Sudecon Decontaminant Towelette User Manual

Model: B07WFX2KX5 | Brand: SW Sales

Product Overview

Sudecon is a specialized decontaminant towelette designed for the rapid and effective removal of chemical agents from the skin. Its patented formula is free of alcohol/ethanol and is formulated to be safe for use. It aims to quickly decontaminate affected areas, reduce discomfort, and restore normal function, particularly after exposure to defense sprays.
This product is designed to instantly decontaminate by lifting and removing chemical agents from the skin, spontaneously stopping the burning sensation and restoring vision, typically within 7-15 minutes or less. It is effective on various types of defense sprays, including OC, CS, CN, and OC/CS blends. Sudecon is a topical solution applied to closed eyes, eliminating the need to force eyes open or repeatedly spray them. It can also be applied prior to training exposure to mitigate the effects of defense sprays. Field-proven by military, law enforcement, EMS, and medical personnel, Sudecon is easy to use, requires no additional soap or water, and contains all-natural ingredients. It is also suitable for cleaning contaminated surfaces such as leather gear, handcuffs, and steering wheels, and is environmentally safe.

Safety Information

Important Safety Precautions:

- Avoid direct contact with eyes.
- If irritation occurs, discontinue use immediately.
- Dispose of used towelettes properly according to local regulations.
- Keep out of reach of children.
- For external use only. Do not ingest.

Directions for Use

Follow these steps for effective decontamination:

1. **Preparation:** Ensure the affected individual is in a safe and well-ventilated area.
2. **Open Towelette:** Tear open the Sudecon towelette pouch. The towelette expands to a size of approximately 7.5 x 11.5 inches.
3. **Application:** Wipe all affected areas of the skin thoroughly. For facial exposure, apply the topical solution to closed eyes. There is no need to force eyes open or spray them repeatedly.

4. **Decontamination:** The towelette works by lifting and removing chemical agents from the skin, helping to instantly decontaminate the area.
5. **Relief:** Expect the burning sensation to subside and vision to be restored typically within 7-15 minutes or less.
6. **No Additional Washing:** This product requires no additional soap or water for effectiveness.
7. **Multiple Wipes:** It is recommended to use no less than two wipes per person for complete decontamination.

Note: Sudecon can also be applied prior to training exposure to reduce the effects of defense sprays. It is also effective for cleaning contaminated surfaces such as leather gear, handcuffs, and steering wheels.

Product Specifications

Brand	SW Sales
Manufacturer	Fox Labs
Model Number (ASIN)	B07WFX2KX5
GTIN (UPC)	857941008875
Package Dimensions	7.17 x 4.76 x 1.14 inches
Item Weight	3.84 ounces
Unit Count	6.0 Count
Material Feature	Natural
Skin Type	All

Maintenance and Storage

To ensure the longevity and effectiveness of your Sudecon Decontaminant Towelettes, follow these guidelines:

- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Packaging Integrity:** Keep towelettes in their original sealed pouches until ready for use to prevent drying out.
- **Shelf Life:** Refer to the expiration date printed on the packaging for optimal effectiveness.
- **Disposal:** Dispose of used towelettes and packaging responsibly according to local waste disposal regulations.

Troubleshooting

While Sudecon Decontaminant Towelettes are designed for high effectiveness, here are some common considerations:

- **Insufficient Relief:** If the burning sensation or irritation persists beyond the typical 7-15 minutes, ensure all affected areas were thoroughly wiped. Consider using an additional towelette. Seek medical attention if symptoms are severe or do not improve.
- **Skin Irritation:** Although designed to be safe, if skin irritation or an allergic reaction occurs, discontinue use immediately and rinse the area with clean water. Consult a medical professional if irritation persists.
- **Dry Towelette:** If a towelette appears dry upon opening, it may have been compromised. Do not use and dispose of it. Ensure proper storage to maintain product integrity.

Warranty and Support

For any questions regarding the Sudecon Decontaminant Towelettes, or for support, please contact the manufacturer, Fox Labs,

or the brand, SW Sales, through their official channels. Specific warranty information may be available directly from the manufacturer's website or product packaging.
Please retain your purchase receipt for any warranty claims or product inquiries.
