<b>Introduction</b>	<b>Safety Information</b>	<b>Package Contents</b>	<b>Device Overview</b>	<b>Setup</b>	<b>Operation</b>
	<b>Maintenance</b>	<b>Troubleshooting</b>	<b>Specifications</b>	<b>Warranty &amp; Support</b>	

## 1. INTRODUCTION

---

The Enence Instant Two-Way Translator is a portable device designed to facilitate real-time communication across different languages. It supports translation in 36 languages, making it a useful tool for travel, business, and language learning. This manual provides comprehensive instructions for the proper setup, operation, and maintenance of your device.

## 2. SAFETY INFORMATION

---

Please read all safety instructions before using the device to ensure safe and optimal performance. Keep this manual for future reference.

- Do not expose the device to extreme temperatures, direct sunlight, or high humidity.
- Avoid dropping or subjecting the device to strong impacts.
- Do not attempt to disassemble, repair, or modify the device yourself. Contact qualified service personnel for assistance.
- Keep the device away from water and other liquids.
- Use only the provided charging cable and adapter to prevent damage.
- Dispose of the device and its battery according to local regulations.

## 3. PACKAGE CONTENTS

---

Verify that all items are present in your package:

- Enence Instant Two-Way Translator Device
- USB Charging Cable
- User Manual

**ENENCE**  
**INSTANT  
TRANSLATOR**

**PERFECT  
GIFT**

Image: Various views of the Enence Instant Translator, including top, front, side, and back, with dimensions indicated.

- **Microphone:** Captures your speech for translation.
- **Speaker:** Outputs translated audio.
- **Control Button:** Used to initiate translation.
- **Charging Port:** Micro USB port for charging the device.
- **Indicator Light:** Shows device status (e.g., charging, connected).

## 5. SETUP

### 5.1 Charging the Device

Before first use, fully charge your Enence Translator. Connect the provided USB cable to the device's charging port and a power source. The indicator light will show charging status.

### 5.2 Installing the Enence App

The Enence Translator requires a smartphone application for full functionality. Download the "Enence" app from your smartphone's app store (iOS or Android).

### 5.3 Pairing with Your Smartphone

1. Ensure your Enence Translator is charged and powered on.
2. Enable Bluetooth on your smartphone.
3. Open the Enence app. The app will guide you through the pairing process.
4. Connect your smartphone to a stable Wi-Fi network or mobile data. The translator relies on an internet connection via your phone for real-time translation.

Image: A visual guide demonstrating the three steps of using the Enence translator: connect to phone, speak into device, and hear translation.

## 6. OPERATING INSTRUCTIONS

### 6.1 Two-Way Translation

The Enence Translator facilitates two-way communication. The device has two main buttons for speaking, typically labeled "Me" and "Other Person" or similar, or indicated by different colors in the app interface.

1. **To speak your language:** Press and hold the "Me" button on the device. Speak clearly into the microphone. Release the button once you have finished speaking. The translated audio will play from the device's speaker.
2. **To translate another person's language:** Ask the other person to speak into the device while you press and hold the "Other Person" button (or the corresponding button for the other language). Release the button after they finish speaking. The translated audio will play in your selected language.

# HOW TO USE ENENCE INSTANT TRANSLATOR

Image: A step-by-step visual guide on using the Enence translator, showing how to press and hold buttons for speaking and receiving translations.

## 6.2 Supported Languages

The Enence Translator supports 36 different languages. The specific dialects available for each language can be selected within the Enence app.

Image: A comprehensive list displaying the 36 languages and their respective dialects supported by the Enence translator.

## 6.3 Key Features

- **High Accuracy:** Utilizes advanced speech recognition technology for precise translations.
- **Fast Reaction Time:** Provides translations in approximately 1.5 seconds.
- **High Quality Audio:** Ensures clear and understandable spoken translations.
- **Portable Design:** Lightweight and compact for easy carrying.

**LONG-LASTING**  
Up to 4 days of battery life

**SMART**  
Saves time & money

**HIGH ACCURACY**  
Revolutionary speech recognition technology

**HIGH QUALITY AUDIO**  
Ear pleasing sound of smooth conversations

**SPEED**

## 7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or aerosols.
- **Storage:** Store the device in a cool, dry place when not in use.
- **Software Updates:** Regularly check the Enence app for software updates to ensure optimal performance and access to new features.

## 8. TROUBLESHOOTING

If you encounter issues with your Enence Translator, refer to the following common solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Low battery.	Charge the device fully using the provided cable.
Cannot pair with smartphone.	Bluetooth is off; device is out of range; app not open.	Ensure Bluetooth is enabled, device is close to phone, and the Enence app is open. Restart both devices if necessary.
No translation or incorrect translation.	No internet connection; speaking too fast/unclearly; incorrect language selected in app.	Verify stable Wi-Fi/mobile data connection. Speak clearly and at a moderate pace. Confirm correct languages are selected in the app. Ensure the button is held down for the entire duration of speech.
Low audio volume.	Device volume too low; phone volume too low.	Adjust volume on the device and your smartphone.

## 9. SPECIFICATIONS

---

- **Brand:** Enence
- **Model:** Enence
- **Item Weight:** 4 ounces
- **Product Dimensions:** 4.92 x 2.56 x 1.38 inches
- **Batteries:** 1 Lithium Ion battery required
- **Battery Capacity:** 750 mAh (from image)
- **Charging Time:** 1-2 hours (from image)
- **Standby Time:** Up to 96 hours (from image)
- **Working Time:** 8-10 hours (from image)
- **Connectivity:** Bluetooth (requires smartphone app and internet connection)
- **Supported Languages:** 36 (via app)

## ▶ ULTRA-LONG BATTERY LIFE

750 mAh
