OPERATING INSTRUCTIONS: CREATING YOUR BRACELETS

Follow these steps to create your personalized Juicy Couture bracelets. The kit allows for various designs using beads, charms, and different types of cords and chains.

1. **Select Your Materials:** Choose your desired beads, charms, and either elastic cord, satin cord, or metal chains for your bracelet base. Experiment with different color patterns and bead sizes.

2. **Prepare the Cord/Chain:**

- For elastic or satin cord: Cut the cord to your desired bracelet length, adding extra for tying knots.
- For metal chains: Select the appropriate length of chain. Jump rings will be used to attach charms.

3. **Thread Beads (for cord bracelets):** Carefully thread the chosen beads onto the elastic or satin cord. Experiment with different color patterns and bead sizes.

4. **Attach Charms:**

- For cord bracelets: Attach charms using jump rings at desired intervals or as a central focal point.
- For chain bracelets: Use jump rings to attach charms directly to the chain links.

5. **Secure the Bracelet:**

- For elastic cord: Tie a secure double knot at the ends of the cord after all beads and charms are in place. Trim any excess cord.
- For satin cord: Tie a secure knot, or use a clasp (not included in this kit) if preferred.
- For chain bracelets: Ensure all jump rings are securely closed.

6. **Personalize and Layer:** Create multiple bracelets to layer and mix-and-match for a unique, personalized style.

MAINTENANCE AND CARE

To ensure the longevity of your handmade Juicy Couture bracelets, follow these care guidelines:

- **Avoid Water:** Do not wear bracelets while swimming, bathing, or showering, as water can damage the charms and weaken the cords.
- **Chemicals:** Keep bracelets away from harsh chemicals, perfumes, lotions, and hairsprays, which can tarnish metal components or discolor beads.
- **Storage:** Store your bracelets in a dry place, preferably in a jewelry box or pouch, to prevent tangling and scratching.
- **Cleaning:** Gently wipe charms and beads with a soft, dry cloth if needed. Avoid abrasive cleaners.
- **Handle with Care:** While durable, handmade jewelry can be delicate. Avoid excessive pulling or snagging to prevent breakage.

TROUBLESHOOTING

If you encounter any issues while creating or wearing your bracelets, consider the following:

- **Knots Untying:** Ensure all knots, especially on elastic cords, are double-knotted and pulled tight. A small drop of clear craft glue (not included) can be applied to secure knots further.
- **Charms Detaching:** Double-check that all jump rings are fully closed. Use small pliers (not included) to gently squeeze jump rings shut if they are open.
- **Beads Falling Off:** If beads are falling off a cord, the knot may not be secure, or the cord may be damaged. Re-thread and re-tie the cord.
- **Limited Materials:** The kit contains enough materials for 10 bracelets. If you run out of specific components, consider using alternative beads or charms from other craft supplies.
