3. SETUP INSTRUCTIONS

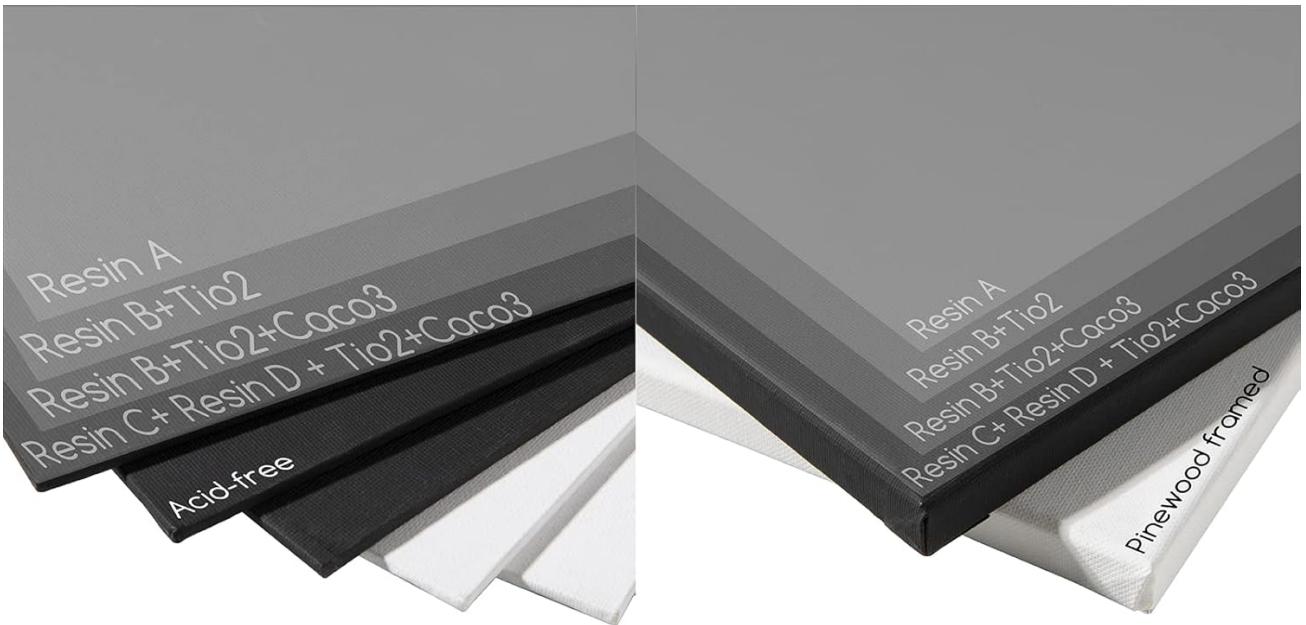

3.1 French Easel Assembly

The French easel is handcrafted from solid European beech wood and comes largely pre-assembled for your convenience. It is designed for both sitting and standing positions, with a fully adjustable height ranging from 57 to 72 inches. To set up your easel:

1. Carefully unpack the easel from its packaging.
2. Unfold the legs and adjust them to your desired height and stability. Ensure all locking mechanisms are securely fastened.
3. Adjust the canvas support to the appropriate angle and height for your artwork.
4. Utilize the 2-layer storage drawer for organizing your paints, brushes, and other small tools.

Features

Figure 4: The easel features a convenient handle and shoulder strap for portability.

3.2 Organizing Your Supplies

The set includes various types of paints and brushes. Consider organizing them by type (acrylic, oil, watercolor, gouache) and size for easy access during your creative process. The easel's storage drawer is ideal for keeping frequently used items close at hand.

