Ceppekyy H01

Wireless Earbuds User Manual

Model: H01 | Brand: Ceppekyy

INTRODUCTION

Thank you for choosing the Ceppekyy H01 Wireless Earbuds. These earbuds are designed to provide a high-fidelity audio experience with advanced features such as Bluetooth 5.0 connectivity, automatic pairing, and a portable charging case with an LED battery display. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance and longevity.

PACKAGE CONTENTS

Please verify that all items listed below are included in your package:

- 2 x Wireless Earbuds (Left and Right)
- 1 x Portable Charging Case
- 1 x USB Type-C Charging Cable
- 2 x Pairs of Silicone Ear Caps (Small, Large)
- 1 x User Manual

PRODUCT DIAGRAM

Familiarize yourself with the different parts of your Ceppekyy H01 Wireless Earbuds and charging case:

- **Charging Case:** Houses and charges the earbuds, features an LED battery display for both earbuds and the case itself. Includes a Type-C charging input and a USB output for power bank functionality.
- **Earbuds:** Each earbud features a multifunction touch button, flash light/microphone, and magnetic charging contacts.

SETUP

Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

1. Place the earbuds into their respective slots in the charging case. Ensure the magnetic contacts align.
2. Connect the provided USB Type-C cable to the charging case's Type-C input port and the other end to a USB power source (e.g., wall adapter, computer USB port).
3. The LED display on the charging case will indicate the charging status. The charging case takes approximately 1.5 hours to fully charge, and the earbuds take about 45 minutes.

The 2000mAh charging case can provide up to 15 full charges for the earbuds, offering over 80 hours of total playtime. It can also serve as an emergency power bank for other devices via its USB output port.

Pairing with Your Device

The Ceppekyy H01 earbuds feature an automatic pairing system for a hassle-free experience.

1. **Initial Pairing:** Open the charging case and take out both earbuds. They will automatically power on and enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "H01" from the list of found devices to connect. Once connected, you will hear a confirmation prompt.

After the initial pairing, the earbuds will automatically connect to the last paired device when taken out of the case. Both the left and right earbuds can be used independently (Master-Slave Switching Freely).

ONE STEP AUTOMATIC PAIRING

1, Take earbuds out of charging case

2, Connect to the "H01" from your device

NOTE: UPGRADE Double-earbuds MODE: Master-slave switching freely, earbuds will always pairing automatically

OPERATING THE EARBUDS

Touch Controls

The Ceppekyy H01 earbuds feature smart touch controls on each earbud for easy management of calls and music playback.

- **Play/Pause:** Single tap on either earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold on either earbud.
- **Next Song:** Double tap on the Right earbud.
- **Previous Song:** Double tap on the Left earbud.
- **Volume Up:** Triple tap on the Right earbud.
- **Volume Down:** Triple tap on the Left earbud.
- **Activate Voice Assistant (Siri/Google Assistant):** Press and hold for 2 seconds on either earbud.

- **Power On/Off:** Press and hold for 5 seconds (when not in case).

MAINTENANCE

Proper maintenance ensures the longevity and performance of your earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using abrasive materials or harsh chemicals.
- **Ear Tips:** Remove and clean the silicone ear tips periodically to prevent wax buildup, which can affect sound quality.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Water Resistance:** The earbuds are IPX7 waterproof, meaning they can resist sweat and water splashes. They are ideal for gym and outdoor activities. However, they are not designed for prolonged submersion. **Do not put the earbuds into water over 1 meter deep or for longer than 30 minutes, as this will cause damage. The earbuds will automatically turn off in water.**

Image: Demonstration of the IPX7 waterproof feature.

TROUBLESHOOTING

If you encounter any issues with your Ceppekyy H01 earbuds, please refer to the following common solutions:

- **Only one earbud has sound:** Place both earbuds back into the charging case, close the lid, then take them out together again. Alternatively, try turning them off and on manually.
- **Interference/Disconnection:** Avoid using the earbuds in areas with intensive Wi-Fi signals, as wireless and Wi-Fi devices operating on the same 2.4GHz frequency band can cause interference.
- **Earbuds not charging:** Ensure the earbuds are correctly seated in the charging case and the case itself has sufficient charge. Clean the charging contacts on both the earbuds and the case.
- **Earbuds not pairing:** Ensure Bluetooth is enabled on your device and the earbuds are out of the case. If issues persist, try forgetting the device in your phone's Bluetooth settings and re-pairing.
- **Earbuds automatically turn off:** If not paired for 3 minutes, the earbuds will automatically power off to save

battery.
