

AUNA 10034088

Auna DAB Portable Radio User Manual

Model: 10034088

INTRODUCTION

Thank you for choosing the Auna DAB Portable Radio. This compact system combines modern digital radio reception (DAB/DAB+) with traditional FM radio, a CD player, Bluetooth connectivity, USB playback, and AUX input. It features a clear TFT display and can be controlled via remote or app. This manual provides essential information for safe and efficient operation of your device.

SAFETY INSTRUCTIONS

- Read all instructions carefully before use and retain them for future reference.
- Do not expose the unit to rain or moisture to prevent fire or electric shock.
- Ensure the power supply voltage matches the rating label on the unit.
- Do not block ventilation openings. Install in accordance with the manufacturer's instructions.
- Protect the power cord from being walked on or pinched.
- Unplug the unit during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way.
- Do not place objects filled with liquids, such as vases, on the apparatus.
- Avoid placing the unit near heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

PACKAGE CONTENTS

- 1 x Auna Compact System (Model: 10034088)
- 1 x Remote Control
- 1 x Power Adapter
- 1 x User Manual (English and German)

PRODUCT OVERVIEW

Figure 1: Front view of the Auna DAB Portable Radio, showcasing the central TFT display, control knobs, buttons, and dual speakers. The unit is white with a brushed metal front panel.

Figure 2: Detailed view of the 7 cm TFT color display and main control panel. The display shows various mode icons including Internet Radio, My Music, DAB Radio, Media Player, CD, and AUX. Below the display are buttons for Scan, Stop, Function, Info, Menu, and a central volume/select knob. USB and Audio In ports are also visible.

Figure 3: Illustration showing the dimensions of the Auna DAB Portable Radio (38 cm width, 14 cm height, 22 cm depth) and its various connection ports: Aux, USB, Line-In, and Line-Out. The image also highlights the alarm, timer, and snooze functions.

The Auna DAB Portable Radio is designed for versatile audio playback. It features a CD player compatible with standard audio CDs and MP3 CDs, a USB port for media playback, and Bluetooth for wireless streaming from compatible devices. The unit supports DAB, DAB+, and FM radio, providing access to a wide range of stations. Its integrated Wi-Fi allows for internet radio streaming and Spotify Connect functionality. The clear TFT display provides easy navigation and information at a glance.

SETUP

1. Initial Setup

- Unpacking:** Carefully remove the unit from its packaging. Retain the packaging for future transport or storage.
- Placement:** Place the radio on a stable, flat surface away from direct sunlight, heat sources, and moisture. Ensure adequate ventilation around the unit.
- Power Connection:** Connect the supplied power adapter to the DC IN port on the back of the unit, then plug the adapter into a standard wall outlet (100-240V~, 50-60Hz).

- 4. **Antenna:** Extend the telescopic antenna fully for optimal FM and DAB/DAB+ radio reception. Adjust its position for the best signal.
- 5. **Remote Control Batteries:** Insert 2 x R6 AAA 1.5V batteries (not included) into the remote control, observing polarity.

2. Network Connection (Wi-Fi)

To access Internet Radio and Spotify Connect, the unit must be connected to a Wi-Fi network.

- 1. Power on the unit.
- 2. Navigate to the "Settings" menu using the control knob or remote.
- 3. Select "Network" or "Wi-Fi Setup".
- 4. Choose "Scan Network" to find available Wi-Fi networks.
- 5. Select your desired network from the list.
- 6. Enter the Wi-Fi password using the on-screen keyboard and the control knob. Confirm your entry.
- 7. Once connected, the unit will display a confirmation message.

OPERATING INSTRUCTIONS

1. Power On/Off

- Press the **STANDBY** button on the unit or remote control to turn the unit on or off.

2. Mode Selection

- Press the **FUNCTION** button on the unit or the corresponding mode buttons on the remote control (e.g., DAB, FM, CD, Bluetooth, USB, AUX, Internet Radio) to switch between different audio sources.

3. Radio Operation (DAB/DAB+ and FM)

1. Select DAB or FM mode.
2. For DAB, the unit will automatically scan for available stations upon first use. For FM, press the **SCAN** button to auto-scan.
3. Use the **TUNING / SKIP** buttons or the control knob to navigate through available stations.
4. To save a preset, press and hold the **PRESET** button (if available on remote) or navigate to the preset menu and follow on-screen instructions.

