

vivo T2x 5G

vivo T2x 5G Smartphone User Manual

Model: T2x 5G

INTRODUCTION

This manual provides essential information for setting up, operating, maintaining, and troubleshooting your vivo T2x 5G smartphone. The vivo T2x 5G features a 7nm Dimensity 6020 5G processor, a 50 MP main camera, and a 5000 mAh battery, designed for efficient performance and extended usage.

WHAT'S IN THE BOX

Verify that all items are present in the product packaging:

- vivo T2x 5G Handset
- Power Adapter
- SIM Tray Ejector
- Phone Case
- USB Cable

SETUP

1. Inserting SIM Card(s) and SD Card

Locate the SIM tray on the side of your device. Use the provided SIM tray ejector tool to open the tray. Insert your Nano-SIM card(s) and/or microSD card into the designated slots. Ensure the cards are correctly oriented as indicated on the tray. Close the tray securely.

2. Initial Power On and Setup

Press and hold the Power button until the vivo logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, Google account login, and security settings.

3. Charging the Device

Connect the USB cable to the phone's USB Type-C port and the power adapter. Plug the power adapter into a wall outlet. The device supports fast charging. It is recommended to fully charge the device before first use.

OPERATING THE DEVICE

Basic Navigation

The vivo T2x 5G features a Full HD+ LCD touchscreen display. Navigate by tapping, swiping, and pinching. Use the volume buttons on the side to adjust audio levels and the power button to lock/unlock the screen or power the device on/off.

Camera Functions

The device is equipped with a 50MP main rear camera and an 8MP front camera. Open the Camera application to access various modes, including Photo, Video, Portrait, and Night Mode. The Super Night Selfie feature utilizes noise cancellation and an Aura Screen Light for improved low-light photography.

Long Lasting Battery

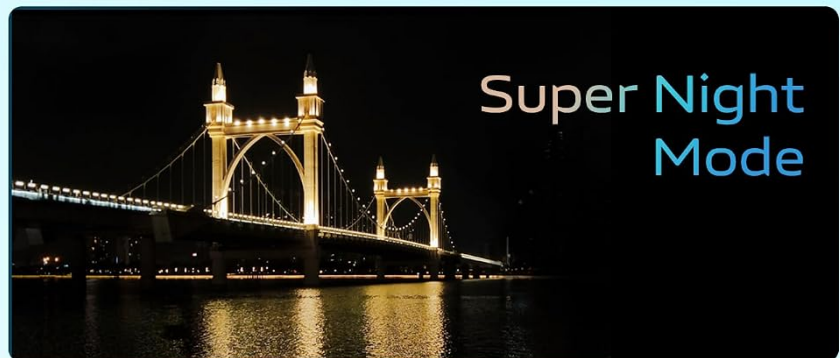

Monster 5G Effect

Ultra Slim Body

Super Night Mode

*Different apps take up varying amounts of memory space so the actual number of apps may vary. As tested in vivo laboratory, for the 8 GB + 128 GB edition, the maximum number of active apps is 27
*T2x 5G is equipped with a vivo standard charger (power adapter 9V/2A), and supports up to 18W Fast Charge. The actual charging power is dynamically adjusted as the scene changes, and subject to actual use

Battery Management

The 5000 mAh Lithium-Ion battery provides extended usage. To optimize battery life, manage background app usage, reduce screen brightness, and enable power-saving modes when needed.

MAINTENANCE

Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials. The device has a water-resistant level, but it is not waterproof; avoid submerging it in liquids.

Software Updates

Regularly check for and install software updates to ensure optimal performance, security, and access to new features. Go to **Settings > System > System update** to check for available updates.

Storage Management

To maintain device performance, regularly clear unnecessary files, uninstall unused applications, and transfer large media files to external storage or cloud services. The device supports up to 128 GB of flash memory.

TROUBLESHOOTING

Issue	Possible Solution
Device not turning on	Ensure the battery is charged. Press and hold the Power button for at least 10 seconds.
Apps crashing or freezing	Clear app cache (Settings > Apps > [App Name] > Storage > Clear cache). Restart the device. Update the app.
Poor network connectivity	Check SIM card insertion. Toggle Airplane Mode on/off. Restart the device. Contact your network provider.
Battery drains quickly	Reduce screen brightness. Close background apps. Disable unnecessary features like GPS or Bluetooth when not in use.
Fingerprint scanner not working	Ensure your finger is clean and dry. Re-register your fingerprints in Settings > Security > Fingerprint.

If issues persist, consider performing a factory reset (**Settings > System > Reset options > Erase all data (factory reset)**). *Note: A factory reset will erase all data on your device. Back up important data before proceeding.*

SPECIFICATIONS

Brand	vivo
