The EWA A115 boasts a clever and attractive design, making it a versatile audio accessory that fits seamlessly into any setting.

3. SETUP

3.1 Charging the Speaker

1. Connect the provided USB charging cable to the charging port on the speaker.
2. Connect the other end of the USB cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will illuminate. It will turn off or change color once charging is complete (approximately 4 hours).

3.2 Power On/Off

- **To Power On:** Press and hold the power button for 2-3 seconds. You will hear an audible prompt, and the indicator light will flash.
- **To Power Off:** Press and hold the power button for 2-3 seconds. You will hear an audible prompt, and the indicator light will turn off.

3.3 Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (the indicator light will be flashing rapidly).
 2. On your mobile device (smartphone, tablet, computer), enable Bluetooth.
 3. Search for available Bluetooth devices. Select "EWA A115" from the list.
 4. Once paired, you will hear a confirmation sound, and the indicator light will remain solid blue.
 5. The speaker will automatically reconnect to the last paired device when powered on, if the device is within range and Bluetooth is enabled.
-

4. OPERATING INSTRUCTIONS

4.1 Basic Controls

- **Play/Pause:** Short press the power button.
- **Volume Up:** Short press the '+' button.
- **Volume Down:** Short press the '-' button.
- **Next Track:** Long press the '+' button.
- **Previous Track:** Long press the '-' button.
- **Answer/End Call:** Short press the power button during an incoming call.
- **Reject Call:** Long press the power button during an incoming call.

4.2 Audio Playback

After successful Bluetooth pairing, open your preferred music application on your device and begin playback. Audio will be streamed wirelessly to the EWA A115 speaker.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. Do not use abrasive cleaners, alcohol, or solvents.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, charge the battery periodically to maintain its health.
- **Water Resistance:** This speaker is not waterproof. Avoid exposure to water or excessive moisture.
- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Charge it when the low battery indicator appears.

6. TROUBLESHOOTING

Problem	Possible Solution
Speaker does not power on.	Ensure the battery is charged. Connect the speaker to a power source using the USB cable.
Cannot pair with Bluetooth device.	Ensure the speaker is in pairing mode (flashing indicator light). Turn off and on Bluetooth on your device. Move the speaker closer to your device. Forget "EWA A115" from your device's Bluetooth list and try pairing again.
No sound or low volume.	Increase the volume on both the speaker and your connected device. Ensure the speaker is properly paired. Check if the audio source is playing.
Sound distortion.	Reduce the volume on both the speaker and your connected device. Ensure there are no obstructions between the speaker and your device.
Speaker disconnects frequently.	Ensure the speaker and your device are within the effective Bluetooth range (typically 10 meters/33 feet). Avoid physical obstructions or strong electromagnetic interference.
