3. PRODUCT FEATURES

- **2-in-1 Design:** The stylus features a 1mm high-sensitive tip for precise writing and drawing, and a fiber cap for general navigation and browsing, offering versatile use.

2-In-1 Design

Smooth Fiber Tip

Used for browsing the website, playing games and other recreational use.

1mm High Sensitive Tip

Perfect for drawing, note-taking and other professional use.

Come with 3 replacement tip

Image: The TiMOVO Stylus Pen highlighting its dual design with a precise 1mm tip for detailed work and a smooth fiber tip for general screen interaction.

- **Palm Rejection Technology:** This feature allows you to rest your palm comfortably on the iPad screen while writing or drawing without causing unintended marks or interference.

Palm Rejection Technology

TiMOVO : reject accidental palm touches

Others : palm touches leave incorrect marks

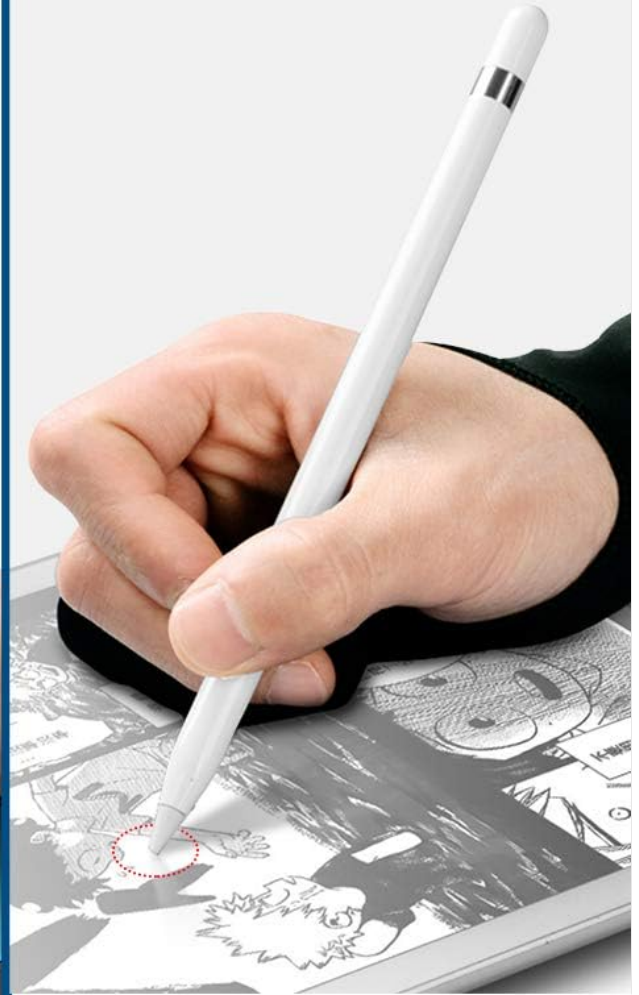

Image: A visual comparison demonstrating the effectiveness of palm rejection technology, showing a hand resting on the screen while using the TiMOVO Stylus without accidental touches, contrasted with a generic stylus causing unwanted marks.

- **Smooth and Accurate Writing:** Experience fluid and precise input for all your tasks, from note-taking to artistic creation, without jagged lines or screen scratches.
- **Long Battery Life:** A 60-minute charge provides approximately 20 hours of continuous use. The stylus automatically powers off after 5 minutes of inactivity to conserve battery.

Energy Efficient

Automatically power-off when no pressure changes in 5 minutes.

5. OPERATING INSTRUCTIONS

The TiMOVO Stylus Pen offers a natural and efficient way to interact with your iPad.

- **Writing and Drawing:** Use the 1mm fine tip for detailed tasks such as writing notes, sketching, or drawing. The high sensitivity ensures accuracy.
- **General Navigation:** The fiber cap can be used for browsing websites, scrolling, or playing games, providing a smooth alternative to finger input.

Image: A user interacting with an iPad using the smooth fiber tip of the TiMOVO Stylus Pen for convenient web browsing.

- **Palm Rejection:** Feel free to rest your hand on the iPad screen while using the stylus. The integrated palm rejection technology will prevent accidental touches from interfering with your work.

Image: A user drawing on an iPad with the TiMOVO Stylus Pen, demonstrating the palm rejection technology that allows comfortable hand placement on the screen.

