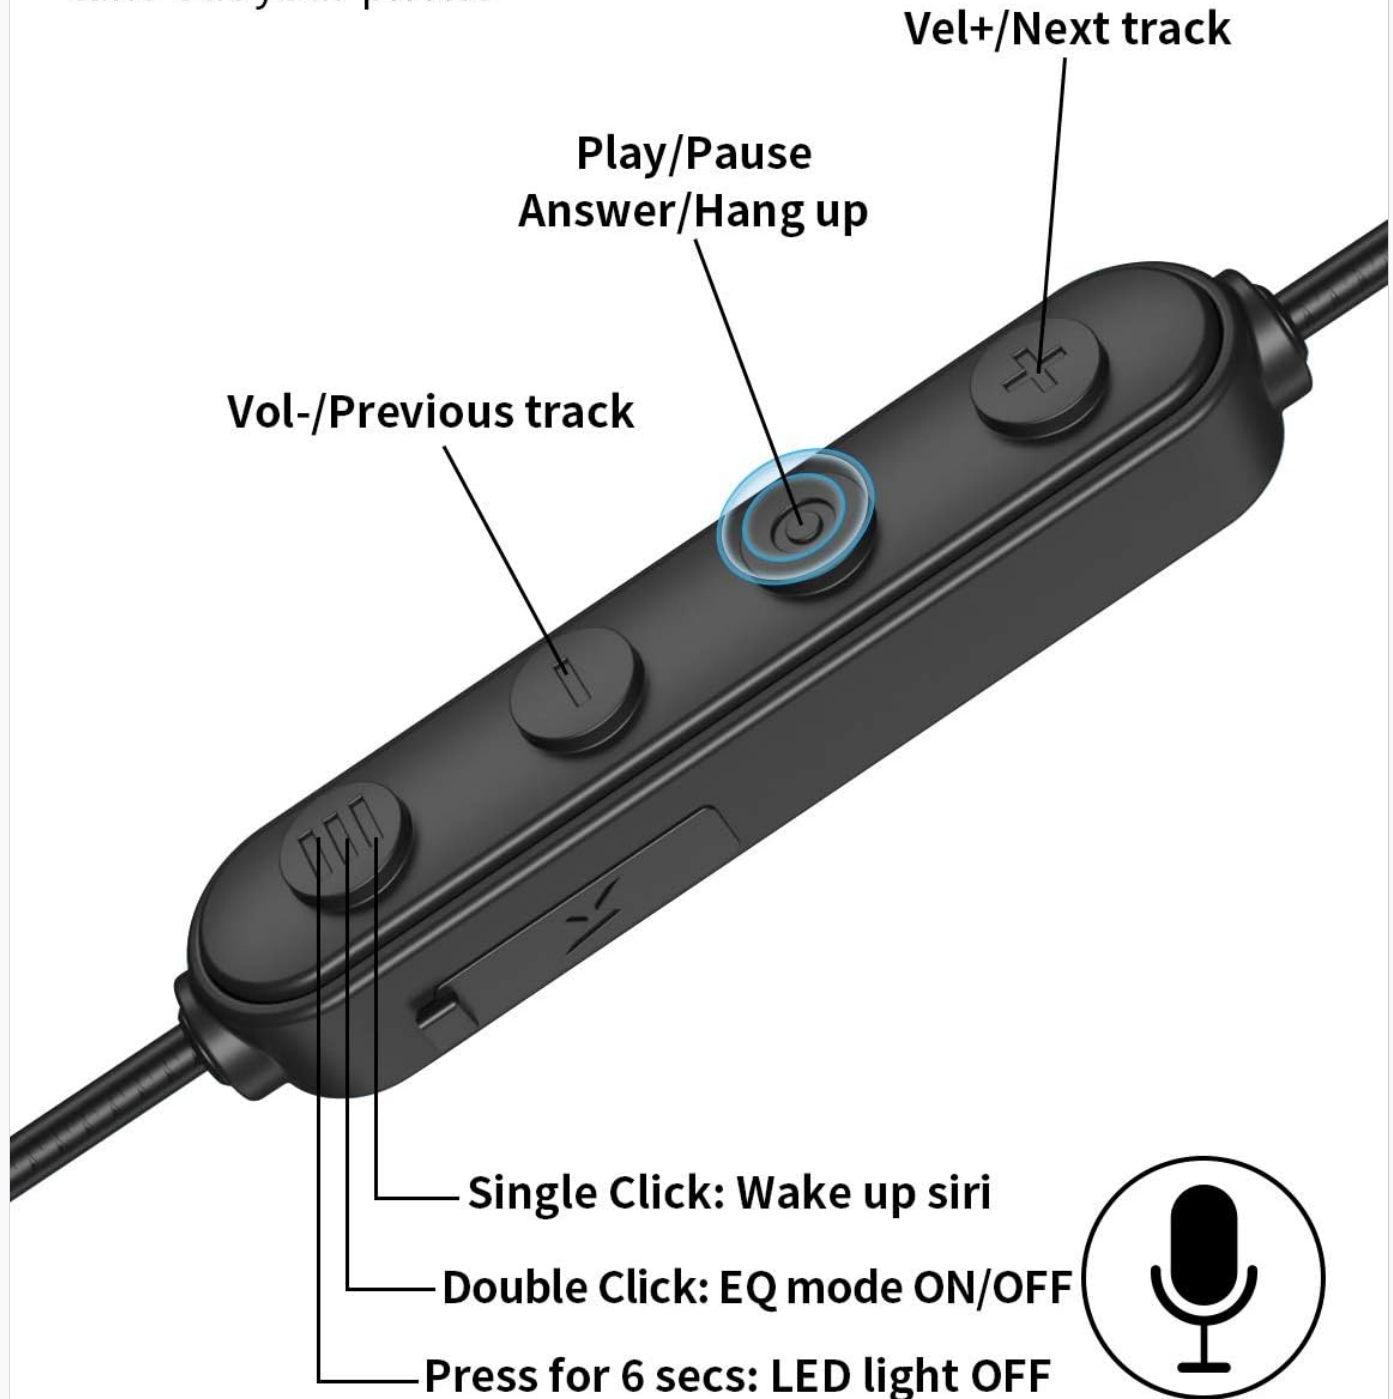

Image: Close-up of the in-line remote control with button functions labeled.

- **Play/Pause/Answer/Hang up:** Press the center button.
- **Volume Up / Next Track:** Press the "+" button for volume up. Hold the "+" button to skip to the next track.
- **Volume Down / Previous Track:** Press the "-" button for volume down. Hold the "-" button to go to the previous track.
- **Wake up Siri (Voice Assistant):** Single click the EQ button.
- **EQ Mode ON/OFF:** Double click the EQ button to switch between sound modes (e.g., normal and deep bass).

- **LED Light ON/OFF:** Press and hold the EQ button for 6 seconds to turn the colorful breathing LED lights on or off.

3.2 Sound Features

The H26X headphones feature redesigned 9mm dynamic drive units and Bluetooth 5.0 technology for a high-fidelity sonic experience, delivering clear midrange, crystal crisp treble, and intense bass. The EQ switch on the remote allows for an even deeper bass and more expansive audio experience.

STUNNING SOUND

Enjoy rich details, vivid, powerful
bass, soaring highs

BLUETOOTH 5.0

SELECTIVE EQ BASS

Fuller highs, deeper bass - adds a higher impact to your music experience.

Image: Earbuds with glowing LED lights, emphasizing "Selective EQ Bass" feature.

3.3 LED Light Functionality

The headphones feature cool 7-color changing LED lights on the earbuds, which can add visual flair, especially during night activities. These lights can be toggled on or off using the EQ button on the in-line remote.

COLORFUL BREATHING LIGHT

Exclusive led light - Get more enjoyment from your music

Hey, Siri

Note: You can press and hold the EQ button for 6 secs to turn off the light.

Image: Earbuds displaying colorful breathing LED lights, with a note about turning them off.

