Camaflexi T1404DT

Camaflexi High Bed with Desk Loft (Twin, Grey)

Model: **T1404DT**

Brand: **Camaflexi**

1. PRODUCT OVERVIEW

The Camaflexi High Bed with Desk Loft is designed to optimize space in smaller rooms. This twin-sized loft bed features a raised sleeping area, allowing the space underneath to be utilized for study, play, or storage. An integrated desk is included, offering flexible placement options either directly under the bed or attached to the outer bed frame. Constructed from 100% solid wood with a 14-piece slat foundation, this bed is built for durability and stability. Safety guard rails are included for both the front and rear of the bed, and the ladder can be positioned on either the left or right side during assembly. The bed is finished with a multi-step, easy-to-clean urethane coating and meets all US safety standards, including ASTM compliance.

2. SAFETY INFORMATION

- **Mattress Requirements:** Use only a twin-size mattress. The mattress thickness should not exceed 8 inches to ensure proper guard rail height.
- **Guard Rails:** Front and rear safety guard rails are included and must be properly installed to prevent falls.
- **Weight Capacity:** The maximum recommended weight for the bed is 500 pounds.
- **Assembly:** Ensure all hardware is securely tightened during assembly and periodically check for tightness.
- **Compliance:** This product is certified ASTM Compliant and meets all US Safety Standards.

3. COMPONENTS LIST

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Bed Frame (Headboard, Footboard, Side Rails)
- Ladder
- Desk
- 14-Piece Wood Slat Mattress Foundation
- Hardware (screws, bolts, nuts, washers, Allen wrench)

4. SETUP INSTRUCTIONS

Assembly is required for this product. It is recommended to have two adults for assembly. Follow the detailed instructions provided in the separate assembly manual for step-by-step guidance. Key considerations during setup include:

1. **Frame Assembly:** Begin by assembling the main bed frame components, ensuring all connections are secure.
2. **Ladder Placement:** The ladder can be attached to either the left or right side of the bed frame, depending on your room layout.
3. **Desk Configuration:** The included desk offers two placement options:
 - **Under the Bed:** Position the desk directly beneath the loft bed for a compact study or workspace.
 - **Attached to Outer Frame:** Secure the desk to the outer side of the bed frame, extending the workspace.
4. **Slat Installation:** Install the 14-piece wood slat foundation evenly across the bed frame. This foundation eliminates the need for a box spring or bunkie board.
5. **Final Checks:** After assembly, double-check all bolts and screws to ensure they are tightened.

5. OPERATING INSTRUCTIONS

The Camaflexi High Bed with Desk Loft is designed for straightforward use:

- **Bed Use:** Access the sleeping area using the integrated ladder. Ensure the mattress is properly seated on the slat foundation.
- **Desk Use:** Utilize the desk for studying, working, or other activities. Ensure the desk is stable before placing heavy items on it.
- **Space Utilization:** The area beneath the bed (if the desk is attached externally) can be used for additional storage, seating, or a play area.

6. MAINTENANCE

To ensure the longevity and appearance of your Camaflexi High Bed with Desk Loft, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as they may damage the urethane finish.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain structural integrity and safety.
- **Wood Care:** The bed is made of solid pine wood. Protect it from extreme temperature changes and direct sunlight to prevent warping or fading.

7. TROUBLESHOOTING

If you encounter any issues with your loft bed, consider the following common solutions:

- **Squeaking Noises:** Check all hardware connections. Loose bolts or screws are a common cause of squeaking. Tighten any loose fasteners.
- **Instability/Wobbling:** Ensure the bed is placed on a level surface. Verify that all structural components are correctly assembled and all hardware is fully tightened.
- **Damaged Parts:** If any part is damaged during shipping or assembly, do not attempt to force it. Contact customer support for replacement parts.

8. SPECIFICATIONS

Model Number	T1404DT
Color	Grey
Size	Twin
Frame Material	100% Solid Pine Wood
Finish Type	Urethane Protective Finish
Item Dimensions (L x W x H)	80" x 42.5" x 73.13"
Item Weight	138 Pounds
Maximum Weight Recommendation	500 Pounds
Required Assembly	Yes
Manufacturer	EcoFlex Furniture
UPC	817394022385
