Introduction

This guide provides essential information for the Rampage DVD, including instructions for playback, proper care, troubleshooting common issues, and detailed technical specifications. Ensure you read through this manual to optimize your viewing experience and maintain the longevity of your DVD.

Getting Started

Follow these steps to begin watching your Rampage DVD:

1. **Unpack the DVD:** Carefully remove the DVD disc from its case, holding it by the edges to avoid touching the playable surface.
2. **Prepare your DVD Player:** Ensure your DVD player or Blu-ray player is connected to your television or display device and powered on.
3. **Insert the Disc:** Gently insert the DVD into the disc tray of your player with the label side facing up. Close the

disc tray.

4. **Select Input:** Switch your television's input source to the correct HDMI or AV input connected to your DVD player.
5. **Automatic Playback:** The DVD should automatically load and display the main menu or begin playback.

Playback and Navigation

Navigate the DVD content using your remote control:

- **Play Movie:** Select "Play Movie" or "Start" from the main menu to begin the film.
- **Scene Selection:** Use the "Scene Selection" or "Chapters" option to jump to specific parts of the movie.
- **Audio Options:** Access the "Audio" or "Language" menu to change the audio track (e.g., English 5.1 Surround, English Stereo).
- **Subtitle Options:** Select "Subtitles" or "Captions" to enable or disable subtitles, and choose your preferred language (e.g., English, Spanish, French).
- **Special Features:** Explore the "Special Features" menu for bonus content such as behind-the-scenes footage, deleted scenes, or trailers.

Care and Handling

Proper care ensures the longevity and optimal performance of your DVD:

- **Handle by Edges:** Always hold the DVD by its outer edges or the center hole to prevent fingerprints and scratches on the data surface.
- **Clean Gently:** If the disc is dirty, wipe it gently from the center outwards with a soft, lint-free cloth. Do not use abrasive materials or harsh chemicals.
- **Store Properly:** Store the DVD in its original case, away from direct sunlight, extreme temperatures, and high humidity.
- **Avoid Bending:** Do not bend or flex the disc, as this can cause irreparable damage.
- **Keep Away from Liquids:** Ensure the disc does not come into contact with liquids.

Troubleshooting

If you encounter issues during playback, refer to the following common problems and their solutions:

Problem	Solution
Disc not playing or loading.	Ensure the disc is inserted correctly (label side up). Check if the disc is clean and free of scratches. Try restarting your DVD player.
Video or audio skipping/freezing.	Clean the disc surface with a soft cloth. Check for visible scratches or smudges. Ensure your DVD player's lens is clean (refer to your player's manual for cleaning instructions).
No audio.	Check your TV and DVD player's volume settings. Ensure audio cables are securely connected. Verify the correct audio track is selected in the DVD menu.
No picture.	Ensure your TV is on the correct input source. Check video cables for secure connection. Try another DVD to confirm player functionality.

Problem	Solution
Remote control not working.	Check the batteries in your remote. Ensure there are no obstructions between the remote and the DVD player's sensor.
