Brrnoo Volumizing Hair Root Clips - Instruction Manual

Model: Canyitasa2opf9w0h

1. INTRODUCTION

The Brrnoo Volumizing Hair Root Clips are a 25-piece set of non-slip hair curlers and perm rods designed to add volume and create curly or wavy hairstyles. These clips are suitable for various hair types and can be used for both personal and professional salon applications. The design allows for easy application and removal, facilitating even fluid distribution during perming processes without the need for pins.

2. SAFETY INFORMATION

- Ensure hair is detangled before use to prevent snagging.
- Do not overload a single clip with too much hair, as this may hinder proper closure and cause discomfort or damage to hair upon removal.
- These clips are designed for cold perming and do not require heat. Avoid applying external heat sources directly to the clips while in use.
- Keep out of reach of children.

3. PACKAGE CONTENTS

Your Brrnoo Volumizing Hair Root Clip set includes:

- 25 x Brrnoo Volumizing Hair Root Clips

Figure 3.1: The complete set of 25 Brnnoo Volumizing Hair Root Clips.

4. SETUP

Before applying the clips, ensure your hair is clean and damp, or prepared according to your specific styling or perming solution instructions.

1. **Prepare Hair:** Section your hair into manageable strands, depending on the desired volume and curl size.
2. **Open Clip:** Gently open the hair root clip.

5. OPERATING INSTRUCTIONS

Follow these steps to effectively use the Brnnoo Volumizing Hair Root Clips for styling or perming:

1. **Position the Clip:** Insert the comb teeth of the open rod directly into the hair root of a prepared section.
2. **Apply Solution (if perming):** If performing a perm, brush the perming solution onto the hair section, ensuring even distribution. The extra-wide slots on the clip are designed to facilitate this.
3. **Close the Clip:** Gently close the button on the clip to secure the hair. Ensure the hair is not excessively thick in the clip to allow for proper closure.
4. **Repeat:** Continue this process for all desired sections of hair.
5. **Processing Time:** Allow the hair to set or the perm solution to process according to the instructions of your perming product.
6. **Remove Clips:** Once processing is complete, gently open the clips and carefully remove them from your hair.

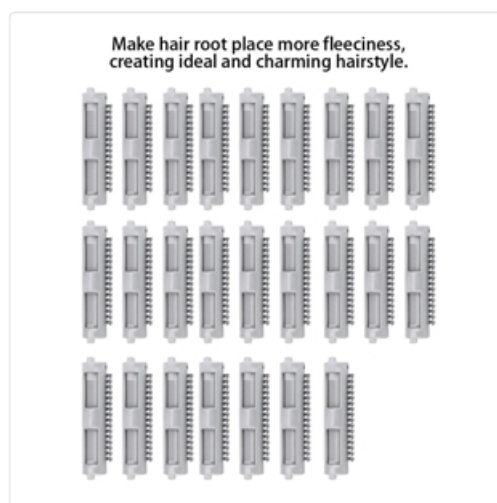

Figure 5.2: Multiple clips ready for use.

6. MAINTENANCE

To ensure the longevity and hygiene of your Brnnoo Volumizing Hair Root Clips:

- **Cleaning:** After each use, especially if used with perming solutions, rinse the clips thoroughly with warm water.
- **Drying:** Allow the clips to air dry completely before storing.
- **Storage:** Store in a clean, dry place away from direct sunlight.

7. TROUBLESHOOTING

Hair gets tangled or stuck in the clip:

This can occur if too much hair is placed in a single clip or if hair is not properly detangled. Gently open the clip and carefully work the hair free. Avoid pulling or forcing the clip, as this may damage your hair or the clip itself. Ensure to use smaller sections of hair for future applications.

Clips do not close properly:

This usually indicates that the section of hair is too thick for the clip. Reduce the amount of hair in the section and try again. The clips are designed to close securely with an appropriate amount of hair.

8. SPECIFICATIONS

Feature	Detail
Brand	Brnnoo
Model Number	Canyitasa2opf9w0h
UPC / GTIN	706092954220, 706092954237
Quantity	25 pieces per set