4. MAINTENANCE

4.1 Cleaning

Regularly clean your headphones to maintain hygiene and performance. Use a soft, dry cloth to wipe the earbuds and

neckband. For ear tips, they can be gently removed and cleaned with a mild soap solution, then rinsed and thoroughly dried before reattaching.

4.2 Waterproofing

The Picun H26X headphones feature IPX7 waterproof and sweat-proof nano-coating, ensuring they can withstand workouts and various weather conditions. While they are resistant to sweat and splashes, avoid submerging them in water for extended periods.

IPX7 WATERPROOF

Nano-coating efficiently against damage from rain and sweat

Image: Earbuds shown partially submerged in water, illustrating the IPX7 waterproof feature.

4.3 Storage

When not in use, store your headphones in a clean, dry place away from extreme temperatures. The magnetic design allows the earpieces to connect, preventing tangling and making them easy to wear around your neck without risking loss.

5. TROUBLESHOOTING

- **Headphones not turning on:** Ensure the headphones are fully charged.
- **Cannot pair with device:**
 - Ensure Bluetooth is enabled on your device.
 - Make sure the headphones are in pairing mode (LED flashing).
 - Move the headphones closer to your device.
 - Forget the device from your phone's Bluetooth settings and try pairing again.
- **No sound or low volume:**
 - Check the volume level on both the headphones and your connected device.
 - Ensure the headphones are properly connected to your device.
 - Try switching EQ modes.
- **Microphone issues:** Ensure the microphone is not obstructed and is positioned correctly.
- **LED lights not working/changing:** Press and hold the EQ button for 6 seconds to toggle the LED lights.
