

Foppapedretti Hippo3

Foppapedretti Hippo3 Wall-Mounted Coat Rack with Shelf

Instruction Manual

1. INTRODUCTION

Thank you for choosing the Foppapedretti Hippo3 Wall-Mounted Coat Rack with Shelf. This manual provides essential information for the safe assembly, proper use, and maintenance of your new product. Please read these instructions carefully before installation and retain them for future reference.

2. PRODUCT OVERVIEW

The Foppapedretti Hippo3 is a stylish and functional wall-mounted coat rack designed to organize your entryway or living space. It features three sturdy hooks for hanging garments and a convenient top shelf for accessories or decorative items.

Image 1: The Foppapedretti Hippo3 Wall-Mounted Coat Rack with Shelf. This image displays the product's design, featuring three metal hooks and a wooden shelf, all in a walnut finish, ready for wall mounting.

- **Design:** Wall-mounted unit with a modern aesthetic.
- **Hooks:** Three steel hooks for coats, jackets, or bags.
- **Shelf:** One particle board shelf with a full edge, suitable for small items.
- **Frame:** Aluminum profile with a wooden frame.
- **Finish:** Walnut (Noce).

3. SAFETY INFORMATION

- Always ensure the product is securely mounted to a solid wall structure (e.g., wood studs, concrete, brick). Do not mount on drywall alone without appropriate anchors.
- Use appropriate tools and hardware for installation. If unsure, consult a qualified professional.
- Do not exceed the maximum recommended weight capacity of 20 kg (44 lbs). Overloading can cause the unit to detach from the wall, leading to injury or damage.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Regularly check all screws and fasteners to ensure they remain tight.

4. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, contact Foppapedretti customer support.

- Main Coat Rack Unit (with integrated hooks and shelf)
- Mounting Hardware (screws, wall anchors)
- Instruction Manual (this document)

5. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these steps carefully.

Tools Required (Not Included):

- Pencil
- Measuring Tape
- Spirit Level
- Electric Drill
- Drill Bit (appropriate size for wall anchors)
- Screwdriver (Phillips head recommended)

Assembly Steps:

1. **Choose Location:** Select a suitable wall location, ensuring it is free from electrical wires or plumbing. Consider the desired height for hanging items and accessing the shelf.
2. **Mark Mounting Points:** Hold the coat rack against the wall at the desired height. Use a spirit level to ensure it is perfectly horizontal. Mark the positions of the mounting holes on the wall with a pencil.
3. **Drill Holes:** Using an electric drill and the appropriate drill bit, carefully drill holes at the marked positions. The depth and diameter of the holes should match the provided wall anchors.
4. **Insert Wall Anchors:** Insert the wall anchors into the drilled holes. Tap them gently with a hammer until they are flush with the wall surface.
5. **Mount the Unit:** Align the mounting holes on the coat rack with the installed wall anchors. Insert the screws through the coat rack's mounting points and into the wall anchors.
6. **Secure the Unit:** Tighten the screws firmly with a screwdriver until the coat rack is securely fastened to the wall. Do not overtighten.
7. **Final Check:** Gently pull on the installed coat rack to ensure it is stable and securely mounted before hanging any items.

6. OPERATING INSTRUCTIONS

The Foppapedretti Hippo3 coat rack is designed for convenient storage of clothing and accessories.

- **Hanging Items:** Use the three steel hooks to hang coats, jackets, scarves, hats, or bags. Distribute weight evenly across the hooks.
- **Shelf Usage:** The top shelf is ideal for smaller items such as keys, wallets, decorative objects, or folded accessories.
- **Weight Limit:** Do not exceed the maximum weight capacity of 20 kg (44 lbs) for the entire unit (hooks and shelf combined).

7. MAINTENANCE AND CARE

To ensure the longevity and appearance of your Foppapedretti Hippo3 coat rack, follow these simple care guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish.
- **Dusting:** Regularly dust the unit with a dry, soft cloth.
- **Inspection:** Periodically check all mounting screws and fasteners to ensure they are tight. Retighten if necessary.

- **Environment:** Avoid exposing the product to extreme temperatures, direct sunlight for prolonged periods, or high humidity, which can affect the wood and finish.

8. TROUBLESHOOTING

- **Unit feels loose after installation:**

Ensure all mounting screws are fully tightened. Verify that the wall anchors are properly seated and suitable for your wall type. If the wall material is weak, consider using stronger anchors or mounting to a stud.

- **Hooks or shelf appear unstable:**

Check for any loose connections within the unit itself. Ensure no single hook or section of the shelf is being overloaded beyond the recommended capacity.

- **Damage to finish:**

Minor scratches can sometimes be touched up with a wood repair marker matching the walnut finish. For significant damage, contact customer support.