4. OPERATING INSTRUCTIONS

4.1 Paint Usage Guidelines

Your set includes 96 vibrant colors across four mainstream techniques:

- **Basic Acrylic Paints:** 12 x 22ml tubes. These paints are versatile, quick-drying, and water-soluble when wet, becoming water-resistant when dry.
- **Metallic Acrylic Paints:** 12 x 22ml tubes. Offer a characteristic metal-like luster, perfect for adding unique effects.
- **Oil Paints:** 24 x 22ml tubes. Known for their rich pigmentation and slow drying time, allowing for extended blending and layering.

- **Watercolor Paints:** 24 x 12ml tubes. Transparent and re-wettable, ideal for washes and delicate layering.
- **Gouache Paints:** 24 x 12ml tubes. Opaque watercolors, offering vibrant, matte finishes and excellent coverage.

All MEEDEN paints conform to AP and CE standards and have passed ASTM D-4236 testing, ensuring safety and quality.

Figure 5: An overview of the different paint types included in the set.

4.2 Brush Selection and Usage

The set includes 30 paintbrushes suitable for various techniques:

- **Oil Paintbrushes (10 pieces):** High tenacity hog bristles, sturdy and durable, designed to pick up a great amount of paint.
- **Acrylic Paintbrushes (10 pieces):** Artist-grade nylon hair with super polymerization, water absorption, and elasticity.
- **Watercolor/Gouache Paintbrushes (10 pieces):** High-tech polymeric nylon hair with excellent water-control and long-lasting durability.
- **Detail Paintbrushes (2 pieces):** For fine lines and intricate work.

Oil Painting Brushes - High tenacity hog bristles, sturdy and durable

Acrylic Paint Brushes - Polymeric nylon hairs, flexible and soft

Watercolor Painting Brushes - Soft nylon hairs great water absorption

4.3 Canvas and Paper Preparation

Your set provides a variety of surfaces for your artwork:

- **Stretched Canvas & Panels Set:** Includes various sizes (e.g., 16"x20", 11"x14", 10"x10"). These are 100% cotton, 4-layer primed with 8 oz gesso, 280gsm, and acid-free.
- **Canvas Pad:** 10 sheets of 100% cotton, 4-layer primed, 8 oz gesso, 280gsm.
- **Watercolor Sketchbook:** 100% cotton, cold-pressed, acid-free paper, ideal for watercolor techniques.
- **Disposable Palette Pad:** 20 sheets with a waxed surface, degradable and recyclable, for easy paint mixing.

5. MAINTENANCE

5.1 Easel Care

To ensure the longevity of your French easel, wipe it down with a dry or slightly damp cloth after each use to remove any paint residue. Avoid using harsh chemicals that may damage the wood finish. Store the easel in a dry environment to

prevent warping or damage.

5.2 Brush Cleaning and Storage

Proper cleaning of your paintbrushes is crucial for their lifespan:

- 1. Acrylic & Watercolor Brushes:** Rinse immediately with water after use until all paint is removed. For stubborn paint, use mild soap and water.
- 2. Oil Brushes:** Clean with a suitable brush cleaner or mineral spirits, then wash with soap and water.
3. Reshape the bristles gently and allow brushes to dry completely before storing them upright or flat to prevent damage to the bristles.

5.3 Paint Storage

Ensure paint caps are tightly sealed after each use to prevent drying. Store paints at room temperature, away from direct sunlight or extreme temperatures.

6. TROUBLESHOOTING

6.1 Easel Stability Issues

If your easel feels wobbly, ensure all leg extensions are fully extended and their locking mechanisms are securely tightened. Check that the canvas support is properly seated and locked into place.

6.2 Paint Consistency

If acrylic or gouache paints appear too thick, you can thin them slightly with water. For oil paints, use a small amount of linseed oil or a suitable oil painting medium to adjust consistency. If paints have dried in the tube, they may not be recoverable.

6.3 Brush Stiffness

If brushes become stiff due to dried paint, soak them in warm water with a mild soap (for water-based paints) or appropriate solvent (for oil paints) for a few hours, then clean thoroughly. Regular cleaning after each use prevents this issue.

7. SPECIFICATIONS

Feature	Detail
