Germ Guardian FLT4700 True HEPA Air Purifier Replacement Filter Manual

Model: FLT4700

INTRODUCTION

This document provides essential instructions for the proper installation and maintenance of your Germ Guardian FLT4700 True HEPA Air Purifier Replacement Filter. Adhering to these guidelines ensures optimal performance and longevity of your air purification system.

PRODUCT OVERVIEW

The Germ Guardian FLT4700 is a genuine 360-degree True HEPA replacement filter designed to capture allergens and reduce odors. It integrates a True HEPA filter, an activated carbon filter, and a pre-filter screen to improve indoor air quality.

COMPATIBILITY

This replacement filter is specifically designed for use with the following Germ Guardian 360° air purifier models:

- Germ Guardian AC4700
- Germ Guardian AC4711
- Germ Guardian AC4625BDLX
- Germ Guardian AC4625WDLX

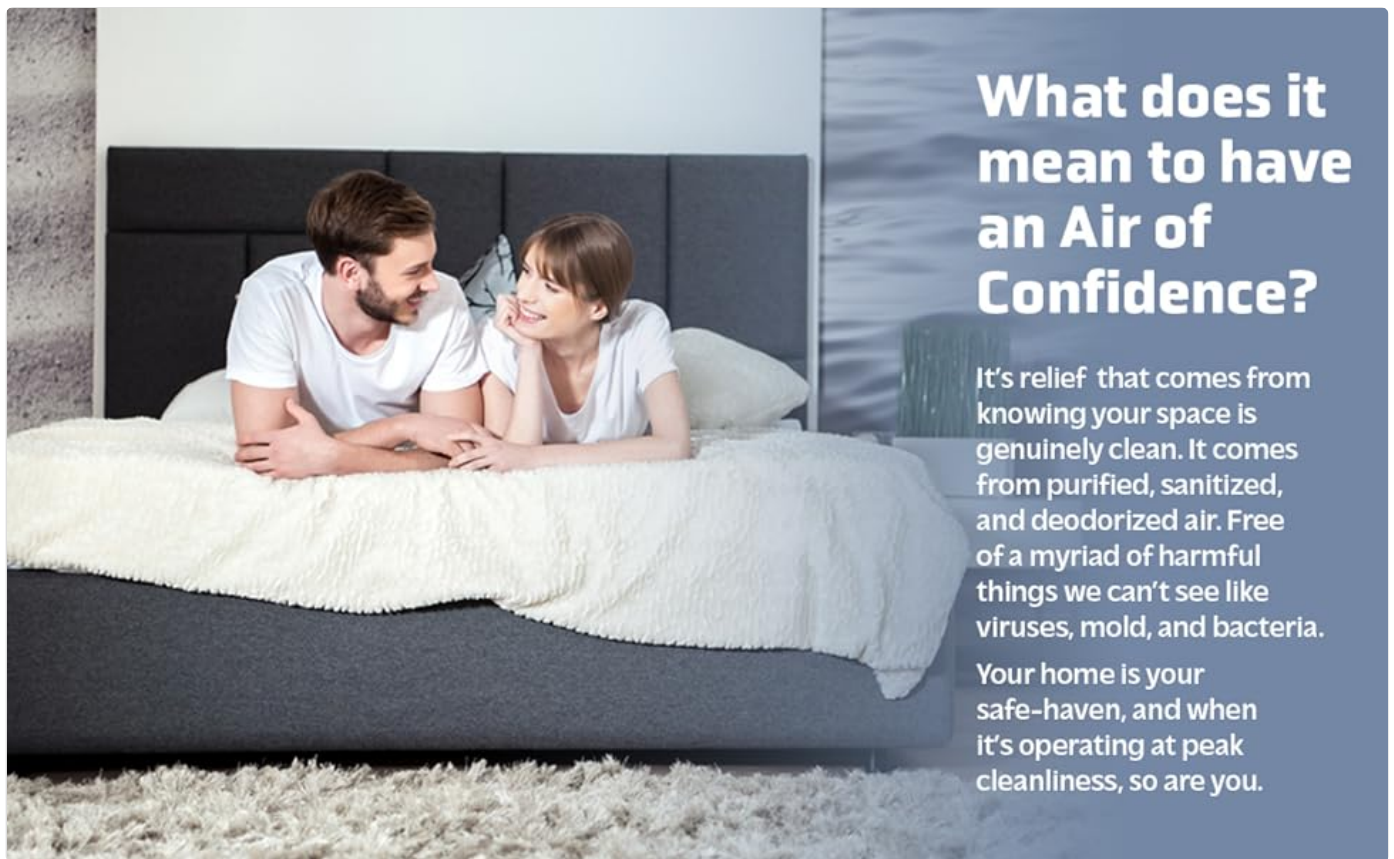

Image: Various Germ Guardian air purifier models (AC4700, AC4711, AC4625BDLX, AC4625WDLX) for which the FLT4700 filter is a compatible replacement.

KEY FEATURES

- **True HEPA Filtration:** Captures up to 99.97% of airborne particles as small as 0.3 microns, including dust, pollen, pet dander, and mold spores.
- **Activated Carbon Filter:** Reduces common household odors from pets, cooking, and smoke, as well as harmful VOCs.
- **Pre-Filter Screen:** Traps larger particles such as pet hair and dust, extending the life of the HEPA filter.

INSTALLATION INSTRUCTIONS

Follow these steps to replace the filter in your Germ Guardian air purifier:

1. **Unpack the New Filter:** Carefully remove the new FLT4700 replacement filter from its packaging. Ensure all protective

wrapping is removed before installation.

2. **Power Off and Unplug:** Before attempting any maintenance, turn off your air purifier and unplug it from the electrical outlet to prevent electric shock.
3. **Access the Filter Compartment:** Depending on your specific Germ Guardian model, open the filter cover or housing. Refer to your air purifier's user manual for exact instructions on accessing the filter compartment.
4. **Remove the Old Filter:** Carefully remove the used filter. It may be dusty or dirty. Dispose of the old filter responsibly.
5. **Install the New Filter:** Insert the new FLT4700 filter into the compartment. Ensure it is seated correctly and securely. The filter is designed for a specific fit.