6. CHARGING

To charge your TiMOVO Stylus Pen:

1. Remove the magnetic cap from the end of the stylus to reveal the charging port.
2. Connect the provided USB charging cable to the stylus.
3. Plug the other end of the USB cable into a power source such as a power bank, car charger, or laptop.
4. A full charge takes approximately 60 minutes and provides up to 20 hours of continuous use.
5. The stylus will automatically power off after 5 minutes of inactivity to conserve battery life.

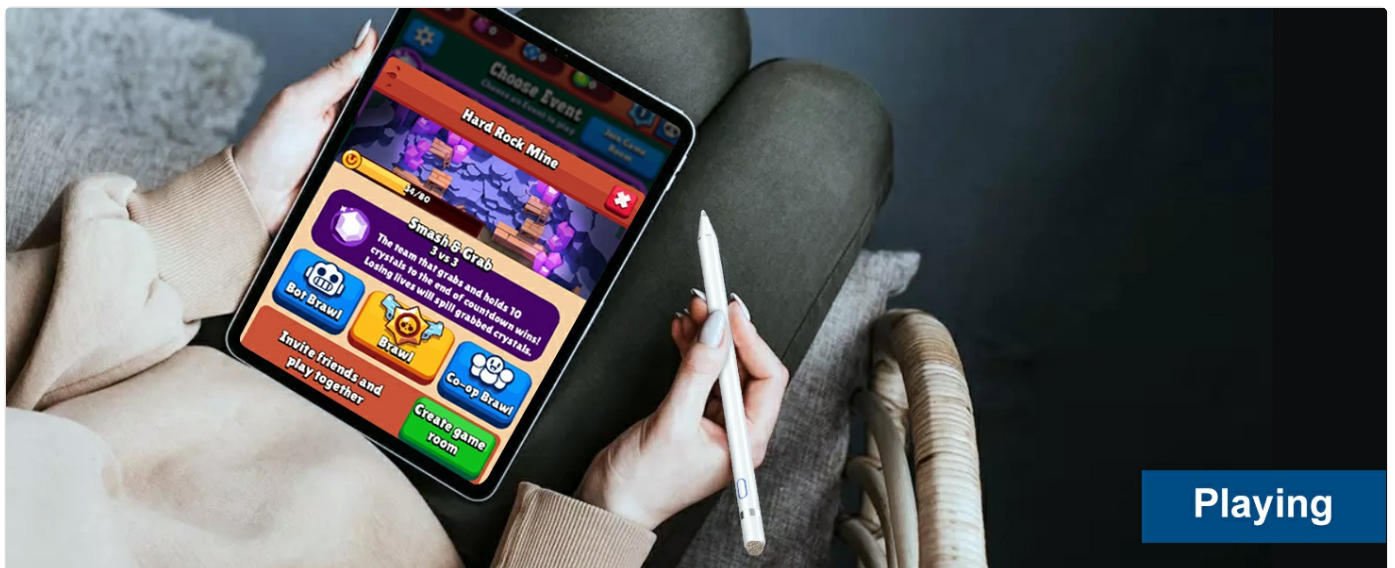

Image: The TiMOVO Stylus Pen connected to a USB charging cable, illustrating the charging process and highlighting its long battery life of 20 hours of continuous work.

7. MAINTENANCE

7.1 Replacing Tips

To replace a worn-out tip:

1. Gently twist the existing tip counter-clockwise to remove it.

2. Select a new replacement tip from the package.
3. Align the new tip and gently twist it clockwise until it is securely in place. Do not overtighten.

Image: A diagram illustrating the simple process of twisting off the old stylus tip and twisting on a new replacement tip.

7.2 General Care

- Keep the stylus clean by wiping it with a soft, dry cloth.
- Always use the magnetic cap to protect the charging port when not in use.
- Avoid dropping the stylus or exposing it to extreme temperatures or moisture.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Stylus not responding.	Battery is low or depleted.	Charge the stylus fully.
Stylus not responding.	Stylus is not powered on.	Press the power button to turn it on (blue light should be visible).
Stylus not responding.	Incompatible iPad model.	Verify your iPad model against the compatibility list in Section 2. This stylus is only compatible with iPad models from 2018 and later.
Inaccurate or inconsistent input.	Worn-out tip.	Replace the stylus tip as described in Section 7.1.
Accidental touches from palm.	iPad iOS system is outdated.	Ensure your iPad's iOS system is updated to iOS 12.2 or above for optimal palm rejection performance.
