4. SETUP

4.1. Charging the Camera

Before first use, fully charge the camera. Connect the provided USB charging cable to the camera's charging port and a compatible USB power adapter (not included) or computer USB port. The charging indicator light will illuminate during charging and turn off when fully charged.

Important: Use a charger with an output of no more than 1A. Avoid fast chargers, as they can damage the battery. Charging should be supervised by an adult.

4.2. Inserting/Removing the SD Card

The camera comes with a 32GB Micro SD card pre-installed. If you need to remove or insert the card:

1. Gently lift the silicone cover to expose the SD card slot.
2. To insert, push the Micro SD card into the slot until it clicks into place.
3. To remove, gently push the card again until it pops out.

4.3. Attaching the Lanyard

Attach the provided lanyard to the camera for easy carrying and to prevent accidental drops. Thread the lanyard through the designated loops on the camera's silicone cover.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

Press and hold the power button (usually located on the top or side) for a few seconds to turn the camera on or off.

5.2. Navigation

Use the directional buttons (up, down, left, right) to navigate through the menu options. Press the "OK" or shutter button to select an option.

5.3. Taking Photos

1. From the main menu, select the camera icon.
2. Frame your shot using the LCD screen.
3. Press the shutter button (top right) to take a picture.
4. To switch to selfie mode, use the appropriate button (refer to the camera's button layout).

Video Record Function

5.5. Playback

Select the playback icon from the main menu to view your captured photos and videos. Use the directional buttons to browse through them.

5.6. Special Features

- **Frames and Filters:** Access various fun frames and filters from the camera menu to add creative effects to your photos.
- **Digital Zoom:** Use the zoom buttons (if available) to adjust the 8X digital zoom.
- **Games:** The camera includes multiple puzzle games for entertainment.

6. MAINTENANCE

- Keep the camera clean by wiping it with a soft, dry cloth.
- Avoid exposing the camera to extreme temperatures or direct sunlight for extended periods.
- Ensure the charging port and SD card slot are free from dust and debris.

7. TROUBLESHOOTING

Problem	Solution
Camera does not turn on.	Ensure the battery is charged. Connect to a charger and try again.
Cannot take photos/videos.	Check if the SD card is inserted correctly and has sufficient storage space.

Problem	Solution
Poor image quality.	Ensure adequate lighting. Clean the camera lens if it's dirty.
Camera freezes.	Press the reset button (if available, refer to product diagram) or hold the power button for 10 seconds to force a restart.
