Tosuny Solar Luck Kitty Instruction Manual

Model: Tosunybom8hwgpse-03

1. INTRODUCTION

The Tosuny Solar Luck Kitty is a decorative figurine designed to symbolize good fortune, wealth, and health. This solar-powered beckoning cat features a waving arm that operates automatically when exposed to sufficient light. It is suitable for various indoor environments such as homes, offices, restaurants, and retail spaces.

2. PRODUCT FEATURES

- **Solar Powered:** The waving arm operates using solar energy, eliminating the need for batteries or external power sources.
- **Durable Material:** Constructed from quality plastic, ensuring eco-friendliness, good toughness, and long-lasting durability.
- **Symbolic Design:** Features a traditional Chinese lucky cat (Maneki Neko) design, thought to bring wealth, health, and good luck.
- **Versatile Placement:** Ideal for placement in cars, homes, restaurants, stores, and other indoor locations.
- **Compact Size:** Designed to be a convenient and unobtrusive decorative item.

Made of quality plastic, eco-friendly, good toughness and durable

Its arm will swing back and forth which is thought to beckon wealth, health and good luck

3. SETUP

The Tosuny Solar Luck Kitty requires minimal setup. Follow these steps for proper placement:

1. **Unpack:** Carefully remove the figurine from its packaging.
2. **Choose Location:** Select an indoor location that receives sufficient natural or artificial light. The solar panel, located at the base of the figurine, needs light exposure to power the waving arm.
3. **Placement:** Place the figurine on a flat, stable surface. Ensure the solar panel is not obstructed.

4. OPERATING INSTRUCTIONS

The Tosuny Solar Luck Kitty operates automatically:

- Once placed in an area with adequate light, the solar panel will convert light into energy, causing the cat's arm to wave continuously.
- There is no on/off switch. The waving motion will cease when the light source is removed or when the environment becomes dark.

5. MAINTENANCE

To ensure the longevity and optimal performance of your Solar Luck Kitty, follow these maintenance guidelines:

- **Cleaning:** Wipe the figurine gently with a soft, dry cloth to remove dust. Avoid using abrasive cleaners or harsh chemicals, as these may damage the surface or solar panel.
- **Solar Panel:** Keep the solar panel clean and free from dust or obstructions to ensure efficient light absorption and continuous waving.
- **Storage:** If storing the figurine for an extended period, keep it in a dry place away from direct sunlight to prevent potential material degradation.

6. TROUBLESHOOTING

If your Solar Luck Kitty's arm is not waving, consider the following:

- **Insufficient Light:** Ensure the figurine is placed in an area with adequate natural or artificial light. The solar panel requires light to generate power.
- **Obstructed Solar Panel:** Check if the solar panel at the base is covered by dust, debris, or other objects. Clean the panel if necessary.
- **Dark Environment:** The arm is designed to stop waving in dark conditions as there is no light to power the solar panel. This is normal operation.

7. SPECIFICATIONS

Product Dimensions	2.83 x 2.76 x 2.48 inches (7.2 x 7 x 6.3 cm)
Item Weight	2.01 ounces (57 grams)
Model Number	Tosunybom8hwgpse-03
Material	Plastic
Power Source	Solar
