Bonnlo Metal Loft Bed Twin Size

Bonnlo Metal Loft Bed Twin Size Instruction Manual

Model: Metal Loft Bed Twin Size

1. Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Always supervise children when they are using the ladder.
- Do not exceed the maximum weight recommendation of**220 lbs** on the upper bunk.
- Follow the assembly instructions carefully to prevent instability or collapse.
- Be cautious of sharp edges during assembly and use.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten hardware.
- The top bunk guard rails are designed to accommodate a mattress not exceeding**8 inches** in thickness.
- For increased stability, two optional metal brackets are included to affix the bed to a wall. It is recommended to utilize these for enhanced safety.

2. Setup and Assembly

Assembly is required for this product. It is recommended that at least**2 adults** participate in the assembly process for safety and ease.

2.1 Unpacking and Part Identification

- Carefully unpack all components and hardware from the packaging.
- Refer to the included step-by-step instructions and labeled parts to identify each component.
- Ensure all parts are present before beginning assembly. If any parts are missing or damaged, contact customer support immediately.

2.2 Assembly Steps

1. Begin by assembling the main frame components according to the provided diagrams.
2. Attach the support slats to the bed frame. These sturdy metal slats are designed to accommodate any type of mattress (foam or spring) without the need for a box spring.
3. Install the reinforced guardrails around the top bunk. Ensure they are securely fastened.
4. Attach the ladder. The ladder features wide, flat rungs with rubber covering for comfortable and safe climbing. It can be attached to either side of the bed to fit your room layout.
5. If desired, use the two optional metal brackets to affix the bed to a wall for enhanced stability.
6. Place the protective pads on the bottom of the legs to prevent scratching your floor.

3. Operating Instructions

The Bonnlo Metal Loft Bed is designed for efficient space utilization and comfortable sleeping.

3.1 Using the Loft Bed

- Access the upper bunk using the built-in ladder. Always climb facing the ladder and use both hands for support.
- The area underneath the loft bed provides significant space for customization. This can be used for a desk, chair, storage, or a play area.
- Ensure the mattress on the upper bunk does not exceed 8 inches in thickness to maintain the effectiveness of the safety guardrails.

Image: The generous underbed space, measuring 56.69 inches in height, allows for various configurations such as a study area.

4. Maintenance

Proper maintenance ensures the longevity and safety of your Bonnlo Metal Loft Bed.

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners that could damage the powder-coated finish.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten any loose hardware to maintain structural integrity.
- **Ladder Rungs:** Check the rubber covering on the ladder rungs for wear and tear. Replace if necessary to ensure safe climbing.

5. Troubleshooting

If you encounter any issues with your loft bed, refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose hardware. Re-tighten all bolts and screws on the frame and slats. Ensure the bed is level on the floor.
- **Instability/Wobbling:** Check that all connections are secure. If the bed feels unstable, ensure it is placed on a flat, even surface. Consider using the included wall-mounting brackets for added stability.
- **Difficulty Assembling:** Review the step-by-step instructions carefully. Ensure all parts are correctly oriented. If a part seems difficult to fit, double-check the diagram. Do not force components together.
- **Damaged or Missing Parts:** Do not attempt to use the bed with damaged or missing parts. Contact Bonnlo customer support for replacements.

6. Specifications

Feature	Detail
Size	Twin
Material	Alloy Steel
Product Dimensions (L x W x H)	77.95" x 41.54" x 71.46"
Item Weight	63.5 Pounds
Maximum Weight Recommendation (Upper Bunk)	220 Pounds
