3. SETUP

3.1 Battery Installation

1. Locate the battery compartment cover on the back of the radio.
2. Gently slide the cover downwards to remove it.
3. Insert the 3000mAh Lithium-ion battery, ensuring the contacts align correctly with the terminals inside the compartment.
4. Replace the battery compartment cover and slide it upwards until it clicks into place.

3.2 Charging the Battery

The RT67 radios come with individual charging bases and USB cables for convenient recharging.

1. Connect the USB charging cable to the charging base.
2. Plug the USB cable into a compatible USB power source (e.g., PC, car charger, wall adapter).
3. Place the radio unit into the charging base. The indicator light on the base will show charging status (typically red for charging, green for fully charged).
4. A full charge typically takes approximately 4 hours and provides up to 15 hours of average use.

3.3 Attaching the Belt Clip

The belt clip can be attached to the back of the radio for easy carrying.

1. Align the belt clip with the designated screw holes on the back of the radio.
2. Secure the belt clip using the provided screws.
