Safety Information

- This product contains small parts and is recommended for individuals aged 14 years and above.
- Keep small parts away from young children to prevent choking hazards.
- Always follow the assembly instructions to ensure the stability and integrity of the model.

What's in the Box

Upon opening your JEKCA Schnauzer Remote Control Rack 01S package, you should find the following components:

- Instruction Manual
- Building Bricks (various shapes and colors)
- Pins (for interlocking bricks)
- Pin Driver (tool for inserting pins)
- Quick Guide

Assembly Instructions

The JEKCA building system utilizes a unique interlocking brick-through system for enhanced stability. Follow these steps carefully for successful assembly.

1. Preparation

1. Unpack all components and verify that all parts listed in the 'What's in the Box' section are present.
2. Sort the building bricks by color and shape to facilitate easier identification during assembly.

2. Understanding the Interlocking System

JEKCA bricks are designed to interlock securely using pins. This method creates a robust structure that is not easily broken apart.

4. Key Assembly Tips

- **Layer by Layer:** Build the model layer by layer, ensuring each brick is firmly connected before proceeding.
- **Pin Placement:** Use the provided pin driver to insert pins into the designated holes. Turn the pins 90 degrees to lock the bricks together.
- **Check Alignment:** Regularly check the alignment of your bricks against the manual's diagrams to prevent errors.
- **Patience is Key:** Building intricate models requires patience. Take your time and enjoy the process.

Care and Maintenance

- To clean the model, gently wipe it with a dry or slightly damp cloth. Avoid using harsh chemicals or abrasive materials.
- Do not expose the model to extreme temperatures or direct sunlight for prolonged periods, as this may cause material degradation or discoloration.
- If any bricks become loose, re-insert the pins firmly using the pin driver.

Troubleshooting

- **Model is unstable:** Ensure all pins are fully inserted and turned 90 degrees to lock the bricks. Double-check the assembly steps against the manual.
- **Missing parts:** If you believe parts are missing, carefully re-check the packaging. If still missing, contact JEKCA customer support.
- **Difficulty connecting bricks:** Ensure you are using the correct bricks for each step. Apply firm, even pressure when connecting. The pin driver should assist in securing the interlocking pins.
