Mifo O5PLUS

Mifo O5 Plus Gen 2 True Wireless Earbuds Instruction Manual

MODEL: O5PLUS | BRAND: MIFO

Introduction

The Mifo O5 Plus Gen 2 True Wireless Earbuds are designed for an immersive audio experience with robust features for active lifestyles. These earbuds offer comfortable wear, high-fidelity stereo sound, and extended battery life, making them suitable for various activities from sports to daily commutes. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your earbuds.

Image: The Mifo O5 Plus Gen 2 earbuds, one with a blue accent and one with a red accent, are shown alongside their metallic gray charging case, highlighting the sleek design and compact form factor.

What's in the Box

- Mifo O5 Plus Gen 2 True Wireless Earbuds
- 2600mAh Wireless Charging Case
- USB-C Charging Cable
- 5 Pairs of Silicone Ear Tips (various sizes)
- USB-A to USB-C Adapter
- User Manual

Setup

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the charging case to a power source using the provided USB-C cable. The LED indicator on the case will show charging status.

Image: The metallic gray charging case is shown connected to a smartphone via a USB-C cable, indicating its ability to charge other devices. The earbuds are visible next to the case.

2. Pairing with a Bluetooth Device

1. Ensure Bluetooth is active on your device (e.g., smartphone, tablet).
2. Remove both earbuds from the charging case. They will automatically enter pairing mode.
3. On your device, search for new Bluetooth devices and select "mifo O5 PLUS" to connect.
4. Once connected, you will hear an audio prompt indicating successful pairing.

For optimal connection, keep the earbuds in close proximity to your device during the initial pairing process.

IP67 Waterproof

Best for strenuous workout

Operating Instructions

Button Functions

Each earbud features two buttons for comprehensive control. The functions include:

- **Power On:** Long press button for 1 second.
- **Power Off:** Long press button for 5 seconds.
- **Play/Pause Music:** Press button once.
- **Answer/Hang Up Call:** Press button once.
- **Reject Call/Voice Assistant:** Press button twice.
- **Next Song:** Long press right earbud button for 2 seconds.
- **Previous Song:** Long press left earbud button for 2 seconds.
- **Volume Up:** Press right earbud button.
- **Volume Down:** Press left earbud button.
- **Transparent Hearing Mode:** Long press button for 2 seconds.
- **Paired Clearing:** Long press button for 10 seconds.

Mono/Dual Mode

The O5 Plus earbuds offer flexible usage modes:

- **Use two earbuds together:** Both earbuds provide stereo sound.
- **Use two earbuds separately:** Each earbud can be paired to a different device.
- **Only use single earbud:** Either the left or right earbud can be used independently.

SINGLE EARBUD MODE

Take either earbud from the case to use

Maintenance

To ensure the longevity and optimal performance of your Mifo O5 Plus Gen 2 earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds and charging case. Use a soft, dry cloth. For stubborn dirt or stained contacts, lightly dampen a cotton swab with alcohol and gently wipe the charging contacts on both the earbuds and inside the case.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged. Avoid extreme temperatures (below -15°C or above 55°C).
- **Water Exposure:** While IPX7 water-resistant, ensure earbuds are dry before placing them back in the charging case to prevent damage to charging contacts.

Troubleshooting

Here are solutions to common issues you might encounter:

- **Earbuds cannot be charged normally?** After prolonged use, contacts may become stained. Clean the charging contacts of both the earbuds and the case with alcohol and cotton. If the earbuds flash red when placed in the case, charging is normal.
- **Intermittent signal?** Wireless earbud signals can be affected by weather, network stability, mobile phone model, and distance. To resolve, clear the Bluetooth pairing name of the device and reset the earbuds.
- **Pairing fails?** In the rare event that pairing fails, attempt to initiate a reset. Press and hold the power button on either earbud for 8 seconds until the indicator flashes pink and purple.