6. **Close the Compartment:** Securely close the filter cover or housing.
7. **Plug In and Reset:** Plug the air purifier back into the electrical outlet. If your model has a filter reset indicator, follow the instructions in your air purifier's manual to reset it. This typically involves pressing and holding a button for a few seconds.

MAINTENANCE

- **Filter Replacement Schedule:** For optimal performance, replace the FLT4700 filter approximately every 6-8 months, or more frequently depending on usage and air quality conditions.
- **Pre-Filter Cleaning:** The outer pre-filter screen can be gently vacuumed monthly to remove larger dust and pet hair particles. This helps extend the life of the main HEPA filter.

Image: A pack of Germ Guardian carbon pre-filters, which are part of the FLT4700 filter assembly and can be cleaned.

TROUBLESHOOTING

- **Air Purifier Not Turning On:** Ensure the filter is correctly installed and the filter compartment cover is securely closed. The unit may have a safety switch that prevents operation if the cover is open or the filter is improperly seated.
- **Reduced Airflow or Odor:** If airflow seems reduced or odors persist after filter replacement, verify that all packaging materials have been removed from the new filter. If the issue continues, the filter may need to be replaced sooner than the recommended interval due to heavy usage or poor air quality.
- **Filter Indicator Light Remains On:** After replacing the filter, ensure you have reset the filter indicator light according to your air purifier's specific instructions.

SPECIFICATIONS

Feature	Detail
Model Number	FLT4700
Dimensions (L x W x H)	17.8 cm x 17.8 cm x 19.1 cm (7.25 x 7.25 x 7.5 inches)
Item Weight	386 g (0.85 lbs)
Filter Type	True HEPA with Activated Carbon and Pre-filter
Material	Activated Carbon-infused Filter Media
UPC	817624012551

WARRANTY AND SUPPORT

For information regarding product warranty or technical support, please refer to the documentation included with your Germ Guardian air purifier or visit the official Germ Guardian website. Using genuine Germ Guardian replacement parts is essential for maintaining product performance and warranty validity.

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
