mDesign Fabric Drawer Organizer Bins Instruction Manual

Model: 08983MDB | Brand: mDesign

INTRODUCTION

Thank you for choosing the mDesign Fabric Drawer Organizer Bins. This set of 8 versatile storage bins is designed to help you organize various items in your nursery, dresser, closet, or playroom. Made from durable non-woven synthetic fabric with a gray and white polka dot pattern, these bins are ideal for storing baby clothes, toys, diapers, bibs, blankets, and more. Please read this manual carefully to ensure proper setup and care of your new organizers.

SETUP INSTRUCTIONS

Your mDesign Fabric Drawer Organizer Bins are designed for easy assembly. They arrive folded flat for convenient shipping and storage.

1. **Unfold Each Bin:** Carefully unfold each fabric bin from its collapsed state.
2. **Insert Base Panel:** Locate the rigid base panel for each bin. Insert the base panel into the bottom of the bin, pushing it down firmly to create a stable structure. This will give the bin its shape and support.
3. **Position Dividers (if applicable):** Some bins may include internal dividers. Ensure these are properly positioned to create separate compartments as desired.
4. **Place in Desired Location:** Once assembled, place the bins into your drawers, on shelves, or in closets.

OPERATING AND USAGE

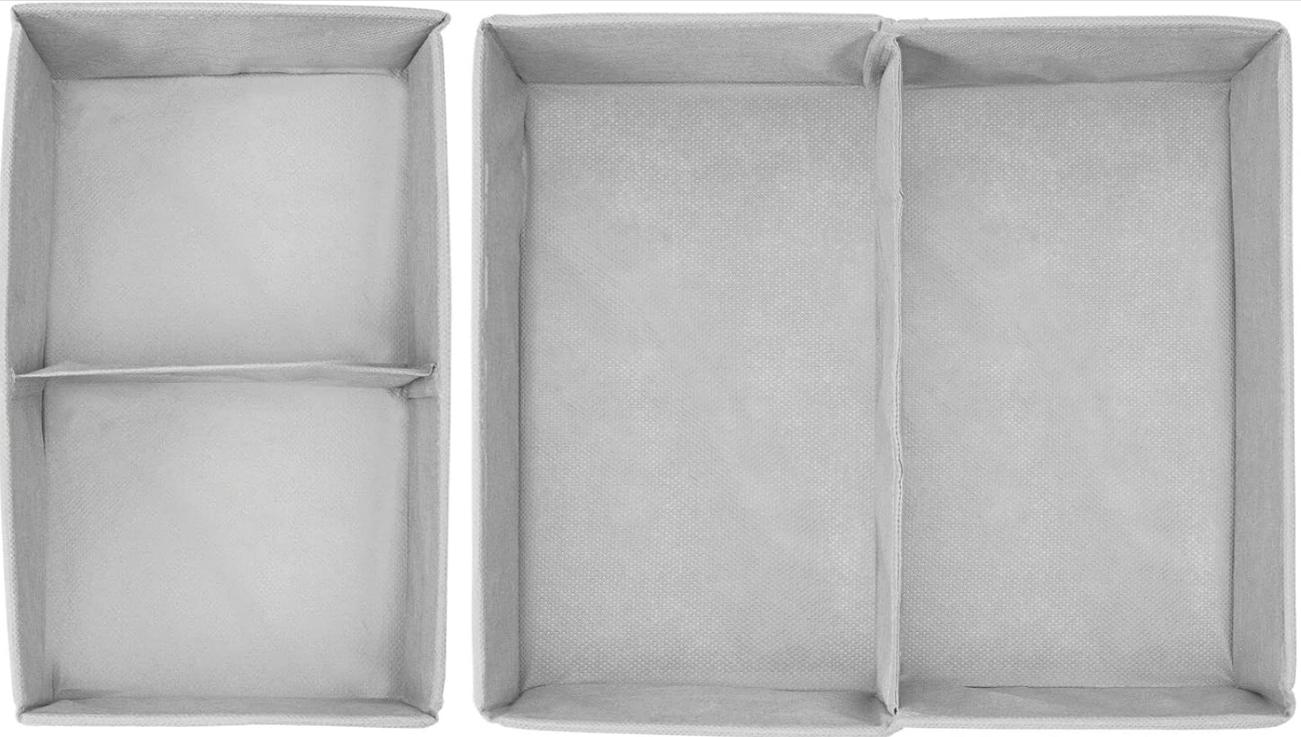

These fabric organizer bins are designed for versatile storage in various settings. Here are some common uses:

- **Nursery:** Organize baby clothes (onesies, socks, hats), diapers, wipes, bibs, burp cloths, and small blankets.
- **Dresser Drawers:** Keep clothing items neatly separated and easily accessible.
- **Closets:** Store accessories, scarves, belts, or small folded garments on shelves.
- **Playroom:** Contain small toys, craft supplies, or books.

The different sizes and compartments allow for flexible organization to suit your specific needs.

MAINTENANCE AND CARE

To maintain the quality and appearance of your mDesign Fabric Drawer Organizer Bins, please follow these care instructions:

- **Cleaning:** Wipe clean with a damp cloth. Do not machine wash, bleach, tumble dry, or iron.
- **Drying:** Allow to air dry completely before storing or reusing.
- **Storage:** When not in use, the bins can be folded flat for compact storage.
- **Avoid Overfilling:** Do not overfill the bins, as this can strain the fabric and compromise their shape.

TROUBLESHOOTING

- **Odor:** If the bins have a slight odor upon opening, this is normal for new fabric products. Air them out in a well-ventilated area for 24-48 hours before use.
- **Loss of Shape:** Ensure the base panel is fully inserted and flat at the bottom of the bin. Overfilling can also cause loss of shape; redistribute contents or use additional bins.
- **Missing Base Panel:** If a base panel is missing, please contact customer support for assistance.