4. CD Player Operation

ASCOLTARE TUTTO IL MONDO ALLA RADIO: FINO A 10.000 STAZIONI WEB GRAZIE AL WIFI

CLASSICO

Con lettore CD integrato

CONNESSIONE A SPOTIFY

Per ascoltare oltre 40 milioni di canzoni e podcast

Figure 5: A user inserting a compact disc into the front-loading CD slot of the Auna DAB Portable Radio. This image emphasizes the integrated CD player functionality.

1. Select CD mode.
2. Gently insert a CD into the disc slot with the label side facing up. The unit will automatically load the disc.
3. Playback will begin automatically. Use the **PLAY/PAUSE**, **STOP**, and **TUNING / SKIP** buttons to control playback.

5. Bluetooth Pairing

1. Select Bluetooth mode on the unit. The display will show "Pairing" or "Waiting for connection".
2. Enable Bluetooth on your smartphone, tablet, or other compatible device.
3. Search for "Auna Harvard" or similar in your device's Bluetooth list and select it to pair.
4. Once connected, you can stream audio wirelessly from your device to the radio.

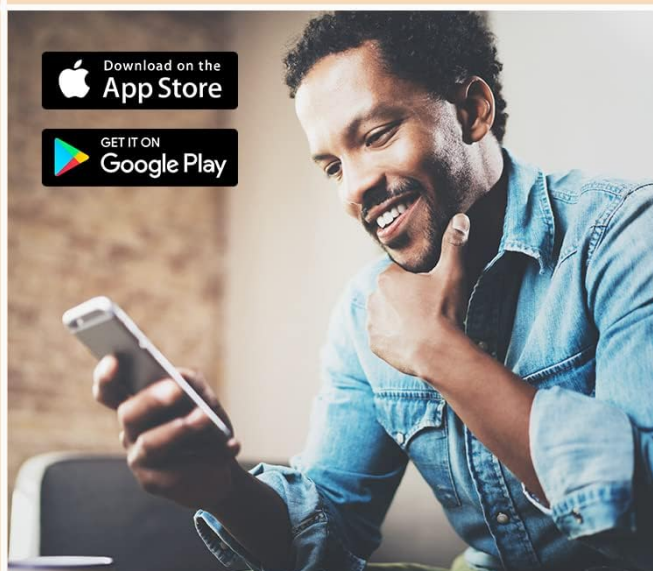

Figure 6: A user interacting with the Auna DAB Portable Radio via a smartphone application, demonstrating wireless music streaming and smart control functionality. The image also shows the "Download on the App Store" and "GET IT ON Google Play" logos, indicating app availability.

6. USB Playback

- Insert a USB flash drive into the USB port on the front of the unit.
- Select USB mode. The unit will automatically detect and play compatible audio files (e.g., MP3).
- Use the navigation buttons to browse folders and tracks.

7. AUX Input

- Connect an external audio device (e.g., MP3 player, smartphone) to the AUX IN port using a 3.5mm audio cable (not included).
- Select AUX mode. Audio from the connected device will play through the radio's speakers.

8. Alarm and Timer Functions

- Access the "Alarm" or "Timer" settings through the main menu.
- Follow the on-screen prompts to set alarm times, snooze duration, and sleep timer.

MAINTENANCE

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the exterior of the unit. Do not use abrasive cleaners, waxes, or solvents.
- **CD Player:** To clean the CD lens, use a commercially available CD lens cleaner.
- **Storage:** If the unit will not be used for an extended period, unplug it from the power outlet and store it in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power cord not connected; Power outlet faulty	Ensure power cord is securely connected. Try a different power outlet.
No sound	Volume too low; Mute function active; Incorrect source selected	Increase volume. Deactivate mute. Select the correct input source (CD, DAB, Bluetooth, etc.).
Poor radio reception	Antenna not extended; Weak signal; Interference	Fully extend and adjust the telescopic antenna. Move the unit to a location with better signal. Keep away from other electronic devices.
CD not playing	Disc inserted incorrectly; Disc dirty or scratched; Incompatible disc format	Insert disc with label side up. Clean the disc with a soft cloth. Ensure it is an audio CD or MP3 CD.
Bluetooth pairing failed	Device not in pairing mode; Bluetooth disabled on external device; Too far from unit	Ensure the radio is in Bluetooth pairing mode. Enable Bluetooth on your external device. Move devices closer.
Wi-Fi connection unstable or lost	Weak Wi-Fi signal; Incorrect password; Router issues	Move the unit closer to the Wi-Fi router. Re-enter Wi-Fi password. Restart your router.
