## 5. MAINTENANCE

To ensure the longevity and optimal performance of your Macally SLIMKEYCSG keyboard, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to wipe the surface of the keyboard. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- **Dust Removal:** Use compressed air to remove dust and debris from between the keys. Hold the can upright and spray in short bursts.
- **Avoid Liquids:** Do not spill liquids directly onto the keyboard. In case of a spill, immediately disconnect the keyboard from your computer and allow it to dry completely before reconnecting.
- **Storage:** Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

## 6. TROUBLESHOOTING

If you encounter issues with your Macally SLIMKEYCSG keyboard, please refer to the following common solutions:

- **Keyboard Not Responding:**
  - Ensure the USB cable is securely connected to both the keyboard and your computer.
  - Try connecting the keyboard to a different USB port on your computer.
  - Test the keyboard on another computer to determine if the issue is with the keyboard or the computer.
  - Restart your computer.
- **Keys Not Functioning Correctly:**
  - Check for any debris or obstructions under the affected keys. Use compressed air to clear.
  - Ensure no software conflicts are present by testing in a different application or after a system restart.
- **Incorrect Layout or Special Characters:**
  - Verify your operating system's keyboard language and layout settings are configured correctly for your region.

If these steps do not resolve the issue, please contact Macally customer support for further assistance.
